PROCLAMATION
GOLD STAR MOTHERS AND FAMILIES DAY

Whereas, Gold Star Mothers and Families Day, observed on the last Sunday in September, is dedicated to honoring the extraordinary sacrifices made by the brave men and women of our armed forces who have given their lives in service to our great nation; and

Whereas, we gather today to recognize the Gold Star Mothers and Families, who have faced the unimaginable pain and unbearable weight of losing a beloved son or daughter, enduring a grief that words can scarcely capture; and

Whereas, each Gold Star Mother carries their own heart-wrenching story of love and loss, demonstrating remarkable strength, and transforming their pain into a powerful legacy of patriotism and honor; and

Whereas, Gold Star Families are beyond courageous and have emerged as leaders within our communities, ensuring that the service members who have fought for our freedom and the freedom of others are never forgotten; and

Whereas, the immeasurable sacrifices of our fallen heroes remind us of the cost of liberty, echoing in our hearts and reminding us of the families who have paid the ultimate price, their grief stands as a solemn tribute to the love they shared with those who served; and

Whereas, Gold Star Mothers and Families are essential in advocating for the needs and well-being of military families, raising awareness of the challenges they face, and ensuring that the sacrifices of their loved ones resonate in our collective memory; and

Whereas, it is our duty as citizens to remember and honor the lives of those who made the ultimate sacrifice, to stand in unwavering solidarity with Gold Star Mothers and Families on not only this day, but every day, offering compassion and recognition they so deeply deserve; and

NOW, THEREFORE, BE IT RESOLVED, that we, Commissioners Court of Tarrant County, do hereby proclaim the last Sunday in September of each year as “Gold Star Mothers and Families Day” in Tarrant County, Texas, and we urge all citizens to join in honoring these remarkable families and their fallen heroes, to reflect on the profound sacrifices made for our freedom, and to offer support to Gold Star families in any way possible.

Assurance · Tax · Advisory

September 5, 2025

Honorable Tim O'Hare, County Judge
Mr. Chandler M. Merritt, County Administrator
Tarrant County, Texas
100 E. Weatherford St.
Fort Worth, Texas 76196

Dear Mr. O'Hare and Mr. Merritt:

Weaver and Tidwell, L.L.P. ("our", "us", and "we") will perform an audit of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Tarrant County, Texas (the County), as of September 30, 2025 and for the year then ended and the related notes to the financial statements, which collectively comprise the County's basic financial statements as listed in the table of contents.

In addition, we will audit the County's compliance over major federal and state award programs for the period ended September 30, 2025.

Accounting principles generally accepted in the United States of America ("U.S. GAAP"), as promulgated by the Governmental Accounting Standards Board ("GASB") require that management's discussion and analysis and budgetary comparison information, among other items, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by GASB, which considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. As part of our engagement, we will apply certain limited procedures to the required supplementary information ("RSI") in accordance with auditing standards generally accepted in the United States of America ("U.S. GAAS"). These limited procedures will consist primarily of inquiries of management regarding their methods of measurement and presentation and comparing the information for consistency with management's responses to our inquiries. We will not express an opinion or provide any form of assurance on the RSI. The following RSI is required by U.S. GAAP. This RSI will be subjected to certain limited procedures but will not be audited:

1. Management's Discussion and Analysis
2. Budgetary Comparison Schedule – General Fund
3. Budgetary Comparison Schedule – Road and Bridge Fund
4. Schedule of County Pension Contributions
5. Schedule of Changes in Net Pension Liability and Related Ratios
6. Schedule of Changes in OPEB Liability and Related Ratios
7. Schedule of Pension Contributions – TCHD
8. Schedule of Changes in Net Pension (Asset) Liability and Related Ratios – TCHD

Supplementary information other than RSI will accompany the County's basic financial statements. We will subject the following supplementary information to the auditing procedures applied in our audit of the basic financial statements and perform certain additional procedures, including comparing and reconciling the supplementary information to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and additional procedures in accordance with U.S. GAAS. We intend to provide an opinion on the following supplementary information in relation to the financial statements as a whole:

1. Schedule of Expenditures of Federal and State Awards
2. Combining Nonmajor Governmental Fund Statements
3. Combining Internal Service Fund Statements
4. Budgetary Compliance Schedules
5. Combining Fiduciary Fund Statements

Also, the document we submit to you will include the following other additional information that will not be subjected to the auditing procedures applied in our audit of the basic financial statements:

1. Introductory Section
2. Statistical Section

We are pleased to confirm our acceptance and our understanding of this engagement by means of this letter.

Applicable Standards and Framework

The auditing standards applicable to this engagement will be U.S. GAAS (generally accepted auditing standards in the United States of America) and, if applicable, the Government Auditing Standards ("GAGAS"), any state or regulatory audit requirements, the Single Audit Act Amendments of 1996, and Title 2 U.S. Code of Federal Regulations (CFR) Part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards ("Uniform Guidance") and the Texas Grant Management Standards (TxGMS).

The financial reporting framework applicable to this engagement is U.S. GAAP (generally accepted accounting principles in the United States of America).

Engagement Objective

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion and to report on the fairness of the supplementary information referred to above when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with applicable auditing standards will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user of the financial statements.

Our Responsibilities

We will conduct our engagement in accordance with the applicable standards described above. As part of an engagement conducted in accordance with the applicable standards, we exercise professional judgment and maintain professional skepticism throughout the engagement.

We also do the following:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of controls.
- Obtain an understanding of the system of internal control in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the system of internal control. However, we will communicate to you in writing concerning any significant

deficiencies or material weaknesses in internal control relevant to the audit that we have identified during the engagement.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability to continue as a going concern for a reasonable period of time.

If appropriate, our procedures will therefore include tests of documentary evidence that support the transactions recorded in the accounts, tests of the physical existence of assets, and direct confirmation of cash, investments, and certain other assets and liabilities by correspondence with creditors and financial institutions. As part of our audit process, we may request written representations from your attorneys, and they may bill you for responding.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance (whether caused by errors, fraudulent financial reporting, misappropriation of assets, or violations of laws or governmental regulations) may exist and not be detected, even though the audit is properly planned and performed in accordance with applicable standards.

In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential.

The accompanying supplementary information referred to above will be presented for purposes of additional analysis and is not a required part of the financial statements. Such information will be subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with applicable standards. Our auditor's report will provide an opinion on the supplementary information in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements.

Our responsibilities for this engagement are limited to the period covered by our engagement and do not extend to any other periods. Our engagement also does not include consultation with you on the adoption of new accounting standards or any future increased duties we may have because of the actions of any regulatory body, implementation of any new auditing standard, or occurrence of an unknown or unplanned significant transaction.

Jackie Gonzalez is the engagement partner or equivalent for the attest services specified in this letter and is responsible for supervising our services performed as part of this engagement and signing or authorizing another qualified firm representative to sign our report.

We expect to begin our procedures in September 2026 and issue our reports over the County's basic financial statements and the County's compliance with major federal and state awards programs no later than in March 2026 and June 2026, respectively. We will issue a written report only upon completion of our engagement. Our report will be addressed to The Honorable County Judge and Commissioners Court of the County.

We cannot provide assurance that an unmodified audit opinion will be expressed. Circumstances may arise in which it may be necessary for us to modify our opinion, add an emphasis-of-matter or other-matter paragraphs, delay the

initiation or completion of our engagement, or withdraw from the engagement. If our opinion on the financial statements is other than unmodified, we will discuss the reasons with you in advance.

If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or withdraw from the engagement.

GAGAS

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will consider the County's internal control over financial reporting and perform tests of the County's compliance with the provisions of applicable laws, regulations, contracts, and grant agreements that could have a direct and material effect on the determination of financial statement amounts.

In accordance with the requirements of GAGAS, we will also issue a written report describing the scope of our testing over internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and grant agreements, including the results of that testing. However, providing an opinion on internal control over financial reporting and compliance will not be an objective of the audit and, therefore, no such opinion will be expressed. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Uniform Guidance and TxGMS

Our audit of the County's major federal and state award program(s) compliance will be conducted in accordance with the requirements of the Single Audit Act, as amended; and the provisions of the Uniform Guidance and TxGMS (including the U.S. Office of Management and Budget *OMB Compliance Supplement* for the types of compliance requirements that could have a direct and material effect on each of the County's major programs).

Our procedures will include tests of accounting records and a determination of major federal and state award programs in accordance with the Uniform Guidance and TxGMS. We will also perform other procedures we consider necessary to enable us to obtain reasonable assurance about whether the County complied with applicable laws, regulations, and provisions of contracts and grant agreements applicable to major federal and state award programs, so that we may express an opinion or disclaimer of opinion on major federal and state award program compliance and render the required reports. We cannot provide assurance that an unmodified opinion on compliance will be expressed. Circumstances may arise in which it is necessary for us to modify our opinion or withdraw from the engagement.

Also, as required by the Uniform Guidance and TxGMS, we will perform tests of controls to evaluate the effectiveness of the design and operation of controls that we consider relevant to preventing or detecting material noncompliance with compliance requirements applicable to each of the County's major federal and state award programs. Our report will include any significant deficiencies and material weaknesses identified. However, our tests will be less in scope than would be necessary to render an opinion on these controls and, accordingly, no opinion will be expressed in our report.

Third-Party Service Providers

Depending on the requirements of this engagement, we may use the services of our affiliate, Weaver and Tidwell India LLP, a limited liability partnership incorporated in India, or one or more other third-party service providers to assist us. Before sharing confidential information with those service providers, we will (i) secure agreements to maintain the confidentiality of such information and ensure the information is only used for the purpose of assisting us with the performance of this engagement and (ii) take commercially reasonable precautions to determine the service providers have appropriate procedures in place to prevent the unauthorized disclosure of the information.

If we use such service providers, we will remain responsible for all work performed and any breach of our confidentiality arrangements by those service providers.

Management's Responsibilities

Our engagement will be conducted on the basis that management and, when appropriate, those charged with governance, acknowledge and understand that they have responsibility for:

a. the preparation and fair presentation of the financial statements in accordance with the applicable financial reporting framework described above;
b. the design, implementation, and maintenance of the system of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error;
c. the design, implementation, and maintenance of programs and controls to prevent and detect fraud;
d. informing us of any known or suspected fraud involving management, employees with significant roles in the system of internal control and others where fraud could have a material effect on the financial statements (including any allegations of fraud or suspected fraud received in communications from employees, former employees, regulators, or others);
e. providing us with:
    i. access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, and relevant to federal and state award programs, such as records, documentation, and other matters;
    ii. additional information that we may request from management for the purpose of the engagement; and
    iii. unrestricted access to persons from whom we determine it necessary to obtain evidence;
f. including our report, and our report on any supplementary information if described above, in any document containing financial statements that indicates that such financial statements have been audited by us;
g. identifying and ensuring compliance with the laws and regulations applicable to activities;
h. adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current period(s) under audit are immaterial, both individually and in the aggregate, to the financial statements as a whole;
i. maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
j. the accuracy and completeness of all information provided;
k. with regard to the supplementary information referred to above: (a) the preparation of the supplementary information in accordance with the applicable criteria; (b) providing us with the appropriate written representations regarding supplementary information; (c) including our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and (d) presenting the supplementary information with the audited financial statements, or if the supplementary information will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon;
l. the design, implementation, and maintenance of the system of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to violations of laws, governmental regulations, grant agreements, or contractual agreements;
m. identifying all federal and state awards expended during the period;
n. providing us with access to all information of which management is aware that is relevant to federal and state award programs;

o. preparing the schedule of expenditures of federal and state awards (including notes and noncash assistance received) in accordance with the Uniform Guidance and TxGMS;
p. the design, implementation, and maintenance of internal control over compliance;
q. identifying and ensuring that County complies with laws, regulations, grants, and contracts applicable to its activities and its federal and state award programs;
r. following up and taking corrective action on reported audit findings from prior periods and preparing a summary schedule of prior audit findings;
s. following up and taking corrective action on current period audit findings and preparing a corrective action plan for such findings;
t. submitting the reporting package and data collection form to the appropriate parties;
u. making us aware of any significant vendor relationships where the vendor is responsible for program compliance;
v. informing us of facts that may affect the financial statements of which you may become aware during the period from the date of our report to the date the financial statements are issued; and
w. confirming your understanding of your responsibilities in this letter to us in your management representation letter.

We understand that your employees will prepare all confirmations we request and will locate any documents or support for any other transactions we request.

If we agree herein or otherwise to perform any non-attest services (such as tax services or any other non-attest services), you agree to assume all management responsibilities for those services; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them. We will perform any such non-attest services in accordance with applicable professional standards.

During the course of our engagement, we will request information and explanations from management regarding operations, internal controls, future plans, specific transactions and accounting systems and procedures. At the conclusion of our engagement, we will also require, as a precondition to the issuance of our report, that management provide certain representations in a written letter concerning representations made to us in connection with our engagement. You agree that as a condition of our engagement, management will, to the best of its knowledge and belief, be truthful, accurate and complete in all representations made to us during the course of the engagement and in the written representation letter. The procedures we perform in our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the written and oral representations that we receive from management. False or misleading representations could cause us to expend unnecessary efforts in the engagement; or, worse, could cause a material error or a fraud to go undetected by our procedures.

The hiring of, or potential employment discussions with, any of our personnel could impair our independence. Accordingly, you agree to inform the engagement partner prior to any such potential employment discussions taking place.

Fees and Invoicing

We estimate the fee for this engagement will be $204,000 and the fee for the single audit report will be $13,500 per major program.

The total fee for our services will be determined by the complexity of the work performed and the tasks required. Individual hourly rates vary according to the degree of responsibility involved and the skills required and are subject to periodic review and change. It is understood that neither our fees nor the payment thereof will be contingent upon the results of this engagement.

Our fee estimate is based on anticipated cooperation from all involved and the assumption that unexpected circumstances will not be encountered during the engagement. If significant additional time is necessary, we will discuss the reasons with you and arrive at a new fee estimate before we incur the additional costs.

In addition to the fee for our services, reasonable and necessary out-of-pocket expenses we incur (such as parking, reproduction and printing, postage and delivery, and out-of-market travel, meals, and accommodations) will be invoiced at cost. At this time, we do not anticipate incurring substantial expenses.

We will also invoice for reasonable and necessary time and out-of-pocket expenses we incur to respond to any request (such as a subpoena, summons, court order, or administrative investigative demand) pertaining to this engagement in a legal matter to which we are not a party. Our time to facilitate the response will be billed at our then-current standard hourly rates, and our expenses (including attorney's fees) will be billed at cost. If we agree to perform additional substantive services related to or arising out of the request, such matters may be the subject of a new engagement letter.

Our invoices for this engagement will be rendered each month as work progresses. Our invoices are payable in accordance with Texas Government Code § 2251.021, if applicable.

Documentation and Deliverable

The documentation we prepare pertaining to and in support of this engagement is our property and constitutes confidential information.

If you intend to make reference to our firm or include a report or portion of a report we issue in a published document or other reproduction that includes a modified version of the report or financial information to which it was attached, you agree to provide us with printers' proofs or masters for our review and approval before reproducing. You also agree to provide us with a copy of the final reproduced material for our written approval before it is distributed. If, in our professional judgment, the circumstances require, we may withhold our approval. This requirement does not pertain to distributing unmodified reports along with the attached financial information or dissemination of your financial information as a standalone document, such as on your website.

Unless we provide you with written consent in advance of such use, reports we issue are not intended to and should not be provided or otherwise made available for use in connection with the sale of debt or other securities. If, in our professional judgment, the circumstances require, we may withhold our consent.

Consistent with professional standards, our firm is subject to peer review and inspection by the PCAOB. Those programs require that our system of quality management and a sample of our work be periodically examined by another independent accounting firm or the PCAOB, respectively. A copy of our latest external peer review report is available at peerreview.aicpa.org. The work we perform for you may be selected for review. If it is, we will provide the reviewers with the required information without notice to you. Professional standards and PCAOB regulations provide the applicable confidentiality requirements.

If we are requested to perform additional services not addressed in this engagement letter, we will communicate our ability to perform the services, the scope of additional services we agree to perform, and the fee arrangements we would use. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting the arrangement for performance of such additional services, those services will continue to be governed by the terms of this engagement letter.

4. **Ethical Conflict Resolution.**

In the unlikely event that circumstances occur which we in our sole discretion believe could create a conflict with either the ethical standards of our firm or the ethical standards of our profession in continuing our engagement, we may suspend our services until a satisfactory resolution can be achieved or we may resign from the engagement. We will provide notice of such conflict as soon as practicable and discuss any possible means of resolving the conflict prior to suspending our services.

5. **Non-Solicitation of Our Staff.**

We value every one of our partners, employees, and contractors and have spent a great deal of time and resources to locate, train, and retain those individuals. Accordingly, during the term of this engagement letter and for two (2) years after the later of the termination of this engagement letter or conclusion of the performance of all of our services performed hereunder, no party, whether voluntarily or involuntarily, directly or indirectly, will solicit to employ or engage, on a partner, employee, contractor, or other basis, any of our partners, employees, or contractors who perform these services, without obtaining the prior written consent of our CEO or COO. This section shall not apply to a solicitation by general advertisement (e.g. website, social media posting, newspaper, etc.) or any employment or engagement resulting therefrom.

6. **Confidentiality.**

A. During the course of this engagement, the parties may disclose to each other, orally, in writing, or otherwise, information that is identified as or which is otherwise categorized by law as proprietary, confidential, or privileged ("Confidential Information"). Confidential Information does not include material which (i) is in the public domain through no fault of the receiving party, (ii) was already known to the receiving party before it was first disclosed to the receiving party by or on behalf of the disclosing party related to this engagement, (iii) is received by the receiving party from third-parties without confidentiality restrictions, unless those third-parties were acting for or on behalf of the disclosing party related to this engagement, or (iv) is developed by the receiving party independently of, and without reference to, any Confidential Information communicated to the receiving party by or on behalf of the disclosing party. We will use the Confidential Information disclosed to us during this engagement solely to perform services for which we have been engaged.

B. We may be requested to make the Confidential Information available to regulators and other government agencies, pursuant to authority given by law or regulation. Responding to many such requests is mandatory. In those

cases, access to such Confidential Information will be provided under our supervision and we may, upon their request, provide the regulator or agency with copies of all or selected portions of the Confidential Information. The requesting party may intend or decide to distribute the copies or information contained therein to others, including other regulators or agencies.

C. Unless otherwise stated herein, prohibited by law or direction of law enforcement, or agreed in writing, the parties will (i) provide prompt notice of any request received to make Confidential Information pertaining to this engagement, including any of our work product, available to outside parties not involved in the performance of these services and (ii) obtain written consent from the affected party before disclosing the Confidential Information in response to the request. If consent is withheld, the parties will cooperate with any lawful efforts taken to minimize the disclosure or protect the Confidential Information.

D. We will invoice for reasonable and necessary time (at our then-current standard hourly rates) and out-of-pocket expenses (including attorney's fees) we incur to respond to any request (such as a subpoena, summons, court order, or administrative investigative demand) pertaining to this engagement in a legal matter to which we are not a party. If we agree to perform additional substantive services related to or arising out of the request, such matters may be the subject of a new engagement letter.

E. The parties agree to maintain Confidential Information using the same standard of care each uses to protect its own information of like importance but in no case less than a reasonable standard of care.

F. All rights to Confidential Information (including patent, trademarks, copyrights, or other intellectual property rights) shall remain vested in the disclosing party, and no rights in the Confidential Information are vested in the receiving party, except the limited right to use the Confidential Information solely to perform its obligations or exercise its rights under this engagement letter.

G. We will return or destroy the Confidential Information upon the disclosing party's request within a reasonable period of time, except that we will maintain any copies of the Confidential Information for the period necessary to comply with any applicable laws or professional standards and our own document retention policy (e.g. we will maintain our workpapers for seven (7) years from the date of any attest report we issue). Following such a period, we may destroy the Confidential Information without notice.

H. We may at times provide (i) documents marked as drafts or (ii) preliminary or ancillary information or advice (not included in a final deliverable). Those documents, information, and/or advice are for review and consideration purposes only and should not be relied upon or distributed, and should be destroyed, unless otherwise required by law. If further analysis, information, or advice is desired, we will be informed in writing. We may assist if the matter is within our expertise. Unless already encompassed by the scope of our engagement letter, if we agree to provide such further assistance, our services will be handled as additional services in the manner described above.

I. We may transmit and store data via email, the cloud, or other electronic and Internet-based mechanisms to facilitate this engagement. Please be aware that those mediums inherently pose a risk of misdirection or interception of Confidential Information. Any request to limit such transmissions or use a different means of transmission or storage must be made in writing and we will not be responsible for any resulting compromise in data security.

J. We do not act as the host or repository of financial or non-financial information or as an information back-up service provider for our clients. It is the responsibility of our clients to maintain a complete set of their own financial and non-financial data and records. If some portion of the data and records is contained only within our files, inform us before the issuance of our deliverable and we will provide a copy.

K. Unless otherwise stated herein or agreed in writing, neither this engagement nor engagement letter is intended for the benefit of any third party. Any party may inform us of any third party who will receive our deliverable. If we are not informed in writing by a party, we are not aware of the identity of such third parties and we do not anticipate their reliance upon our professional services or deliverable unless otherwise agreed in writing.

7. **Limitations on Liability and Indemnifications.**

A. Each party to this engagement letter other than us gives the following releases and indemnifications to us and our affiliates' partners, employees, and contractors, and each of their heirs, executors, personal representatives, successors and assigns ("Our Representatives"). We and Our Representatives are hereby released, indemnified, and held harmless, from and against any liability and costs, including related liabilities, losses, damages, costs, expenses, and attorneys' fees, resulting from or arising out of: (i) knowing misrepresentations or unintentional or unauthorized disclosures to us or Our Representatives by any party (other than us) or the officers, employees, or others acting or purporting to act on their behalf, (ii) disclosure of our work product to anyone not a party this engagement letter who we were not informed of in advance, or (iii) misdirection, interception, or failed delivery of information connected with this engagement during transmission, submission, or storage.

B. Our and Our Representatives' total aggregate liability pertaining to this engagement and engagement letter shall be limited to one (1) times the amount of our fees (excluding any reimbursable expenses) the party bringing the claim paid to us for the services in question. In no event shall we or Our Representatives be liable for indirect, incidental, consequential, special, multiple, exemplary, or punitive losses or damages—even if advised of their possible existence.

C. Satisfaction of a claim or cause of action arising from nonattest services (if any) which are part of this engagement or performed pursuant to this engagement letter shall only be sought from the limited liability partnership, Weaver and Tidwell, L.L.P. In no event will our partners, directors, employees, or agents be individually liable for any liability, damages, expenses, or losses of any nature, caused by or resulting from the engagement, engagement letter, or use of our work product. While we are entering into this engagement letter on our own behalf, this paragraph is also intended for the benefit of Our Representatives.

D. All limitations on liability and indemnifications contained herein shall apply to the fullest extent permissible by applicable laws and professional standards (including, without limitation, any applicable rules and interpretations of the AICPA, PCAOB, and SEC), regardless of the cause of action (whether contract, negligence, or otherwise), except as finally determined to have resulted solely from our fraud, gross negligence, or willful misconduct.

8. **Dispute Resolution Procedure including Jury Waiver.**

A. No claim arising out of or relating to this engagement or engagement letter shall be filed more than two (2) years after the earlier of the termination of this engagement or the date of the delivery of our work product in question, if any. This limitation applies and begins to run even if no damage or loss has been suffered, or the injured or damaged party has not become aware of the existence or possible existence of a dispute.

B. If a dispute arises out of or relates to this engagement or engagement letter, or the breach thereof, and if the dispute cannot be settled through negotiation, the parties agree first to try in good faith to settle the dispute by mediation before resorting to litigation. In such event, the parties will attempt to agree upon a location, mediator, and mediation procedures, but absent such agreement any party may require mediation in Fort Worth, Texas, administered by the AAA under its Commercial Mediation Procedures.

C. This engagement letter and all disputes between the parties shall be governed by, resolved, and construed in accordance with the laws of the State of Texas, without regard to conflict-of-law principles. Any action arising out of or relating to this engagement or engagement letter shall only be brought in, and each party agrees to submit and consent to the exclusive jurisdiction of the federal or state courts in the State of Texas and convenience of those situated in Tarrant County, Texas.

D. [Intentionally Omitted.]

E. Whenever possible, this engagement letter shall be interpreted in such a manner as to be effective and valid under applicable laws, regulations, or published interpretation, but if any term of this engagement letter is declared illegal, unenforceable, or unconscionable, that term shall be severed or modified, and the remaining terms of the engagement letter shall remain in force. The court should in such case modify any term declared to be illegal, unenforceable, or unconscionable in a manner that will retain the intended term as closely as possible.

F. If because of a change in status or due to any other reason, any of the terms of this engagement or any contract we have now or enter into in the future with any of the other parties, would be prohibited by, or would impair our independence when required under laws, regulations or published interpretations by governmental bodies, professional organizations or other regulatory agencies, such provision shall, to that extent, be of no further force and effect and the contract shall consist of the remaining portions.

9. **Miscellaneous.**

A. We have non-CPA owners who may provide services pertaining to this engagement.

B. We do not provide legal advice or services. If necessary, refer to appropriate legal counsel for advice or services of that nature.

C. This engagement letter sets forth all agreed upon terms and conditions of our engagement with respect to the matters covered herein and supersedes any that may have come before. This engagement letter may not be amended or modified except by further writing signed by all the parties. Any provisions of this engagement letter which expressly or by implication are intended to survive its termination or expiration will survive and continue to bind the parties. The use of electronic signatures or multiple counterparts to execute this engagement letter shall have the same force and effect as a manually or physically signed original instrument.

Nothing in this agreement prevents Business Associate from making a disclosure of Protected Health Information, if required by law to make such a disclosure.

8.1 Term. This agreement will begin when signed by both parties, and will terminate when all of the Protected Health Information provided by COUNTY to Business Associate or created or received by Business Associate on behalf of COUNTY is destroyed or returned to COUNTY, or, if it is infeasible to return or destroy Protected Health Information, protections are extended to such Protected Health Information, in accordance with 8.3 below, or at termination of the Business Relationship between COUNTY and Business Associate.

September 5, 2025

Mr. Riley Shaw, Director, Juvenile Services
Board of Tarrant County Juvenile Services Department
2701 Kimbo Rd.
Fort Worth, Texas 76111

Mr. Chandler M. Merritt, County Administrator
Tarrant County, Texas
100 E. Weatherford St.
Fort Worth, Texas 76196

Dear Mr. Shaw and Mr. Merritt,

Weaver and Tidwell, L.L.P. ("our", "us", and "we") will perform an audit of the statement of revenues, expenditures, and changes in fund balance – budget and actual – regulatory basis, (the "aggregate financial statement") of Tarrant County Juvenile Services Department (the "Department") Texas Juvenile Justice Department Grant Funds as of August 31, 2025, and for the year then ended and the related notes to the aggregate financial statement, which collectively comprise the Department's aggregate financial statement as listed in the table of contents.

We are pleased to confirm our acceptance and our understanding of this engagement by means of this letter.

Applicable Standards and Framework

The auditing standards applicable to this engagement will be U.S. GAAS (generally accepted auditing standards in the United States of America) and, if applicable, the Government Auditing Standards ("GAGAS") and/or any state or regulatory audit requirements.

The financial reporting framework applicable to this engagement is U.S. GAAP (generally accepted accounting principles in the United States of America).

Engagement Objective

The objective of our audit is the expression of opinions as to whether your aggregate financial statement is fairly presented, in all material aspects, in conformity with the basis of accounting that demonstrates compliance with The Texas Juvenile Justice Department (TJJD). The objective also includes reporting on internal control related to the aggregate financial statement and compliance with the provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a material effect on the aggregate financial statement in accordance with *Government Auditing Standards* issued by the Comptroller General of the United States of America ("GAGAS").

Our Responsibilities

We will conduct our engagement in accordance with the applicable standards described above. As part of an engagement conducted in accordance with the applicable standards, we exercise professional judgment and maintain professional skepticism throughout the engagement.

We also do the following:

- Identify and assess the risks of material misstatement of the aggregate financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material

misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of controls.

- Obtain an understanding of the system of internal control in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the system of internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit that we have identified during the engagement.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the aggregate financial statements, including the disclosures, and whether the aggregate financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability to continue as a going concern for a reasonable period of time.

If appropriate, our procedures will therefore include tests of documentary evidence that support the transactions recorded in the accounts, tests of the physical existence of assets, and direct confirmation of cash, investments, and certain other assets and liabilities by correspondence with creditors and financial institutions. As part of our audit process, we may request written representations from your attorneys, and they may bill you for responding.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance (whether caused by errors, fraudulent financial reporting, misappropriation of assets, or violations of laws or governmental regulations) may exist and not be detected, even though the audit is properly planned and performed in accordance with applicable standards.

In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the aggregate financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential.

Our responsibilities for this engagement are limited to the period covered by our engagement and do not extend to any other periods. Our engagement also does not include consultation with you on the adoption of new accounting standards or any future increased duties we may have because of the actions of any regulatory body, implementation of any new auditing standard, or occurrence of an unknown or unplanned significant transaction.

In making our risk assessments, we consider internal control relevant to the Department's preparation and fair presentation of the aggregate financial statement in order to design audit procedures that are appropriate in the circumstances but not for the purpose of expressing an opinion on the effectiveness of the Department's internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit of the aggregate financial statement that we have identified during the audit.

Jackie Gonzalez is the engagement partner or equivalent for the attest services specified in this letter and is responsible for supervising our services performed as part of this engagement and signing or authorizing another qualified firm representative to sign our report.

We expect to begin our audit procedures in September 2025 and issue our report in February 2026. We will issue a written report only upon completion of our engagement. Our report will be addressed to the Members of the Tarrant County Juvenile Board of the Tarrant County Juvenile Services Department of Tarrant County, Texas.

We cannot provide assurance that an unmodified audit opinion will be expressed. Circumstances may arise in which it may be necessary for us to modify our opinion, add an emphasis-of-matter or other-matter paragraphs, delay the initiation or completion of our engagement, or withdraw from the engagement. If our opinion on the aggregate financial statements is other than unmodified, we will discuss the reasons with you in advance.

If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or withdraw from the engagement.

GAGAS

As part of obtaining reasonable assurance about whether the aggregate financial statements are free of material misstatement, we will consider the entity's internal control over financial reporting and perform tests of the entity's compliance with the provisions of applicable laws, regulations, contracts, and grant agreements that could have a direct and material effect on the determination of aggregate financial statement amounts.

In accordance with the requirements of GAGAS, we will also issue a written report describing the scope of our testing over internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and grant agreements, including the results of that testing. However, providing an opinion on internal control over financial reporting and compliance will not be an objective of the audit and, therefore, no such opinion will be expressed.

Third-Party Service Providers

Depending on the requirements of this engagement, we may use the services of our affiliate, Weaver and Tidwell India LLP, a limited liability partnership incorporated in India, or one or more other third-party service providers to assist us. Before sharing confidential information with those service providers, we will (i) secure agreements to maintain the confidentiality of such information and ensure the information is only used for the purpose of assisting us with the performance of this engagement and (ii) take commercially reasonable precautions to determine the service providers have appropriate procedures in place to prevent the unauthorized disclosure of the information. If we use such service providers, we will remain responsible for all work performed and any breach of our confidentiality arrangements by those service providers.

Management's Responsibilities

Our engagement will be conducted on the basis that management and, when appropriate, those charged with governance, acknowledge and understand that they have responsibility for:

a. the preparation and fair presentation of the aggregate financial statements in accordance with the applicable financial reporting framework described above;
b. the design, implementation, and maintenance of the system of internal control relevant to the preparation and fair presentation of aggregate financial statements that are free from material misstatement, whether due to fraud or error;
c. the design, implementation, and maintenance of programs and controls to prevent and detect fraud;
d. informing us of any known or suspected fraud involving management, employees with significant roles in the system of internal control and others where fraud could have a material effect on the aggregate financial statements (including any allegations of fraud or suspected fraud received in communications from employees, former employees, regulators, or others);
e. providing us with:
    i. access to all information of which management is aware that is relevant to the preparation and fair presentation of the aggregate financial statements, such as records, documentation, and other matters;

ii. additional information that we may request from management for the purpose of the engagement; and
iii. unrestricted access to persons from whom we determine it necessary to obtain evidence;

f. including our report, and our report on any supplementary information if described above, in any document containing aggregate financial statements that indicates that such aggregate financial statements have been audited by us;
g. identifying and ensuring compliance with the laws and regulations applicable to activities;
h. adjusting the aggregate financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current period(s) under audit are immaterial, both individually and in the aggregate, to the aggregate financial statements as a whole;
i. maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
j. the accuracy and completeness of all information provided;
k. informing us of facts that may affect the aggregate financial statements of which you may become aware during the period from the date of our report to the date the aggregate financial statements are issued; and
l. confirming your understanding of your responsibilities in this letter to us in your management representation letter.

We understand that your employees will prepare all confirmations we request and will locate any documents or support for any other transactions we request.

If we agree herein or otherwise to perform any non-attest services (such as tax services or any other non-attest services), you agree to assume all management responsibilities for those services; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them. We will perform any such non-attest services in accordance with applicable professional standards.

During the course of our engagement, we will request information and explanations from management regarding operations, internal controls, future plans, specific transactions and accounting systems and procedures. At the conclusion of our engagement, we will also require, as a precondition to the issuance of our report, that management provide certain representations in a written letter concerning representations made to us in connection with our engagement. You agree that as a condition of our engagement, management will, to the best of its knowledge and belief, be truthful, accurate and complete in all representations made to us during the course of the engagement and in the written representation letter. The procedures we perform in our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the written and oral representations that we receive from management. False or misleading representations could cause us to expend unnecessary efforts in the engagement; or, worse, could cause a material error or a fraud to go undetected by our procedures.

The hiring of, or potential employment discussions with, any of our personnel could impair our independence. Accordingly, you agree to inform the engagement partner prior to any such potential employment discussions taking place.

Fees and Invoicing

We estimate the fee for this engagement will be $17,900.

The total fee for our services will be determined by the complexity of the work performed and the tasks required. Individual hourly rates vary according to the degree of responsibility involved and the skills required and are subject to periodic review and change. It is understood that neither our fees nor the payment thereof will be contingent upon the results of this engagement.

Our fee estimate is based on anticipated cooperation from all involved and the assumption that unexpected circumstances will not be encountered during the engagement. If significant additional time is necessary, we will discuss the reasons with you and arrive at a new fee estimate before we incur the additional costs.

In addition to the fee for our services, reasonable and necessary out-of-pocket expenses we incur (such as parking, reproduction and printing, postage and delivery, and out-of-market travel, meals, and accommodations) will be invoiced at cost. At this time, we do not anticipate incurring substantial expenses.

We will also invoice for reasonable and necessary time and out-of-pocket expenses we incur to respond to any request (such as a subpoena, summons, court order, or administrative investigative demand) pertaining to this engagement in a legal matter to which we are not a party. Our time to facilitate the response will be billed at our then-current standard hourly rates, and our expenses (including attorney's fees) will be billed at cost. If we agree to perform additional substantive services related to or arising out of the request, such matters may be the subject of a new engagement letter.

Our invoices for this engagement will be rendered each month as work progresses. Our invoices are payable in accordance with Texas Government Code § 2251.021, if applicable.

Documentation and Deliverable

The documentation we prepare pertaining to and in support of this engagement is our property and constitutes confidential information.

If you intend to make reference to our firm or include a report or portion of a report we issue in a published document or other reproduction that includes a modified version of the report or financial information to which it was attached, you agree to provide us with printers' proofs or masters for our review and approval before reproducing. You also agree to provide us with a copy of the final reproduced material for our written approval before it is distributed. If, in our professional judgment, the circumstances require, we may withhold our approval. This requirement does not pertain to distributing unmodified reports along with the attached financial information or dissemination of your financial information as a standalone document, such as on your website.

Unless we provide you with written consent in advance of such use, reports we issue are not intended to and should not be provided or otherwise made available for use in connection with the sale of debt or other securities. If, in our professional judgment, the circumstances require, we may withhold our consent.

Consistent with professional standards, our firm is subject to peer review and inspection by the PCAOB. Those programs require that our system of quality management and a sample of our work be periodically examined by another independent accounting firm or the PCAOB, respectively. A copy of our latest external peer review report is available at peerreview.aicpa.org. The work we perform for you may be selected for review. If it is, we will provide the reviewers with the required information without notice to you. Professional standards and PCAOB regulations provide the applicable confidentiality requirements.

GENERAL TERMS

1. **Expenses.**

In addition to the fee for our services, reasonable and necessary out-of-pocket expenses we incur (such as parking, reproduction and printing, postage and delivery, and out-of-market travel, meals, and accommodations) will be invoiced at cost. The total amount stated on each invoice will include a separate administrative and technology charge. The charge represents an estimated allocation of our support personnel, telecommunication, and technology infrastructure expenses. The amount stated on each invoice will also include any sales, use, gross receipts, excise, or other transaction tax imposed on our fees or expenses.

2. **Payment.**

Any disagreement with the charges must be communicated to us in writing within thirty (30) days of the invoice date, after which any right to contest the invoices will be waived. For invoices not paid within sixty (60) days of the invoice date, a late charge will be added to any uncontested outstanding balance. The late charge will be assessed at a rate of half a percent (0.5%) of the unpaid balance per month. If invoices are not paid within ninety (90) days of the invoice date, this engagement (and any other engagements for the same party) will be placed on hold and we will stop work until the balance is brought current, or we may withdraw, and we will not be liable for any damages that may result.

3. **Term.**

A. This engagement ends at the earlier of the completion of our services described above, the provision of any deliverables described above, or the termination of this engagement. Any party may earlier terminate this engagement at any time with ten (10) days' written notice to the other party. If the engagement is terminated, our engagement will be deemed to have been completed upon written notification of termination, and we will be paid for our time expended and expenses incurred through the date of termination.

B. If we are requested to perform additional services not addressed in this engagement letter, we will communicate our ability to perform the services, the scope of additional services we agree to perform, and the fee arrangements we would use. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting the arrangement for performance of such additional services, those services will continue to be governed by the terms of this engagement letter.

4. **Ethical Conflict Resolution.**

In the unlikely event that circumstances occur which we in our sole discretion believe could create a conflict with either the ethical standards of our firm or the ethical standards of our profession in continuing our engagement, we may suspend our services until a satisfactory resolution can be achieved or we may resign from the engagement. We will provide notice of such conflict as soon as practicable and discuss any possible means of resolving the conflict prior to suspending our services.

5. **Non-Solicitation of Our Staff.**

We value every one of our partners, employees, and contractors and have spent a great deal of time and resources to locate, train, and retain those individuals. Accordingly, during the term of this engagement letter and for two (2) years after the later of the termination of this engagement letter or conclusion of the performance of all of our services performed hereunder, no party, whether voluntarily or involuntarily, directly or indirectly, will solicit to employ or engage, on a partner, employee, contractor, or other basis, any of our partners, employees, or contractors who perform these services, without obtaining the prior written consent of our CEO or COO. This section shall not apply to a solicitation by general advertisement (e.g. website, social media posting, newspaper, etc.) or any employment or engagement resulting therefrom.

6. **Confidentiality.**

A. During the course of this engagement, the parties may disclose to each other, orally, in writing, or otherwise, information that is identified as or which is otherwise categorized by law as proprietary, confidential, or privileged ("Confidential Information"). Confidential Information does not include material which (i) is in the public domain through no fault of the receiving party, (ii) was already known to the receiving party before it was first disclosed to the receiving party by or on behalf of the disclosing party related to this engagement, (iii) is received by the receiving party from third-parties without confidentiality restrictions, unless those third-parties were acting for or on behalf of the disclosing party related to this engagement, or (iv) is developed by the receiving party independently of, and without reference to, any Confidential Information communicated to the receiving party by or on behalf of the disclosing party. We will use the Confidential Information disclosed to us during this engagement solely to perform services for which we have been engaged.

B. We may be requested to make the Confidential Information available to regulators and other government agencies, pursuant to authority given by law or regulation. Responding to many such requests is mandatory. In those

cases, access to such Confidential Information will be provided under our supervision and we may, upon their request, provide the regulator or agency with copies of all or selected portions of the Confidential Information. The requesting party may intend or decide to distribute the copies or information contained therein to others, including other regulators or agencies.

C. Unless otherwise stated herein, prohibited by law or direction of law enforcement, or agreed in writing, the parties will (i) provide prompt notice of any request received to make Confidential Information pertaining to this engagement, including any of our work product, available to outside parties not involved in the performance of these services and (ii) obtain written consent from the affected party before disclosing the Confidential Information in response to the request. If consent is withheld, the parties will cooperate with any lawful efforts taken to minimize the disclosure or protect the Confidential Information.

D. We will invoice for reasonable and necessary time (at our then-current standard hourly rates) and out-of-pocket expenses (including attorney's fees) we incur to respond to any request (such as a subpoena, summons, court order, or administrative investigative demand) pertaining to this engagement in a legal matter to which we are not a party. If we agree to perform additional substantive services related to or arising out of the request, such matters may be the subject of a new engagement letter.

E. The parties agree to maintain Confidential Information using the same standard of care each uses to protect its own information of like importance but in no case less than a reasonable standard of care.

F. All rights to Confidential Information (including patent, trademarks, copyrights, or other intellectual property rights) shall remain vested in the disclosing party, and no rights in the Confidential Information are vested in the receiving party, except the limited right to use the Confidential Information solely to perform its obligations or exercise its rights under this engagement letter.

G. We will return or destroy the Confidential Information upon the disclosing party's request within a reasonable period of time, except that we will maintain any copies of the Confidential Information for the period necessary to comply with any applicable laws or professional standards and our own document retention policy (e.g. we will maintain our workpapers for seven (7) years from the date of any attest report we issue). Following such a period, we may destroy the Confidential Information without notice.

H. We may at times provide (i) documents marked as drafts or (ii) preliminary or ancillary information or advice (not included in a final deliverable). Those documents, information, and/or advice are for review and consideration purposes only and should not be relied upon or distributed, and should be destroyed, unless otherwise required by law. If further analysis, information, or advice is desired, we will be informed in writing. We may assist if the matter is within our expertise. Unless already encompassed by the scope of our engagement letter, if we agree to provide such further assistance, our services will be handled as additional services in the manner described above.

I. We may transmit and store data via email, the cloud, or other electronic and Internet-based mechanisms to facilitate this engagement. Please be aware that those mediums inherently pose a risk of misdirection or interception of Confidential Information. Any request to limit such transmissions or use a different means of transmission or storage must be made in writing and we will not be responsible for any resulting compromise in data security.

J. We do not act as the host or repository of financial or non-financial information or as an information back-up service provider for our clients. It is the responsibility of our clients to maintain a complete set of their own financial and non-financial data and records. If some portion of the data and records is contained only within our files, inform us before the issuance of our deliverable and we will provide a copy.

K. Unless otherwise stated herein or agreed in writing, neither this engagement nor engagement letter is intended for the benefit of any third party. Any party may inform us of any third party who will receive our deliverable. If we are not informed in writing by a party, we are not aware of the identity of such third parties and we do not anticipate their reliance upon our professional services or deliverable unless otherwise agreed in writing.

7. **Limitations on Liability and Indemnifications.**

A. Each party to this engagement letter other than us gives the following releases and indemnifications to us and our affiliates' partners, employees, and contractors, and each of their heirs, executors, personal representatives, successors and assigns ("Our Representatives"). We and Our Representatives are hereby released, indemnified, and held harmless, from and against any liability and costs, including related liabilities, losses, damages, costs, expenses, and attorneys' fees, resulting from or arising out of: (i) knowing misrepresentations or unintentional or unauthorized disclosures to us or Our Representatives by any party (other than us) or the officers, employees, or others acting or purporting to act on their behalf, (ii) disclosure of our work product to anyone not a party this engagement letter who we were not informed of in advance, or (iii) misdirection, interception, or failed delivery of information connected with this engagement during transmission, submission, or storage.

B. Our and Our Representatives' total aggregate liability pertaining to this engagement and engagement letter shall be limited to one (1) times the amount of our fees (excluding any reimbursable expenses) the party bringing the claim paid to us for the services in question. In no event shall we or Our Representatives be liable for indirect, incidental, consequential, special, multiple, exemplary, or punitive losses or damages—even if advised of their possible existence.

C. Satisfaction of a claim or cause of action arising from nonattest services (if any) which are part of this engagement or performed pursuant to this engagement letter shall only be sought from the limited liability partnership, Weaver and Tidwell, L.L.P. In no event will our partners, directors, employees, or agents be individually liable for any liability, damages, expenses, or losses of any nature, caused by or resulting from the engagement, engagement letter, or use of our work product. While we are entering into this engagement letter on our own behalf, this paragraph is also intended for the benefit of Our Representatives.

D. All limitations on liability and indemnifications contained herein shall apply to the fullest extent permissible by applicable laws and professional standards (including, without limitation, any applicable rules and interpretations of the AICPA, PCAOB, and SEC), regardless of the cause of action (whether contract, negligence, or otherwise), except as finally determined to have resulted solely from our fraud, gross negligence, or willful misconduct.

8. **Dispute Resolution Procedure including Jury Waiver.**

A. No claim arising out of or relating to this engagement or engagement letter shall be filed more than two (2) years after the earlier of the termination of this engagement or the date of the delivery of our work product in question, if any. This limitation applies and begins to run even if no damage or loss has been suffered, or the injured or damaged party has not become aware of the existence or possible existence of a dispute.

B. If a dispute arises out of or relates to this engagement or engagement letter, or the breach thereof, and if the dispute cannot be settled through negotiation, the parties agree first to try in good faith to settle the dispute by mediation before resorting to litigation. In such event, the parties will attempt to agree upon a location, mediator, and mediation procedures, but absent such agreement any party may require mediation in Fort Worth, Texas, administered by the AAA under its Commercial Mediation Procedures.

C. This engagement letter and all disputes between the parties shall be governed by, resolved, and construed in accordance with the laws of the State of Texas, without regard to conflict-of-law principles. Any action arising out of or relating to this engagement or engagement letter shall only be brought in, and each party agrees to submit and consent to the exclusive jurisdiction of the federal or state courts in the State of Texas and convenience of those situated in Tarrant County, Texas.

D. [Intentionally Omitted.

E. Whenever possible, this engagement letter shall be interpreted in such a manner as to be effective and valid under applicable laws, regulations, or published interpretation, but if any term of this engagement letter is declared illegal, unenforceable, or unconscionable, that term shall be severed or modified, and the remaining terms of the engagement letter shall remain in force. The court should in such case modify any term declared to be illegal, unenforceable, or unconscionable in a manner that will retain the intended term as closely as possible.

F. If because of a change in status or due to any other reason, any of the terms of this engagement or any contract we have now or enter into in the future with any of the other parties, would be prohibited by, or would impair our independence when required under laws, regulations or published interpretations by governmental bodies, professional organizations or other regulatory agencies, such provision shall, to that extent, be of no further force and effect and the contract shall consist of the remaining portions.

9. **Miscellaneous.**

A. We have non-CPA owners who may provide services pertaining to this engagement.

B. We do not provide legal advice or services. If necessary, refer to appropriate legal counsel for advice or services of that nature.

C. This engagement letter sets forth all agreed upon terms and conditions of our engagement with respect to the matters covered herein and supersedes any that may have come before. This engagement letter may not be amended or modified except by further writing signed by all the parties. Any provisions of this engagement letter which expressly or by implication are intended to survive its termination or expiration will survive and continue to bind the parties. The use of electronic signatures or multiple counterparts to execute this engagement letter shall have the same force and effect as a manually or physically signed original instrument.

Mr. Chandler M. Merritt
County Administrator
Tarrant County, Texas
100 E. Weatherford St.
Fort Worth, Texas 76196

Dear Ms. Tittle and Mr. Merritt,

Weaver and Tidwell, L.L.P. ("our", "us", and "we") will perform an audit of the combined financial statements ("financial statements") of Tarrant County Community Supervision and Corrections Department ("CSCD"), which comprise the financial statements as listed in the table of contents as of and for the year ending August 31, 2025, and the related notes to the financial statements.

The following accompanying supplementary information will also be subjected to our auditing procedures, as well as certain additional procedures:

1. Combining Statement of Revenues, Expenditures, and Changes in Fund Balance – All Community Corrections Funds
2. Combining Statement of Revenues, Expenditures, and Changes in Fund Balance – All Diversion Funds
3. Individual Statements of Revenues, Expenditures, and Changes in Fund Balance – Budget, Actual and Variance
4. Schedule of Differences Between Audit and CSCD Reports

We are pleased to confirm our acceptance and our understanding of this engagement by means of this letter.

Applicable Standards and Framework

The auditing standards applicable to this engagement will be U.S. GAAS (generally accepted auditing standards in the United States of America) and, if applicable, the Government Auditing Standards ("GAGAS") and/or any state or regulatory audit requirements.

The financial reporting framework applicable to this engagement is that of the Texas Department of Criminal Justice – Community Assistance Division ("TDCJ-CJAD") reporting requirements; including Independent Audit Guidelines (IAG), Financial Management Manual for TDJ-CJAD Funding (FMM), and applicable laws and regulations.

Engagement Objective

The objectives of our audit are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion and to report on the fairness of the supplementary information referred to above when considered in relation to the financial statements as a whole. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with applicable auditing standards will always detect a material misstatement when it exists. Misstatements, including omissions, can arise from fraud

or error and are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user of the financial statements.

Our Responsibilities

We will conduct our engagement in accordance with the applicable standards described above. As part of an engagement conducted in accordance with the applicable standards, we exercise professional judgment and maintain professional skepticism throughout the engagement.

We also do the following:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of controls.
- Obtain an understanding of the system of internal control in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the system of internal control. However, we will communicate to you in writing concerning any significant deficiencies or material weaknesses in internal control relevant to the audit that we have identified during the engagement.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Conclude, based on the audit evidence obtained, whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the ability to continue as a going concern for a reasonable period of time.

If appropriate, our procedures will therefore include tests of documentary evidence that support the transactions recorded in the accounts, tests of the physical existence of assets, and direct confirmation of cash, investments, and certain other assets and liabilities by correspondence with creditors and financial institutions. As part of our audit process, we may request written representations from your attorneys, and they may bill you for responding.

Because of the inherent limitations of an audit, together with the inherent limitations of internal control, and because we will not perform a detailed examination of all transactions, there is an unavoidable risk that some material misstatements or noncompliance (whether caused by errors, fraudulent financial reporting, misappropriation of assets, or violations of laws or governmental regulations) may exist and not be detected, even though the audit is properly planned and performed in accordance with applicable standards.

In addition, an audit is not designed to detect immaterial misstatements or violations of laws or governmental regulations that do not have a direct and material effect on the financial statements. However, we will inform the appropriate level of management of any material errors, fraudulent financial reporting, or misappropriation of assets that comes to our attention. We will also inform the appropriate level of management of any violations of laws or governmental regulations that come to our attention, unless clearly inconsequential.

The accompanying supplementary information referred to above will be presented for purposes of additional analysis and is not a required part of the financial statements. Such information will be subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with

applicable standards. Our auditor's report will provide an opinion on the supplementary information in relation to the financial statements as a whole in a report combined with our auditor's report on the financial statements.

Our responsibilities for this engagement are limited to the period covered by our engagement and do not extend to any other periods. Our engagement also does not include consultation with you on the adoption of new accounting standards or any future increased duties we may have because of the actions of any regulatory body, implementation of any new auditing standard, or occurrence of an unknown or unplanned significant transaction.

Jackie Gonzalez is the engagement partner or equivalent for the attest services specified in this letter and is responsible for supervising our services performed as part of this engagement and signing or authorizing another qualified firm representative to sign our report.

The fiscal officer for the CSCD will review the draft independent audit report for compliance with the IAG, Compliance Requirements, Standard Reporting Formats, and accuracy before we issue our financial independent audit report. We expect to begin our audit procedures in September 2025 and issue our report in February 2026. We will issue a written report only upon completion of our engagement. Our report will be addressed to the Criminal Court Judges of Tarrant County, Texas.

We cannot provide assurance that an unmodified audit opinion will be expressed. Circumstances may arise in which it may be necessary for us to modify our opinion, add an emphasis-of-matter or other-matter paragraphs, delay the initiation or completion of our engagement, or withdraw from the engagement. If our opinion on the financial statements is other than unmodified, we will discuss the reasons with you in advance.

If, for any reason, we are unable to complete the audit or are unable to form or have not formed an opinion, we may decline to express an opinion or withdraw from the engagement.

GAGAS

As part of obtaining reasonable assurance about whether the financial statements are free of material misstatement, we will consider the entity's internal control over financial reporting and perform tests of the entity's compliance with the provisions of applicable laws, regulations, contracts, and grant agreements that could have a direct and material effect on the determination of financial statement amounts.

In accordance with the requirements of GAGAS, we will also issue a written report describing the scope of our testing over internal control over financial reporting and compliance with provisions of laws, regulations, contracts, and grant agreements, including the results of that testing. However, providing an opinion on internal control over financial reporting and compliance will not be an objective of the audit and, therefore, no such opinion will be expressed. Because the determination of waste and abuse is subjective, *Government Auditing Standards* do not expect auditors to perform specific procedures to detect waste or abuse in financial audits nor do they expect auditors to provide reasonable assurance of detecting waste or abuse.

Third-Party Service Providers

Depending on the requirements of this engagement, we may use the services of our affiliate, Weaver and Tidwell India LLP, a limited liability partnership incorporated in India, or one or more other third-party service providers to assist us. Before sharing confidential information with those service providers, we will (i) secure agreements to maintain the confidentiality of such information and ensure the information is only used for the purpose of assisting us with the performance of this engagement and (ii) take commercially reasonable precautions to determine the service providers have appropriate procedures in place to prevent the unauthorized disclosure of the information. If we use such service providers, we will remain responsible for all work performed and any breach of our confidentiality arrangements by those service providers.

Management's Responsibilities

Our engagement will be conducted on the basis that management and, when appropriate, those charged with governance, acknowledge and understand that they have responsibility for:

a. the preparation and fair presentation of the financial statements in accordance with the applicable financial reporting framework described above;
b. the design, implementation, and maintenance of the system of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error;
c. the design, implementation, and maintenance of programs and controls to prevent and detect fraud;
d. informing us of any known or suspected fraud involving management, employees with significant roles in the system of internal control and others where fraud could have a material effect on the financial statements (including any allegations of fraud or suspected fraud received in communications from employees, former employees, regulators, or others);
e. providing us with:
    i. access to all information of which management is aware that is relevant to the preparation and fair presentation of the financial statements, such as records, documentation, and other matters;
    ii. additional information that we may request from management for the purpose of the engagement; and
    iii. unrestricted access to persons from whom we determine it necessary to obtain evidence;
f. including our report, and our report on any supplementary information if described above, in any document containing financial statements that indicates that such financial statements have been audited by us;
g. identifying and ensuring compliance with the laws and regulations applicable to activities;
h. adjusting the financial statements to correct material misstatements and confirming to us in the management representation letter that the effects of any uncorrected misstatements aggregated by us during the current engagement and pertaining to the current period(s) under audit are immaterial, both individually and in the aggregate, to the financial statements as a whole;
i. maintaining adequate records, selecting and applying accounting principles, and safeguarding assets;
j. the accuracy and completeness of all information provided;
k. with regard to the supplementary information referred to above: (a) the preparation of the supplementary information in accordance with the applicable criteria; (b) providing us with the appropriate written representations regarding supplementary information; (c) including our report on the supplementary information in any document that contains the supplementary information and that indicates that we have reported on such supplementary information; and (d) presenting the supplementary information with the audited financial statements, or if the supplementary information will not be presented with the audited financial statements, to make the audited financial statements readily available to the intended users of the supplementary information no later than the date of issuance by you of the supplementary information and our report thereon;
l. the design, implementation, and maintenance of the system of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to violations of laws, governmental regulations, grant agreements, or contractual agreements;
m. informing us of facts that may affect the financial statements of which you may become aware during the period from the date of our report to the date the financial statements are issued; and
n. confirming your understanding of your responsibilities in this letter to us in your management representation letter.

We understand that your employees will prepare all confirmations we request and will locate any documents or support for any other transactions we request.

If we agree herein or otherwise to perform any non-attest services (such as tax services or any other non-attest services), you agree to assume all management responsibilities for those services; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them. We will perform any such non-attest services in accordance with applicable professional standards.

During the course of our engagement, we will request information and explanations from management regarding operations, internal controls, future plans, specific transactions and accounting systems and procedures. At the conclusion of our engagement, we will also require, as a precondition to the issuance of our report, that management provide certain representations in a written letter concerning representations made to us in connection with our engagement. You agree that as a condition of our engagement, management will, to the best of its knowledge and belief, be truthful, accurate and complete in all representations made to us during the course of the engagement and in the written representation letter. The procedures we perform in our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the written and oral representations that we receive from management. False or misleading representations could cause us to expend unnecessary efforts in the engagement; or, worse, could cause a material error or a fraud to go undetected by our procedures.

The hiring of, or potential employment discussions with, any of our personnel could impair our independence. Accordingly, you agree to inform the engagement partner prior to any such potential employment discussions taking place.

Fees and Invoicing

We estimate the fee for this engagement will be $20,000.

The total fee for our services will be determined by the complexity of the work performed and the tasks required. Individual hourly rates vary according to the degree of responsibility involved and the skills required and are subject to periodic review and change. It is understood that neither our fees nor the payment thereof will be contingent upon the results of this engagement.

Our fee estimate is based on anticipated cooperation from all involved and the assumption that unexpected circumstances will not be encountered during the engagement. If significant additional time is necessary, we will discuss the reasons with you and arrive at a new fee estimate before we incur the additional costs.

Our invoices for this engagement will be rendered each month as work progresses. Our invoices are payable in accordance with Texas Government Code § 2251.021, if applicable.

Documentation and Deliverable

The documentation we prepare pertaining to and in support of this engagement is our property and constitutes confidential information. TDCJ staff and/or state auditors will be granted reasonable access to the audit documentation upon written request.

If you intend to make reference to our firm or include a report or portion of a report we issue in a published document or other reproduction that includes a modified version of the report or financial information to which it was attached, you agree to provide us with printers' proofs or masters for our review and approval before reproducing. You also agree to provide us with a copy of the final reproduced material for our written approval before it is distributed. If, in our professional judgment, the circumstances require, we may withhold our approval. This requirement does not pertain to distributing unmodified reports along with the attached financial information or dissemination of your financial information as a standalone document, such as on your website.

Unless we provide you with written consent in advance of such use, reports we issue are not intended to and should not be provided or otherwise made available for use in connection with the sale of debt or other securities. If, in our professional judgment, the circumstances require, we may withhold our consent.

Consistent with professional standards, our firm is subject to peer review and inspection by the PCAOB. Those programs require that our system of quality management and a sample of our work be periodically examined by another independent accounting firm or the PCAOB, respectively. A copy of our latest external peer review report is available at peerreview.aicpa.org. The work we perform for you may be selected for review. If it is, we will provide the reviewers with the required information without notice to you. Professional standards and PCAOB regulations provide the applicable confidentiality requirements.

Incorporated General Terms

Attached are our General Terms that provide additional terms (including but not limited to provisions on confidentiality, limitations on liability, indemnifications, dispute resolution, jury waiver, etc.) for this engagement. Those terms are incorporated and apply to all services described herein.

We appreciate the opportunity to assist you and look forward to working with you and your team.

Sincerely,

Weaver and Tidwell, L.L.P.

GENERAL TERMS

1. **Expenses.**

In addition to the fee for our services, reasonable and necessary out-of-pocket expenses we incur (such as parking, reproduction and printing, postage and delivery, and out-of-market travel, meals, and accommodations) will be invoiced at cost. The total amount stated on each invoice will include a separate administrative and technology charge. The charge represents an estimated allocation of our support personnel, telecommunication, and technology infrastructure expenses. The amount stated on each invoice will also include any sales, use, gross receipts, excise, or other transaction tax imposed on our fees or expenses.

2. **Payment.**

Any disagreement with the charges must be communicated to us in writing within thirty (30) days of the invoice date, after which any right to contest the invoices will be waived. For invoices not paid within sixty (60) days of the invoice date, a late charge will be added to any uncontested outstanding balance. The late charge will be assessed at a rate of half a percent (0.5%) of the unpaid balance per month. If invoices are not paid within ninety (90) days of the invoice date, this engagement (and any other engagements for the same party) will be placed on hold and we will stop work until the balance is brought current, or we may withdraw, and we will not be liable for any damages that may result.

3. **Term.**

A. This engagement ends at the earlier of the completion of our services described above, the provision of any deliverables described above, or the termination of this engagement. Any party may earlier terminate this engagement at any time with ten (10) days' written notice to the other party. If the engagement is terminated, our engagement will be deemed to have been completed upon written notification of termination, and we will be paid for our time expended and expenses incurred through the date of termination.

B. If we are requested to perform additional services not addressed in this engagement letter, we will communicate our ability to perform the services, the scope of additional services we agree to perform, and the fee arrangements we would use. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting the arrangement for performance of such additional services, those services will continue to be governed by the terms of this engagement letter.

4. **Ethical Conflict Resolution.**

In the unlikely event that circumstances occur which we in our sole discretion believe could create a conflict with either the ethical standards of our firm or the ethical standards of our profession in continuing our engagement, we may suspend our services until a satisfactory resolution can be achieved or we may resign from the engagement. We will provide notice of such conflict as soon as practicable and discuss any possible means of resolving the conflict prior to suspending our services.

5. **Non-Solicitation of Our Staff.**

We value every one of our partners, employees, and contractors and have spent a great deal of time and resources to locate, train, and retain those individuals. Accordingly, during the term of this engagement letter and for two (2) years after the later of the termination of this engagement letter or conclusion of the performance of all of our services performed hereunder, no party, whether voluntarily or involuntarily, directly or indirectly, will solicit to employ or engage, on a partner, employee, contractor, or other basis, any of our partners, employees, or contractors who perform these services, without obtaining the prior written consent of our CEO or COO. This section shall not apply to a solicitation by general advertisement (e.g. website, social media posting, newspaper, etc.) or any employment or engagement resulting therefrom.

6. **Confidentiality.**

A. During the course of this engagement, the parties may disclose to each other, orally, in writing, or otherwise, information that is identified as or which is otherwise categorized by law as proprietary, confidential, or privileged ("Confidential Information"). Confidential Information does not include material which (i) is in the public domain through no fault of the receiving party, (ii) was already known to the receiving party before it was first disclosed to the receiving party by or on behalf of the disclosing party related to this engagement, (iii) is received by the receiving party from third-parties without confidentiality restrictions, unless those third-parties were acting for or on behalf of the disclosing party related to this engagement, or (iv) is developed by the receiving party independently of, and without reference to, any Confidential Information communicated to the receiving party by or on behalf of the disclosing party. We will use the Confidential Information disclosed to us during this engagement solely to perform services for which we have been engaged.

B. We may be requested to make the Confidential Information available to regulators and other government agencies (including state auditor's staff), pursuant to authority given by law or regulation. Responding to many

such requests is mandatory. In those cases, access to such Confidential Information will be provided under our supervision and we may, upon their request, provide the regulator or agency with copies of all or selected portions of the Confidential Information. The requesting party may intend or decide to distribute the copies or information contained therein to others, including other regulators or agencies.

C. Unless otherwise stated herein, prohibited by law or direction of law enforcement, or agreed in writing, the parties will (i) provide prompt notice of any request received to make Confidential Information pertaining to this engagement, including any of our work product, available to outside parties not involved in the performance of these services and (ii) obtain written consent from the affected party before disclosing the Confidential Information in response to the request. If consent is withheld, the parties will cooperate with any lawful efforts taken to minimize the disclosure or protect the Confidential Information.

D. We will invoice for reasonable and necessary time (at our then-current standard hourly rates) and out-of-pocket expenses (including attorney's fees) we incur to respond to any request (such as a subpoena, summons, court order, or administrative investigative demand) pertaining to this engagement in a legal matter to which we are not a party. If we agree to perform additional substantive services related to or arising out of the request, such matters may be the subject of a new engagement letter.

E. The parties agree to maintain Confidential Information using the same standard of care each uses to protect its own information of like importance but in no case less than a reasonable standard of care.

F. All rights to Confidential Information (including patent, trademarks, copyrights, or other intellectual property rights) shall remain vested in the disclosing party, and no rights in the Confidential Information are vested in the receiving party, except the limited right to use the Confidential Information solely to perform its obligations or exercise its rights under this engagement letter.

G. We will return or destroy the Confidential Information upon the disclosing party's request within a reasonable period of time, except that we will maintain any copies of the Confidential Information for the period necessary to comply with any applicable laws or professional standards and our own document retention policy (e.g. we will maintain our workpapers for seven (7) years from the date of any attest report we issue). Following such a period, we may destroy the Confidential Information without notice.

H. We may at times provide (i) documents marked as drafts or (ii) preliminary or ancillary information or advice (not included in a final deliverable). Those documents, information, and/or advice are for review and consideration purposes only and should not be relied upon or distributed, and should be destroyed, unless otherwise required by law. If further analysis, information, or advice is desired, we will be informed in writing. We may assist if the matter is within our expertise. Unless already encompassed by the scope of our engagement letter, if we agree to provide such further assistance, our services will be handled as additional services in the manner described above.

I. We may transmit and store data via email, the cloud, or other electronic and Internet-based mechanisms to facilitate this engagement. Please be aware that those mediums inherently pose a risk of misdirection or interception of Confidential Information. Any request to limit such transmissions or use a different means of transmission or storage must be made in writing and we will not be responsible for any resulting compromise in data security.

J. We do not act as the host or repository of financial or non-financial information or as an information back-up service provider for our clients. It is the responsibility of our clients to maintain a complete set of their own financial and non-financial data and records. If some portion of the data and records is contained only within our files, inform us before the issuance of our deliverable and we will provide a copy.

K. Unless otherwise stated herein or agreed in writing, neither this engagement nor engagement letter is intended for the benefit of any third party. Any party may inform us of any third party who will receive our deliverable. If we are not informed in writing by a party, we are not aware of the identity of such third parties and we do not anticipate their reliance upon our professional services or deliverable unless otherwise agreed in writing.

7. **Limitations on Liability and Indemnifications.**

A. Each party to this engagement letter other than us gives the following releases and indemnifications to us and our affiliates' partners, employees, and contractors, and each of their heirs, executors, personal representatives, successors and assigns ("Our Representatives"). We and Our Representatives are hereby released, indemnified, and held harmless, from and against any liability and costs, including related liabilities, losses, damages, costs, expenses, and attorneys' fees, resulting from or arising out of: (i) knowing misrepresentations or unintentional or unauthorized disclosures to us or Our Representatives by any party (other than us) or the officers, employees, or others acting or purporting to act on their behalf, (ii) disclosure of our work product to anyone not a party this engagement letter who we were not informed of in advance, or (iii) misdirection, interception, or failed delivery of information connected

with this engagement during transmission, submission, or storage.

B. Our and Our Representatives' total aggregate liability pertaining to this engagement and engagement letter shall be limited to one (1) times the amount of our fees (excluding any reimbursable expenses) the party bringing the claim paid to us for the services in question. In no event shall we or Our Representatives be liable for indirect, incidental, consequential, special, multiple, exemplary, or punitive losses or damages—even if advised of their possible existence.

C. Satisfaction of a claim or cause of action arising from nonattest services (if any) which are part of this engagement or performed pursuant to this engagement letter shall only be sought from the limited liability partnership, Weaver and Tidwell, L.L.P. In no event will our partners, directors, employees, or agents be individually liable for any liability, damages, expenses, or losses of any nature, caused by or resulting from the engagement, engagement letter, or use of our work product. While we are entering into this engagement letter on our own behalf, this paragraph is also intended for the benefit of Our Representatives.

D. Honorable Tim O'Hare, County Judge
Mr. Chandler M. Merritt, County Administrator
Tarrant County, Texas
100 E. Weatherford St.
Fort Worth, Texas 76196

Dear Mr. O'Hare and Mr. Merritt,

Weaver and Tidwell, L.L.P. ("our", "us", and "we") will apply agreed-upon procedures to the to determine whether electronic submission of certain information agrees with the related hard copy documents included in the OMB Uniform Guidance reporting package of Tarrant County, Texas (the "County"), as of or for the year ended September 30, 2025, prepared in accordance with the U.S. Department of Housing and Urban Development (HUD) Real Estate Assessment Center (REAC). The County is responsible for the subject matter.

We are pleased to confirm our acceptance and our understanding of this engagement by means of this letter.

Applicable Standards

The attestation standards applicable to this engagement will be the attestation standards for agreed-upon procedures engagements established by the American Institute of Certified Public Accountants (AICPA) and, if applicable, the standards applicable to attestation engagements contained in Government Auditing Standards issued by the Comptroller General of the United States, and/or any other standards or requirements to be followed.

Engagement Objectives

We will apply the following procedures:

1. Compare the electronic submission of the Uniform Financial Reporting Standards (UFRS) with the hard copy audit report in the REAC system.
2. If your REAC submission agrees with the hard copy report as we submitted it to you, we will approve the submission, so that you can forward your audited report to REAC for review.
3. If your REAC submission does not agree with the hard copy report as we submitted it to you, we will reject the submission and notify you of the changes that are necessary for our approval.

Our Responsibilities

We will conduct our engagement in accordance with the applicable standards described above. We are responsible for carrying out the procedures and reporting findings in accordance with these standards. We have no responsibility to determine the differences between the procedures to be performed and the procedures that we would have determined to be necessary had we been engaged to perform another form of attestation engagement.

Our report will list the procedures performed and our findings.

This engagement is solely for the purpose of reporting our findings regarding the results of the procedures performed as compared to the HUD REAC, pursuant to procedures agreed to by the County and HUD REAC. This report is intended for use by the County and HUD REAC and is expected to be restricted to the use of these specified parties.

The agreed-upon procedures to be performed do not constitute an examination or review of the subject matter. Accordingly, we will not express an opinion or conclusion on the subject matter. If we did perform additional procedures, other matters might come to our attention that would be reported to you.

We have no responsibility to update our report for events and circumstances occurring after the date of our report.

Ms. Jackie Gonzalez is the engagement partner or equivalent for the attest services specified in this letter and is responsible for supervising our services performed as part of this engagement and signing or authorizing another qualified firm representative to sign our report.

We expect to begin our procedures on June 2026, and unless unforeseeable problems are encountered, the engagement should be completed by June 30, 2026. Our report will be addressed to the County and will be intended for use by and restricted to the use of the specified parties as identified above. Our report will contain such restricted-use language.

Should we have any reservations with respect to the subject matter, we will discuss them with you before the report is issued.

Third-Party Service Providers

Depending on the requirements of this engagement, we may use the services of our affiliate, Weaver and Tidwell India LLP, a limited liability partnership incorporated in India, or one or more other third-party service providers to assist us. Before sharing confidential information with those service providers, we will (i) secure agreements to maintain the confidentiality of confidential information and ensure the confidential information is only used for the purpose of assisting us with the performance of this engagement and (ii) take commercially reasonable precautions to determine the service providers have appropriate procedures in place to prevent the unauthorized disclosure of confidential information. If we use such service providers, we will remain responsible for all work performed and any breach of our confidentiality arrangements by those service providers.

Your Responsibilities

Prior to the completion of the engagement, you agree to provide us with written agreement and acknowledgment that the procedures performed are appropriate for the intended purpose of the engagement as noted above.

If we agree herein or otherwise to perform any non-attest services (such as tax services or any other non-attest services), you agree to assume all management responsibilities for those services; oversee the services by designating an individual, preferably from senior management, with suitable skill, knowledge, or experience; evaluate the adequacy and results of the services; and accept responsibility for them.

During the course of our engagement, we will request information and explanations from management regarding the Entity's operations, future plans, specific transactions and accounting systems and procedures. As part of our engagement, we will also request from management and, when appropriate, those charged with governance, written confirmation concerning representations made to us in connection with our engagement. You agree to provide such confirmation. The Entity agrees that as a condition of our engagement, management will, to the best of its knowledge and belief, be truthful, accurate and complete in all representations made to us during the course of the engagement and in the written representation letter. The procedures we perform in our engagement and the conclusions we reach as a basis for our report will be heavily influenced by the written and oral representations that we receive from management. False or misleading representations could cause us to expend unnecessary efforts in the engagement; or, worse, could cause a material error or a fraud to go undetected by our procedures.

The hiring of, or potential employment discussions with, any of our personnel could impair our independence. Accordingly, you agree to inform the engagement partner prior to any such potential employment discussions taking place.

Fees and Invoicing

We estimate the fee for this engagement will be $1,950. The total fee for our services will be determined by the complexity of the work performed and the tasks required. Individual hourly rates vary according to the degree of responsibility involved and the skills required. It is understood that neither our fees nor the payment thereof will be contingent upon the results of this engagement.

Our fee estimate is based on anticipated cooperation from all involved and the assumption that unexpected circumstances will not be encountered during the engagement. Our fee estimate does not contemplate our consultation with you on the adoption of new accounting standards or any future increased duties we may have because of the actions of any regulatory body, implementation of any new attest standard, or occurrence of an unknown or unplanned significant transaction. If significant additional time is necessary, we will discuss the reasons with you and arrive at a new fee estimate before we incur the additional costs.

Our invoices for this engagement will be rendered each month as work progresses. Our invoices are payable in accordance with Texas Government Code § 2251.021, if applicable.

Documentation and Deliverable

The documentation we prepare pertaining to and in support of this engagement is our property and constitutes confidential information.

Consistent with professional standards, our firm is subject to peer review and inspection by the PCAOB. Those programs require that our system of quality management and a sample of our work be periodically examined by another independent accounting firm or the PCAOB, respectively. A copy of our latest external peer review report is available at peerreview.aicpa.org. The work we perform for you may be selected for review. If it is, we will provide the reviewers with the required information without notice to you. Professional standards and PCAOB regulations provide the applicable confidentiality requirements.

Incorporated General Terms

Attached are our General Terms that provide additional terms (including but not limited to provisions on confidentiality, limitations on liability, indemnifications, dispute resolution, jury waiver, etc.) for this engagement. Those terms are incorporated and apply to all services described herein.

GENERAL TERMS

1. **Expenses.**

In addition to the fee for our services, reasonable and necessary out-of-pocket expenses we incur (such as parking, reproduction and printing, postage and delivery, and out-of-market travel, meals, and accommodations) will be invoiced at cost. The total amount stated on each invoice will include a separate administrative and technology charge. The charge represents an estimated allocation of our support personnel, telecommunication, and technology infrastructure expenses. The amount stated on each invoice will also include any sales, use, gross receipts, excise, or other transaction tax imposed on our fees or expenses.

2. **Payment.**

Any disagreement with the charges must be communicated to us in writing within thirty (30) days of the invoice date, after which any right to contest the invoices will be waived. For invoices not paid within sixty (60) days of the invoice date, a late charge will be added to any uncontested outstanding balance. The late charge will be assessed at a rate of half a percent (0.5%) of the unpaid balance per month. If invoices are not paid within ninety (90) days of the invoice date, this engagement (and any other engagements for the same party) will be placed on hold and we will stop work until the balance is brought current, or we may withdraw, and we will not be liable for any damages that may result.

3. **Term.**

A. This engagement ends at the earlier of the completion of our services described above, the provision of any deliverables described above, or the termination of this engagement. Any party may earlier terminate this engagement at any time with ten (10) days' written notice to the other party. If the engagement is terminated, our engagement will be deemed to have been completed upon written notification of termination, and we will be paid for our time expended and expenses incurred through the date of termination.

B. If we are requested to perform additional services not addressed in this engagement letter, we will communicate our ability to perform the services, the scope of additional services we agree to perform, and the fee arrangements we would use. We also may issue a separate engagement letter covering the additional services. In the absence of any other written communication from us documenting the arrangement for performance of such additional services, those services will continue to be governed by the terms of this engagement letter.

4. **Ethical Conflict Resolution.**

In the unlikely event that circumstances occur which we in our sole discretion believe could create a conflict with either the ethical standards of our firm or the ethical standards of our profession in continuing our engagement, we may suspend our services until a satisfactory resolution can be achieved or we may resign from the engagement. We will provide notice of such conflict as soon as practicable and discuss any possible means of resolving the conflict prior to suspending our services.

5. **Non-Solicitation of Our Staff.**

We value every one of our partners, employees, and contractors and have spent a great deal of time and resources to locate, train, and retain those individuals. Accordingly, during the term of this engagement letter and for two (2) years after the later of the termination of this engagement letter or conclusion of the performance of all of our services performed hereunder, no party, whether voluntarily or involuntarily, directly or indirectly, will solicit to employ or engage, on a partner, employee, contractor, or other basis, any of our partners, employees, or contractors who perform these services, without obtaining the prior written consent of our CEO or COO.

6. **Confidentiality.**

A. During the course of this engagement, the parties may disclose to each other, orally, in writing, or otherwise, information that is identified as or which is otherwise categorized by law as proprietary, confidential, or privileged ("Confidential Information"). Confidential Information does not include material which (i) is in the public domain through no fault of the receiving party, (ii) was already known to the receiving party before it was first disclosed to the receiving party by or on behalf of the disclosing party related to this engagement, (iii) is received by the receiving party from third-parties without confidentiality restrictions, unless those third-parties were acting for or on behalf of the disclosing party related to this engagement, or (iv) is developed by the receiving party independently of, and without reference to, any Confidential Information communicated to the receiving party by or on behalf of the disclosing party. We will use the Confidential Information disclosed to us during this engagement solely to perform services for which we have been engaged.

B. We may be requested to make the Confidential Information available to regulators and other government agencies, pursuant to authority given by law or regulation. Responding to many such requests is mandatory. In those cases, access to such Confidential Information will be provided under our supervision and we may, upon their request, provide the regulator or agency with copies of all or selected portions of the Confidential Information. The requesting party may intend or decide to distribute the

copies or information contained therein to others, including other regulators or agencies.

C. Unless otherwise stated herein, prohibited by law or direction of law enforcement, or agreed in writing, the parties will (i) provide prompt notice of any request received to make Confidential Information pertaining to this engagement, including any of our work product, available to outside parties not involved in the performance of these services and (ii) obtain written consent from the affected party before disclosing the Confidential Information in response to the request. If consent is withheld, the parties will cooperate with any lawful efforts taken to minimize the disclosure or protect the Confidential Information.

D. We will invoice for reasonable and necessary time and out-of-pocket expenses we incur to respond to any request (such as a subpoena, summons, court order, or administrative investigative demand) pertaining to this engagement in a legal matter to which we are not a party. Our time to facilitate the response will be charged at our then-current standard hourly rates, our expenses (including attorney's fees) will be invoiced at cost, and our administrative and technology charge will be applied. If we agree to perform additional substantive services related to or arising out of the request, such matters may be the subject of a new engagement letter.

E. The parties agree to maintain Confidential Information using the same standard of care each uses to protect its own information of like importance but in no case less than a reasonable standard of care.

F. All rights to Confidential Information (including patent, trademarks, copyrights, or other intellectual property rights) shall remain vested in the disclosing party, and no rights in the Confidential Information are vested in the receiving party, except the limited right to use the Confidential Information solely to perform its obligations or exercise its rights under this engagement letter.

G. We will return or destroy the Confidential Information upon the disclosing party's request within a reasonable period of time, except that we will maintain any copies of the Confidential Information for the period necessary to comply with any applicable laws or professional standards and our own document retention policy (e.g. we will maintain our workpapers for seven (7) years from the date of any attest report we issue). Following such a period, we may destroy the Confidential Information without notice.

H. We may at times provide (i) documents marked as drafts or (ii) preliminary or ancillary information or advice (not included in a final deliverable). Those documents, information, and/or advice are for review and consideration purposes only and should not be relied upon or distributed, and should be destroyed, unless otherwise required by law. If further analysis, information, or advice is desired, we will be informed in writing. We may assist if the matter is within our expertise. Unless already encompassed by the scope of our engagement letter, if we agree to provide such further assistance, our services will be handled as additional services in the manner described above.

I. We may transmit and store data via email, the cloud, or other electronic and Internet-based mechanisms to facilitate this engagement. Please be aware that those mediums inherently pose a risk of misdirection or interception of Confidential Information. Any request to limit such transmissions or use a different means of transmission or storage must be made in writing and we will not be responsible for any resulting compromise in data security.

J. We do not act as the host or repository of financial or non-financial information or as an information back-up service provider for our clients. It is the responsibility of our clients to maintain a complete set of their own financial and non-financial data and records. If some portion of the data and records is contained only within our files, inform us before the issuance of our deliverable and we will provide a copy.

K. Unless otherwise stated herein or agreed in writing, neither this engagement nor engagement letter is intended for the benefit of any third party. Any party may inform us of any third party who will receive our deliverable. If we are not informed in writing by a party, we are not aware of the identity of such third parties and we do not anticipate their reliance upon our professional services or deliverable unless otherwise agreed in writing.

7. **Limitations on Liability and Indemnifications.**

A. Each party to this engagement letter other than us gives the following releases and indemnifications to us and our affiliates' partners, employees, and contractors, and each of their heirs, executors, personal representatives, successors and assigns ("Our Representatives"). We and Our Representatives are hereby released, indemnified, and held harmless, from and against any liability and costs, including related liabilities, losses, damages, costs, expenses, and attorneys' fees, resulting from or arising out of: (i) knowing misrepresentations or unintentional or unauthorized disclosures to us or Our Representatives by any party (other than us) or the officers, employees, or others acting or purporting to act on their behalf, (ii) disclosure of our work product to anyone not a party this engagement letter who we were not informed of in advance, or (iii) misdirection, interception, or failed delivery of information connected with this engagement during transmission, submission, or storage.

B. Our and Our Representatives' total aggregate liability pertaining to this engagement and engagement letter shall be limited to one (1) times the amount of our fees (excluding any reimbursable expenses) the party bringing the claim paid to us for the services in question. In no event shall we or Our Representatives be liable for indirect, incidental, consequential, special, multiple, exemplary, or punitive losses or damages—even if advised of their possible existence.

C. Satisfaction of a claim or cause of action arising from nonattest services (if any) which are part of this engagement or performed pursuant to this engagement letter shall only be sought from the limited liability partnership, Weaver and Tidwell, L.L.P. In no event will our partners, directors, employees, or agents be individually liable for any liability, damages, expenses, or losses of any nature, caused by or resulting from the engagement, engagement letter, or use of our work product. While we are entering into this engagement letter on our own behalf, this paragraph is also intended for the benefit of Our Representatives.

D. All limitations on liability and indemnifications contained herein shall apply to the fullest extent permissible by applicable laws and professional standards (including, without limitation, any applicable rules and interpretations of the AICPA, PCAOB, and SEC), regardless of the cause of action (whether contract, negligence, or otherwise), except as finally determined to have resulted solely from our fraud, gross negligence, or willful misconduct.

8. **Dispute Resolution Procedure including Jury Waiver.**

A. No claim arising out of or relating to this engagement or engagement letter shall be filed more than two (2) years after the earlier of the termination of this engagement or the date of the delivery of our work product in question, if any. This limitation applies and begins to run even if no damage or loss has been suffered, or the injured or damaged party has not become aware of the existence or possible existence of a dispute.

B. If a dispute arises out of or relates to this engagement or engagement letter, or the breach thereof, and if the dispute cannot be settled through negotiation, the parties agree first to try in good faith to settle the dispute by mediation before resorting to litigation. In such event, the parties will attempt to agree upon a location, mediator, and mediation procedures, but absent such agreement any party may require mediation in Fort Worth, Texas, administered by the AAA under its Commercial Mediation Procedures.

C. This engagement letter and all disputes between the parties shall be governed by, resolved, and construed in accordance with the laws of the State of Texas, without regard to conflict-of-law principles. Any action arising out of or relating to this engagement or engagement letter shall only be brought in, and each party agrees to submit and consent to the exclusive jurisdiction of the federal or state courts in the State of Texas and convenience of those situated in Tarrant County, Texas.

D. [Intentionally Omitted.]

E. Whenever possible, this engagement letter shall be interpreted in such a manner as to be effective and valid under applicable laws, regulations, or published interpretation, but if any term of this engagement letter is declared illegal, unenforceable, or unconscionable, that term shall be severed or modified, and the remaining terms of the engagement letter shall remain in force. The court should in such case modify any term declared to be illegal, unenforceable, or unconscionable in a manner that will retain the intended term as closely as possible.

F. If because of a change in status or due to any other reason, any of the terms of this engagement or any contract we have now or enter into in the future with any of the other parties, would be prohibited by, or would impair our independence when required under laws, regulations or published interpretations by governmental bodies, professional organizations or other regulatory agencies, such provision shall, to that extent, be of no further force and effect and the contract shall consist of the remaining portions.

9. **Miscellaneous.**

A. We have non-CPA owners who may provide services pertaining to this engagement.

B. We do not provide legal advice or services. If necessary, refer to appropriate legal counsel for advice or services of that nature.

C. This engagement letter sets forth all agreed upon terms and conditions of our engagement with respect to the matters covered herein and supersedes any that may have come before. CONTRACT BETWEEN
TARRANT COUNTY AND MHMRTC
FOR LAW LIAISON PROGRAM

Program Description

The goal of the program is to enhance coordination between law enforcement and mental health agencies to prevent the inappropriate incarceration of persons with mental impairments and encourage participation in treatment services. To follow is a description of the program developed through this collaborative process.

Primary Components:

1. **Specialized training of law enforcement officers** on two levels: a) a 40-hour Crisis Intervention training suitable for the general patrol officer that covers techniques for identifying and interacting with persons with mental impairments to promote safety in the initial police response, and b) a more intensive Mental Health Officer training. The Mental Health Officer training is identified as an elite designation, composed of a 40-hour curriculum that is also TCOLE certified. A team comprised of law enforcement and mental health personnel conducts all training. An eight-hour refresher course will be offered by the respective law enforcement agency for Crisis Intervention.

2. **A cadre of Mental Health/Crisis Intervention Officers** who will assist patrol officers with calls involving persons with mental impairments, including intellectual disabilities. Once a decision not to arrest has been made, these officers will work closely with the law liaison team to evaluate the individual's needs, determine the most appropriate diversion resources, and carry out that diversion.

3. **A law enforcement/mental health liaison team (Crisis Intervention Team)** will assist officers in finding and accessing the services needed to complete a mental health diversion. The liaisons will communicate and coordinate with public/private mental health and social service agencies to facilitate successful and timely completion of law enforcement referrals. The liaisons are employees of MHMRTC but will be supervised by an inter-agency management team.

4. **Coordination among mental health service providers** to create a network of service that law enforcement officers can access when they do not believe arrest is deserved. This network, coordinated by the liaison team, responds more effectively to the immediate needs of law enforcement officers and includes resources for persons who do not require hospitalization, but need and are willing to receive services. This system provides follow-up on all referrals, promotes continuity of care and a reduction in recidivism.

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider FY 2026 contract between Tarrant County and My Health My Resources of Tarrant County (MHMRTC) to provide behavioral health/intellectual disability services to inmates in the Tarrant County Jail System.

BACKGROUND

This contract will provide behavioral health/intellectual disability services to inmates in the Tarrant County Jail System through the auspices of MHMRTC. The program began in April 1990 to identify mentally ill inmates in the jail. After identification, the program staff works to divert the individual from the criminal justice system into an alternative program more suited to the individual's needs. MHMRTC will continue to provide the above-mentioned services to inmates in the Tarrant County Jail System. This contract is between Tarrant County, the Tarrant County Sheriff's Office and MHMRTC and provides funding not to exceed $9,212,413.00. The Tarrant County Hospital District provides funds to the County under a separate agreement for this purpose. This contract does not include the cost for the Sheriff to provide services and resources to support the program.

The term of this contract is September 1, 2025 through August 31, 2026.

The District Attorney's Office has approved this contract as to form.

FISCAL IMPACT

This contract is between Tarrant County, the Tarrant County Sheriff's Office and MHMRTC and provides up to $9,212,413.00 to MHMRTC for providing the services outlined above. Funding is available in accounts 10000-2026 General Fund/2120910000 Sheriff Confinement/566021.

NOW, THEREFORE the Town of Edgecliff Village (TOWN), Tarrant County (COUNTY), and the Tarrant County Sheriff's Office (SHERIFF) agree as to the following:

SECTION 1.
TERM

This Agreement shall be for an initial term of twelve (12) months commencing on October 1, 2025, and ending September 30, 2026, and may be extended thereafter by mutual consent of the parties hereto and for such periods as may be mutually agreed upon. However, in accordance with the Texas Interlocal Cooperation Act, not later than September 30 of each year, commencing with September 30, 2026, this Agreement, or amendments thereto, shall be subject to approval by the governing bodies of COUNTY and TOWN in order that it shall remain in force and funds budgeted therefore.

SECTION 2.
SCOPE OF SERVICES TO BE PROVIDED BY THE COUNTY

COUNTY hereby agrees to provide TOWN the following equipment, services, personnel, and facilities hereinafter collectively referred to as "Police Services":

a. Patrol. COUNTY, through the SHERIFF, shall use its reasonable and best efforts to provide "full staffing" of patrol deputies to TOWN as much as possible. "Full staffing" is defined as one (1) or more deputies per shift, 16 hours a day, 7 days a week, for a total of two deputies per calendar day, plus any additional deputies mutually agreed upon with TOWN in the future. However, less than "full staffing" is acceptable to accommodate up to an 18-day vacation cap per deputy per year, and additionally other necessary personnel absences, such as worker's compensation, Family Medical Leave, sick time, emergency leave, and training, which have no cap. If a patrol deputy assigned to CITY cannot perform their patrol

duties for more than the 18-day vacation cap due to leave, placement on light-duty, or any other reason, SHERIFF will assign a replacement patrol deputy to CITY, subject to staff availability. When the original patrol deputy's becomes available to return to full duty, SHERIFF has sole discretion to decide whether that deputy will resume patrol duties with CITY, in accordance with the Tarrant County Sheriff's Department Civil Service Rules.

In no event shall staffing ever fall below one patrol deputy per shift within TOWN, and in the event of less than "full staffing", SHERIFF, if staffing is available, shall supplement staffing within TOWN with one other on-patrol district deputy as operationally necessary.

b. Appearance in Municipal Court or other TOWN requested events. In addition to the annual compensation established in the Agreement, TOWN will be invoiced monthly by the COUNTY for actual overtime incurred for deputies who work at the request of the TOWN including Municipal Court appearances and/or other TOWN requested events. Bailiff services shall be provided for Town of Edgecliff Village Municipal Court upon TOWN's request and shall be invoiced monthly at the normal hourly rate of pay for each deputy provided, plus any overtime due to the particular deputy for time worked as bailiff.

c. Jail. The COUNTY shall provide jail services for housing TOWN prisoners including providing booking services, feeding, hygiene and release. Jail services for Class C misdemeanants only shall be invoiced monthly at the daily rate of $101 per inmate per day. Arrestees charged only with Class C misdemeanors will not be jailed at any COUNTY jail facility as a punishment and will be subject to a walk-through booking process for identification purposes if allowed by law. d. Warrants. The COUNTY shall enter Class C warrants from the Town of Edgecliff Village Municipal Court into the TCIC (regional or local database)/NCIC (national database) until these warrants are executed by arrest or otherwise recalled by the Town of Edgecliff Village Municipal Court or automatically purged from the system two (2) years after entry into database.

e. Access to information. Upon request, the TOWN shall be provided access to information related to the Police Services provided under this Agreement, including but not limited to, law enforcement activity reports and statistics for the purpose of providing TOWN performance measures relating to services provided by COUNTY in accordance with this Agreement.

f. Although TOWN's contract price is based on a flexible provision of patrol deputies as described above, TOWN shall receive plenary law enforcement services at no additional charge in connection with this contract, such as detective services, entry of TOWN's Class C warrants into TCIC and NCIC databases, dispatch services, and additional staff services supporting law enforcement.

g. Performance Standards. In performing its duties under this Agreement, the COUNTY shall:

(1) Establish clear and concise communication and accountability to the TOWN.

SUBJECT:

Consideration of Sheriff and Constable Fee Schedule for Calendar Year 2026

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the proposed Sheriff and Constable Fee Schedule for Calendar Year 2026.

BACKGROUND

Section 118.131, Texas Local Government Code requires the Commissioners Court to annually set Sheriff and Constable fees. Fees must be set before October 1st in order to go into effect on January 1st of the following year. This statute permits the Court to set fees that have been deemed reasonable, and in an amount up to a level equal to the cost of providing the associated services.

The Budget and Risk Management Office performed an analysis of fees for surrounding counties and invited input from the Constables, Justices of the Peace, Sheriff's Department, District Clerk, County Clerk, Auditor and District Attorney's Offices regarding the proposed fee schedule. It was determined Tarrant County's fees, on average, are thirty-five percent (35%) lower than those of neighboring counties. To begin addressing this gap, the proposed fee schedule includes a twenty percent (20%) increase effective for calendar year 2026. Fees will be re-evaluated ahead of calendar year 2027 to determine whether further adjustments are warranted.

The proposed fee schedule has been reviewed by the Criminal District Attorney's Office for compliance.

FISCAL IMPACT

The proposed fee schedule is projected to generate approximately $750,000.00 in additional revenue for the General Fund.

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: September 16, 2025	**Court Order #:**	**Page:** 1 of 4
Department: Budget and Risk Management	**Prepared By:** Rand Otten	**Approved By:** Matthew Jones

SUBJECT:

Consideration of the Fiscal Year 2026 Notice of Award from the Texas Health and Human Services Commission for the Tarrant County Public Health Prevention and Early Intervention Community Youth Development Program

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court approve FY 2026 Notice of Award (NOA) 2026-01 from the Texas Department of Family and Protective Services (DFPS) for the Tarrant County Public Health (TCPH) Prevention and Early Intervention (PEI) Community Youth Development (CYD) Program, Contract #HHS000841700005.

BACKGROUND

The CYD Program began in April 1996 to provide support services to youth and their families with the goal of curbing juvenile crime. Grant funding provides assistance to Prevention and Early Intervention (PEI) partners with community-based programs, providing a variety of opportunities to promote positive outcomes for children, youth, and families. Services are provided by sub-awards through reimbursements from the CYD program DFPS grant. The TCPH CYD program provides over-site for these sub-awards.

The Texas Family Code, Section 265.007, authorizes HHSC to award CYD grants to communities with high incidences of juvenile crime. This includes ZIP codes 76106 and 76164 in Tarrant County. The CYD program aligns with the core functions of Public Health by strengthening protective factors, supporting community partnerships, and addressing juvenile delinquency.

On August 17, 2021, the Commissioners Court, through Court Order #136109, approved a Grant Agreement with HHSC for the term of September 1, 2021, through August 31, 2026, with funding not-to-exceed $3,281,250.00 over the term of the contract. In addition, the contract expanded the service area for Tarrant County to include the 76112 and 76119 ZIP codes.

On August 6, 2024, the Commissioners Court, through Court Order #143559, approved NOA No. 2025-01 from DFPS to award Tarrant County $675,000.00 for FY 2025 CYD Program services and the Innovation Grant for Community-Based Child Abuse Prevention (CBCAP). The grant funding period for this award was effective September 1, 2024, through August 31, 2025.

With approval of NOA No. 2026-01, Tarrant County will receive $525,000.00 in grant funding for FY 2026 CYD Program services. The grant funding period for this award is effective September 1, 2025, through August 31, 2026.

FISCAL IMPACT

Funds will be requested for FY 2026 in the amount of $525,000.00.

This grant does not require matching funds, allows for indirect costs, and does not include an operating subsidy. All associated costs to be paid from grant funds in Grant-2004 / F0040-2026 / 5100103000.

PASSED AND APPROVED on September 16, 2025.

COMMISSIONERS COURT COMMUNICATION

Court Date: September 16, 2025	**Court Order #:**	**Page:** 1 of 1
Department: Elections Administration	**Prepared By:** Troy Havard, Assistant Elections Administrator	**Approved By:** Clinton Ludwig

SUBJECT:

Consideration to Authorize the Elections Administrator to Provide Written Notification to Party Chairs, Precinct Chairs and Presiding Judges Regarding Proposed Changes to Voting Precinct Boundaries

***** CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider authorizing the Tarrant County Elections Administrator to provide written notification to party chairs, precinct chairs, and presiding judges regarding proposed changes to voting precinct boundaries.

BACKGROUND

On August 29, 2025, Governor Abbott signed HB4 into law, which altered the districts for the election of members of the United States House of Representatives from Texas. Due to this redistricting, election precinct boundary changes are necessary to bring Tarrant County into compliance with Texas Election Code Section 42.005, which forbids territory from an election precinct from containing territory from more than one of six types of electoral territorial units. Texas Election Code Section 42.031(b)(1) permits the Commissioners Court to order a boundary change of election precincts under these circumstances. As currently constructed, there will be a net sum gain of twelve (12) voting precincts, resulting in a total of 708 voting precincts. Pursuant to Texas Election Code Section 42.036, before an election precinct boundary change can be ordered, the Commissioners Court must send out written notices to party chairs, precinct chairs, and presiding judges regarding proposed changes. By approving this item, the Commissioners Court authorizes the Tarrant County Elections Administrator to send out the required notices on behalf of the Court. An item ordering the change in election precinct boundaries will appear on the Commissioners Court agenda for October 14, 2025.

There is no Fiscal Impact associated with this item.

Part D FY25-26 CAN Contract (Partially-Executed).pdf

The State of Texas §
§ **COMMUNITY SUBRECIPIENT CONTRACT**
County of Tarrant §

1. BACKGROUND

Tarrant County, Texas ("County") has received a grant (the "Grant") from the Health Resources and Services Administration ("HRSA") of the Department of Health and Human Services ("HHS"), for **Ryan White Title IV Women, Infants, Children, Youth, and Affected Family Members AIDS Healthcare** (Part D), to help the provision of HIV services in the community; and

The County Judge designated the Tarrant County HIV Administrative Agency ("TCAA") as recipient of the Part A funding to make sure funds are used fairly and appropriately, in a way that maximizes linkage of people living with HIV to care, retention in care, and positive medical outcomes.

CAN Community Health, Inc. ("Subrecipient"), is an organization in Tarrant County, Texas, that provides HIV Care and Treatment and has requested an award of Grant proceeds from the County to support the delivery of HIV Care and Treatment services.

The County, acting by the Commissioners Court of Tarrant County, agrees to provide Subrecipient funds from the Grant, to the extent available, in an amount not to exceed **$271,558.00** in exchange for Subrecipient's agreement to provide HIV Care and Treatment services based upon certain terms and conditions.

Therefore, County and Subrecipient enter into the following Community Subrecipient Contract (the "Contract") based upon the following terms and conditions.

2. SCOPE OF WORK

Subrecipient will perform the Scope of Work described in **Attachment 1, A1-2025014.** On receipt of this Contract, Subrecipient will begin and complete the work within the Contract term. Subrecipient will provide services in accordance with Ryan White HIV Program Services: Eligible Individuals and Allowable Use of Funds Policy Clarification Notice #16-02. Subrecipient will also provide services in accordance with the local Standards of Care.

Subrecipient shall use these funds to provide at least one Part D service to (90) unduplicated clients during Contract Year FY 2025-2026 (08/1/2025–07/31/2026). The number of units and clients by service category are found in the Attachment 1 (Scope of Work).

3. TERM

The term of this Contract is from **August 1, 2025, to July 31, 2026**.

4. AMENDMENTS

This Contract may not be amended without written agreement. However, Subrecipient may move up to 10% of allocated funds within any budget category without written approval of County, except for Equipment or Indirect Cost budget line items, if the movement is consistent with the budget in **Attachment 1**. In order to move any amount over and above a cumulative total of 10% of allocated funds within any budget category, Subrecipient must request the reallocation in writing to County.

The Subrecipient will submit a revised budget narrative to the TCAA prior to the submission of the Subrecipient's first monthly billing to the County following the movement of funds between budget line items.

If the Subrecipient fails to achieve contracted outcome objectives and expenditures, the County may require the return of funds with reallocation or redistribution to other entities.

Subrecipient shall be subject to decrease of funds if funding is not utilized at the anticipated rate of expenditures. The anticipated rate of expenditures is one-twelfth of the contract amount by service category per month. The formula for reduction of funds shall be as follows:

- At one quarter of the contract period the Subrecipient shall have expended at a minimum twenty percent (20%) of allocated funds for each service category. If the minimum has not been expended, ten percent (10%) of the unspent funds allocated for that contract period can be swept through a budget reduction at the discretion of the TCAA.
- At one half of the contract period the Subrecipient shall have expended at a minimum forty percent (40%) of allocated funds for each service category. If the minimum has not been expended, fifty percent (50%) of the unspent funds allocated for that contract period can be swept through a budget reduction at the discretion of the TCAA.
- At three quarters of the contract period the Subrecipient shall have expended at a minimum seventy five percent (75%) of allocated funds for each service category. If the minimum has not been expended, one hundred percent (100%) of the unspent funds allocated for that contract period can be swept through a budget reduction at the discretion of the TCAA.

Subrecipient may become eligible for an increase in funding if it has spent funding at the anticipated rate and can present a proposal for the utilization of additional funds by serving additional unduplicated clients and delivering additional units of service.

5. SEVERABILITY

If a court construes a provision of this Contract illegal or invalid, that construction will not affect the balance of the Contract, and the court will delete the illegal or invalid provision, with all other provisions of the Contract to remain in force and effect.

6. ASSURANCES, REPRESENTATIONS, AND COMPLIANCE

a. Subrecipient assures that personnel paid from these funds are duly licensed, certified, registered, permitted, approved and qualified to perform contracted services. Subrecipient represents that all necessary program or facility licenses are current. Subrecipient will notify County immediately if such licenses become invalid during the term of this Contract. The Subrecipient will document these assurances in the year-end program report.

b. Subrecipient assures that funds will not be used to provide items or services for which payment has already been made or reasonably can be expected to be made by third-party payers, including Medicaid, Medicare and/or other federal, state, or local entitlement programs, prepaid health plans, private insurance, or other services provided by community-based organizations. The Subrecipient understands that if services performed under this Contract are available under the state Medicaid plan, then the Subrecipient must enter into a participation agreement under the state Medicaid plan. Subrecipient must ensure funding available through this Contract is used strictly as the payer of last resort.

c. Subrecipient assures that it will adhere to confidentiality requirements, including policies regarding the confidentiality and security of Protected Health Information, the AIDS Workplace Guidelines, the HIV Services Grant Program Rules, and Requirements for Contents of AIDS-related Written Materials. Subrecipient will not engage in activities that advocate or promote the violation of state or federal laws.

d. Subrecipient assures that it will comply with the HRSA Ryan White National Part A Programmatic, Fiscal, and Universal Monitoring Standards applicable to SubGrantees, Subrecipients and Subcontractors as implemented by Tarrant County. The Ryan White National Monitoring Standards detail the minimum acceptable standards contractors must comply with. Adherence to DSHS Standards of Care, Site Visit guidelines, Outcome Measures, Contract requirements and other requirements implemented by Tarrant County often exceed those required by the HRSA Ryan White National Monitoring Standards. Subrecipient assures that it will comply with the National, State and local requirements.

e. Subrecipient assures that it will not transfer a client or patient record through any means, including electronically, to another entity, person, or other Subrecipient without a written consent from the client or patient, or someone authorized to act on his or her behalf; however, the County or HRSA may require Subrecipient, or any subcontractor, to timely transfer a client or patient record to the County or HRSA if the transfer is necessary to protect either the confidentiality of the records or the health and welfare of the client or patient.

f. Subrecipient assures that it will not expend funds from this Grant to lobby Congress, the legislature, or any agency in connection with a particular contract. Subrecipient assures that it will not discriminate against any person on the grounds of race, creed, color, handicap, national origin, gender, sexual orientation, political affiliation, or beliefs.

g. Subrecipient assures in its performance of this Contract that:

(i) in the case of individuals with an income less than or equal to 100 percent of the official poverty line, Subrecipient will not impose charges on any such individual for the provision of services under the Grant;
(ii) in the case of individuals with an income greater than 100 percent of the official poverty line, Subrecipient:
    1) will impose a charge on each such individual for the provision of such services;
    2) will impose the charge according to a schedule of charges that is made available to the public; and
    3) will make a reasonable attempt to collect;
(iii) in the case of individuals with an income greater than 100 percent of the official poverty line and not exceeding 200 percent of such poverty line, Subrecipient will not, for any calendar year, impose charges in an amount exceeding five (5) percent of the annual gross income of the individual involved;
(iv) in the case of individuals with an income greater than 200 percent of the official poverty line and not exceeding 300 percent of such poverty line, Subrecipient will not, for any calendar year, impose charges in an amount exceeding seven (7) percent of the annual gross income of the individual involved; and
(v) in the case of individuals with an income greater than 300 percent of the official poverty line, Subrecipient will not, for any calendar year, impose charges in an amount exceeding ten (10) percent of the annual gross income of the individual involved.

h. Subrecipient assures that HIV health care and support services provided with assistance made available under this Contract will be provided without regard to the ability of the individual to pay for such services.

i. Funds awarded for Emergency Financial Assistance, short-term medications, must be spent on clients who are pending approval through medication assistance programs or are ineligible for medication assistance programs.

j. Subrecipient assures that for any fees it charges to clients for services, Subrecipient will publicly display its fee schedule. Annual aggregate charges (including fees and co-payments) will not exceed the total allowable annual charges. The term "aggregate charges" applies to the total annual charges that may be collected from a client for all HIV services. Subrecipient will create a tracking mechanism to ensure individual client charges do not exceed the maximum allowable annual charges.

k. Subrecipient assures that if it purchases or reimburses for outpatient drugs, the Subrecipient's drug acquisition practices meet Federal requirements regarding cost-effectiveness and reasonableness, including 42 CFR Sections 50.501-50.504, 45 CFR Part 75.420-475, and other federal law to the extent applicable. The purchase or reimbursement for drugs must comply with the Community AIDS Pharmaceutical Assistance ("CPAP") formulary. If Subrecipient is a drug reimbursement agency or a medical provider that dispenses medication, Subrecipient assures that drug costs are expected to secure the best prices available for such products and to maximize results for the recipient organization and its patients, when available, the Public Health Services price, whichever is less expensive. Failure to participate, or failure to plan to participate in 340B pricing within 120 days of funding will eliminate organizations from eligibility to be awarded funding in the CPAP service category.

If a Subrecipient receives 340b revenue, this is considered program income and must be spent on allowable items within the grant period. Subrecipients must create a 340b budget.

l. Subrecipient assures that all medical and non-medical case managers will obtain Affordable Care Act Certified Application Counselor status through the Centers for Medicaid and Medicare Services. Subrecipient assures that uninsured clients will be assisted with the process of applying for health insurance through the Marketplace and that documentation of eligibility is maintained in client charts or files. Subrecipient will enroll physicians and clinics in Qualified Health Plans.

m. Subrecipient assures that it will comply with all requirements and guidelines outlined in the most recent HIV Services Standards of Care. Subrecipient will comply with all HRSA and County program policies and operating procedures.

n. Subrecipient assures that this Contract will not be transferred, or otherwise assigned, or any interest in or any right, duty, or obligation under, or any claim arising under, without first obtaining the prior written approval from the HIV Administrative Agency located at 2300 Circle Drive, Suite 2306; Fort Worth, Texas 76119. Any attempt to transfer, or otherwise assign, will be void and will confer no rights upon any third person or entity.

o. Subrecipient assures and represents that its receipt of funding under this Contract will not be used to supplant private, state, local, or other federal funds received by the Subrecipient.

p. Subrecipient assures that case records of patients/clients who are receiving Ryan White services will contain documentation as required by the Standards of Care.

q. Provide Enterprise is the designated client management information system for the Tarrant County Ryan White Program that must be utilized to document client level information, services delivered, and all required data elements. Subrecipients will be required to pay for the Provide Enterprise Licensures for new users and annual maintenance fees per licensee. Subrecipients may utilize RWHAP-related funding such as grant funds, program income (i.e., 340b, insurance reimbursement) and/or other funding sources to pay for licensure fees and annual maintenance fees.

r. Subrecipients assure that all Outpatient/Ambulatory Health Services are diagnostic and therapeutic-related activities are delivered directly to a client by a licensed healthcare provider in an outpatient medical setting. Outpatient medical settings may include: clinics, medical offices, mobile vans, using telehealth/telemedicine technology, and urgent care facilities for HIV-related visits.

s. Subrecipient assures and represents that the person signing this Contract on behalf of Subrecipient is authorized to execute this Contract on Subrecipient's behalf and to legally bind Subrecipient to all Contract terms.

t. Subrecipient will complete and sign **Attachment 2** in compliance with the Federal Executive Order 12549 "Debarment and Suspension".

FAILURE TO COMPLY WITH ANY OF THE ASSURANCES AND REPRESENTATIONS CONTAINED IN THIS SECTION 6 HEREIN AS WELL AS ANY OTHER TERM AND CONDITION OF THIS CONTRACT MAY BE GROUNDS FOR TERMINATION OF THIS CONTRACT AND MAY RESULT IN THE WITHHOLDING OF FUTURE AWARDS. SUBRECIPIENT UNDERSTANDS THAT BY ENTERING INTO THIS CONTRACT COUNTY WILL AUDIT SUBRECIPIENT'S PERFORMANCE OF THIS CONTRACT, INCLUDING SUBRECIPIENT'S COMPLIANCE WITH THE ASSURANCES AND REPRESENTATIONS CONTAINED IN THIS SECTION 6 OF THIS CONTRACT.

7. HEALTH INSURANCE PORTABILITY AND ACCOUNTABILITY ACT

This Contract is subject to the Health Insurance Portability and Accountability Act of 1996 ("HIPAA") and the Privacy Regulations, 45 C.F.R. Parts 160 and 164 issued under said Act.

The parties acknowledge the existence of applicable legal requirements pursuant to the Health Insurance Portability and Accountability Act ("HIPAA") and the Health Information Technology for Economic and Clinical Health Act of 2009 ("HITECH Act"). Attached to and incorporated in this Agreement as **Attachment 3** is County's standard Business Associate Agreement ("BAA"). Subrecipient acknowledges that for all purposes under the BAA and this Agreement, the County is a "Covered Entity" and Subrecipient is a "Business Associate". Furthermore, Subrecipient agrees to comply with and satisfy all the terms and conditions of the BAA applicable to a Business Associate. Any violation of or failure to satisfy the terms and conditions of the BAA shall be a breach of this Agreement and render this Contract null and void. County will make the decision whether or not documents will be required, and the decision of County will be final. Subrecipient agrees that it will negotiate in good faith an amendment to this Agreement if, and to the extent required by, the provisions of HIPAA and regulations promulgated thereunder, in order to assure that this Agreement is consistent therewith.

8. STANDARDS FOR FINANCIAL MANAGEMENT

a. In accordance with 45 CFR 75 – Uniform Administrative Requirements, Cost Principles, and Audit Requirements for HHS Awards, Subrecipient will develop, implement and

maintain financial management and control systems, which include at a minimum accurate payroll, accounting and financial reporting records, cost source documentation, effective internal and budgetary controls, and determination of reasonableness, allowability and allocability of costs, and timely and appropriate audits and resolution findings.

b. A separate cost center will be maintained within the general ledger for each Contract, including a 340b specific cost center. Multiple cost centers may be used, provided the total cost in each of the cost centers equals and supports the reimbursement amount and the total cost reported to Tarrant County. A cost center is defined as a unique series of general ledger accounts established for the purpose of accumulating and categorizing expenses related to a specific cost objective. Each cost center will have a unique revenue account(s) that captures all income generated from these activities performed under a specific cost center. The balances reflected in these accounts will be the basis for monthly payment requests.

c. Subrecipient must maintain an effective accounting system, which will:

(i) Identify and record valid transactions
(ii) Record transactions to the proper accounting period in which transactions occurred
(iii) Describe transactions in sufficient detail to permit proper classification
(iv) Maintain records that permit the tracing of funds to a level of detail that establishes that the funds have been used in compliance with Contract requirements
(v) Adequately identify the source and application of funds of each Grant Contract
(vi) Generate current and accurate financial reports in accordance with Contract requirements

d. Subrecipient will provide agency cost allocation plan to Tarrant County Auditor's Office no later than sixty (60) days from effective date of Contract execution.

e. Subrecipient will bill third party payers for services provided under this Contract, at no cost to the client, with the exception of co-payments required by third party payers. These potential payers include private insurance carriers, Medicaid, other available federal, state, local, and private funds, etc. Subrecipient will become a Medicaid provider for applicable program activities funded in this Contract and will maximize efforts to obtain payment from Medicaid and all other available sources.

9. PROGRAM INCOME

Program income is defined as the gross income received by a recipient or subrecipient that is directly generated by a grant supported activity or earned only as a result of a federal award during a contract period. Examples of program income include:

- Funds received by billing public or private health insurance for services provided to eligible Ryan White HIV/AIDS Program ("RWHAP") clients;
- Fees, payments, or reimbursement for the provision of specific services such as client care reimbursements received under Medicare, Medicaid, Children's Health Insurance Program;
- Charges imposed on clients for services, as required by RWHAP Parts A, B, and C legislation (sliding fee scale charges);
- The difference between the third-party reimbursement and the 340b drug purchase price (i.e., 340b revenue).

a. Subrecipients must ensure that drug rebates and program income earned as a result of the RWHAP award are used only for allowable activities and only for purposes of the RWHAP award. See section 2616(g) of the Public Health Service Act and 45 CFR 75.307(e)(2).

b. Subrecipient must use the 'additive' method for expending program income. Under the 'additive' method, program income must be used for the purposes for which the award was made and may only be used for allowable costs under the award.

c. Subrecipients will be required to have a policy and procedure in place for allocating and tracking program income, revenue, and expenditures.

d. Subrecipient will identify all revenues received from performing contract services as "Program Income." Subrecipient must use Program Income for allowable current costs. Subrecipient must budget and expend the Program Income during the budget period in which it is realized.

e. Program income may be expended on any allowable Ryan White core medical or support service category, clinical quality services, or administrative costs as part of a comprehensive system of care for individuals living with HIV.

f. Program income may be utilized to expand services within the allowable scope of the Ryan White grant.

g. Subrecipient will submit a 340b spending/allocation plan to the TCAA within thirty (30) days of Contract execution.

10. PAYER OF LAST RESORT

RWHAP funds may not be used for any item or service to the extent that payment has been made or can reasonably be expected to be made by another payment source.

Subrecipients are expected to vigorously pursue enrollment into health care coverage for which their clients may be eligible (e.g., Medicaid, CHIP, Medicare, state-funded HIV/AIDS programs, employer sponsored health insurance coverage, and/or other private health insurance) to extend finite RWHAP grant resources to new clients and/or needed services.

Prior to billing the County, Subrecipient will have a 3rd party verification system to verify clients' eligibility for payment by Medicaid/Medicare or private insurance. The County will have the right to withhold all or part of any payments otherwise due in order to reconcile third party, Medicaid/Medicare or insurance reimbursable expenses inappropriately billed to the County

11. ALLOWABLE COST

Tarrant County will pay the allowable and reasonable costs incurred in performing the scope of work that are sufficiently documented. Subrecipient must have incurred a cost prior to claiming reimbursement and within the applicable term to be eligible for reimbursement under this Contract. Tarrant County will determine whether costs submitted by Subrecipient are allowable, reasonable, and eligible for payment. If Tarrant County has paid funds to Subrecipient for unallowable or ineligible costs, Tarrant County will notify Subrecipient in writing, and Subrecipient shall return the funds to Tarrant County within thirty (30) calendar days of the date of this written notice. Tarrant County may withhold all or part of any payments to Subrecipient to offset reimbursement for any unallowable or ineligible expenditure that Subrecipient has not refunded to Tarrant County, or if financial status report(s) required are not submitted by the due

date(s). Tarrant County may take repayment (recoup) from funds available under this Contract in amounts necessary to fulfill Subrecipient's repayment obligations.

The Consolidated Appropriations Act, 2025, Public Law 118-83, signed into law on September 26, 2024, restricts the amount of direct salary which may be paid to an individual under an HHS grant, cooperative agreement, or applicable contract to a rate no greater than Executive Level II of the Federal Executive Pay Scale. Effective January 1, 2025, the Executive Level II salary level is $225,700.00.

12. OVERTIME COMPENSATION

Subrecipient may not use Grant funds provided under this Contract for payment of overtime. Subrecipient will be responsible for any overtime pay not authorized by amendment.

13. CONTRACT FUNDING ADVANCES

Subrecipient may request Contract advances in the amounts as described in 45 CFR 75.305(b)(1).

- Subrecipients will submit payment requests every 30 days to reconcile with the contract advances.
- In order to reconcile any Contract advances, Subrecipient must submit a payment request no later than the 22nd day of each month in order to reconcile said Contract advances.
- Subsequent Contract advances shall not exceed the previous advance, less the amount of funds that remains unused from the previous advance.

14. MEETING ATTENDANCE

Subrecipient will attend all required meetings, as specified by the Administrative Agency, including but not limited to: monthly monitoring calls, quality management, technical assistance, and care coordination trainings during the Contract term. Participation in required meetings and trainings will be specific to the position(s) and role(s) of grant funded position(s).

15. REPORTS, INSPECTIONS, AND QM PLANS

a. Subrecipient will submit fiscal, progress, programmatic, and other reports as requested by County in the approved format. Monthly payment requests are due no later than the 22nd day of the following calendar month. If the reporting due date falls on a weekend or holiday, the deadline is extended to no later than 5:00 pm Central Time the first weekday immediately following the weekend or holiday.

b. As required by the HRSA and the County, the Subrecipient will collect, update, maintain and report client level data in a manner consistent with the Uniform Reporting System (URS) based on reporting standards established by HRSA. Subrecipient will collect, update, maintain and report all data consistent for reporting in the annual Ryan White Services Report (RSR), as well as other demographic, medical, service, and other required data elements throughout the Contract period. Subrecipient will also enter all Ryan White eligible services in Provide Enterprise for the Ryan White program, this includes all data on clients receiving services providing using RWHAP not just funded services. Subrecipient will participate in all periodic and ongoing Data Improvement activities required by HRSA and the County.

c. In order to protect and retain client data, Subrecipient will incorporate appropriate procedures, including the systematic creation and maintenance of end-user passwords and other security measures outlined in County policies.

d. Penalties for delinquent reporting may include withholding of payments until such time all reports are received, cancellation of the Contract with no obligation to pay for undocumented services, or both.

e. When state or federal funds are involved, any authorized representatives of the local, state or federal government have the right, at all reasonable times, to inspect or otherwise evaluate the work performed or being performed and the premises in which it is being performed. Subrecipient will participate in and provide reasonable access to facilities for assisting said representatives. All inspections and evaluations will be performed in such a manner as will not unduly delay the work.

f. County payment to Subrecipient does not stop the County from determining that certain costs were ineligible for reimbursement or that Program Income was not spent in accordance with this Contract. If the County determines that a cost the County has paid for is ineligible for reimbursement, the Subrecipient must refund the ineligible amount to the County. Additionally, the County may withhold payment to the Subrecipient in order to:

1. Recoup reimbursement for ineligible expenditures;
2. Recoup ineligible use of Program Income; and
3. Encourage Subrecipient compliance with County's reporting requirements, program objectives, or other requirements relating to the Subrecipient's performance under this Contract.

The County reserves the right to redistribute and reallocate funds when necessary.

g. An audit must be completed if required by 2 CFR Part 200.500-520 and or 45 CFR Part 75.501-520. If the guidance does not require a single audit, the Subrecipient must notify County in writing.

16. PARTICIPANT RECORDS

a. Subrecipient Grants County, HRSA, the Inspector General, the Comptroller General of the United States, or any of their duly authorized representatives, the right of timely and unrestricted access to any books, documents, papers, or other records of Subrecipient pertinent to the Contract, in order to make audit, examinations, excerpts, transcripts and copies of such documents. This right also includes timely and reasonable access by County fiscal and program personnel for the purpose of reviewing, interviewing, evaluating and monitoring related to such documents. This right includes access to records of for-profit enterprises owned by the Subrecipient and collocated with the non-profit in the same building.

b. County retains the right of access to Subrecipient's records or the right to obtain copies of said records for audit, litigation, or other circumstances that may arise. If this Contract is terminated during the Contract term, County may provide written notice to the Subrecipient requesting that the clients receiving services under this Contract have their cases and copies of their records transferred to another Subrecipient. Upon receiving such notice from County, the Subrecipient will take all necessary and reasonable steps to obtain the written consent of the clients for transfer of their cases. The client's case and records will be transferred to another Subrecipient only with client's written consent. Any disclosure or transfer of records will conform to the confidentiality provisions of this Contract.

c. Subrecipient must have written policies and procedures that address the organization, content, compilation, storage, dissemination, transport and accessibility of client records.

d. These documents will be maintained and retained by the Subrecipient in accordance with state and federal retention schedules. If any litigation, claim, or audit involving these records begins before the retention period expires, the Subrecipient must retain the records and documents in accordance with state and federal retention schedule or until litigation, claims, or audit findings are resolved, whichever is later.

17. **EQUIPMENT AND SUPPLIES**

a. Subrecipient will purchase and maintain any equipment and supplies procured under this Contract in conformity with applicable federal and state laws, regulations, and rules affecting the purchase of these items with Grant funds. All equipment shall be acquired and paid for within the first ninety (90) days of the Grant start date. Failure to purchase equipment will result in loss of availability of funds for the purchase of equipment.

b. "Equipment" means controlled assets or an article of nonexpendable, tangible personal property having a useful lifetime of more than one year with an acquisition cost of $10,000.00 or more. "Controlled assets" regardless of the acquisition cost, are defined as desktop and laptop computers, non-portable printers and copiers, emergency management equipment, communication devices and systems, medical and laboratory equipment, and media equipment. If Subrecipient uses a cost reimbursement payment method for purchase of equipment, then it shall inventory all equipment. Subrecipient shall initiate in the first quarter of the Contract the purchase of all equipment approved in writing. Failure to timely initiate the purchase of equipment may result in the loss of availability of funds for the purchase of equipment. Requests to purchase previously approved equipment after the first quarter of the Contract will be submitted to the HIV Administrative Agency Manager. If seeking reimbursement for equipment purchases, Subrecipient must receive prior approval for equipment purchases.

c. The Subrecipient will maintain, repair, and protect equipment in order to assure its full availability and usefulness. Subrecipient will insure all equipment at its replacement value against any loss, destruction or damage. In the event the Subrecipient is indemnified, insured, reimbursed, or otherwise compensated for any loss of, destruction of, or damage to the equipment provided under this Contract, it will use the proceeds solely for the repair or replacement of this equipment.

d. Subrecipient must attach a detailed, cumulative listing of equipment inventory to Subrecipient's final request for Grant payment. If there have never been any equipment purchases paid for by funds from the County, Subrecipient must attach a statement to that effect. Subrecipient's final billing for each Grant will not be accepted if this inventory or statement is not attached. Additionally, failure to include the inventory listing or statement may result in an audit finding on Subrecipient's monitoring review and/or delay of reimbursement. Audit findings may cause termination of Contract for cause or suspension of payment of funds.

e. The Subrecipient will execute any necessary documents to transfer title of any equipment purchased with funds from this Contract to either the County, or any other party designated by the County; provided, however, that the County may at its option and to the extent allowed by law, transfer title of such property to the Subrecipient.

f. For the purposes of the contract, Subrecipient may not use funds to make payments to intended recipients of service; to purchase a building or facility; or to improve a building or other facility.

18. CONFIDENTIALITY

Subrecipient will maintain a system to protect client records and other Contract records deemed confidential by law from inappropriate disclosure. This system will encompass mechanisms for the protection and confidentiality of all paper and electronic records. Any disclosure of confidential client information by the Subrecipient, including information required by Section 16, will be in accordance with applicable law.

19. ENDING THE HIV EPIDEMIC

Subrecipient will conduct activities focused on addressing the following four (4) goals in compliance with the National Goals to End the HIV Epidemic and demonstrate measurable progress towards the goals.

a. Reduce new HIV infections;
b. Increase access to care and optimize health outcomes for people living with HIV (PLWH);
c. Reduce HIV-related health disparities and health inequities; and
d. Achieve a more coordinated national response to the HIV epidemic.

The HIV Care Continuum, at a minimum, should be used as a basis for planning and assessing outcomes.

Ending the HIV Epidemic requirement of eligibility:

As outlined in Notice of Funding Opportunity HRSA-24-063, the only requirement for determining eligibility for EHE service provision is that the individual has a documented HIV diagnosis. All newly diagnosed clients who are provided any services (whether EHE or RWHAP) in an EHE-funded jurisdiction will be counted as an EHE client.

The following eligibility criteria are specific to Rapid Start: Preliminary or Confirmatory HIV+ diagnosis:

- The client is **Newly Diagnosed**: Testing positive for the first time in the past 12 months or has previously tested positive but has not been in care.
- The client is **Returning to Care**: client who has an HIV diagnosis and has not attended an HIV medical visit in the preceding 6 months, nor evidence of prior labs or medication during the same time period.
- The client is **in care and not virally suppressed** or client is **new to the jurisdiction.** The client is currently served by a subrecipient and has a detectable viral load or the client is transferring care from another jurisdiction.

20. QUALITY MANAGEMENT

a. The Subrecipient will implement and maintain a Quality Management (QM) program which complies with HRSA Clinical Quality Management Policy Clarification Notice #15-02. The Ryan White program requires the establishment of a clinical quality management (CQM) program that assesses the extent to which care and services provided are consistent with federal, state, and local standards of HIV/AIDS care and services, and develops strategies for ensuring that such services are consistent guidelines for improving access to, and quality of HIV Service. The Subrecipient will:

b.

(i) Develop a CQM program that improves patient care, health outcomes, and patient satisfaction, and consists of:
   a. Specific aims based in health outcomes.
   b. Support by identified leadership.
      i. Identification of at minimum one quality lead.
   c. Accountability for CQM activities.
   d. Dedicated CQM resources.
   e. Use of data and measurable outcomes to determine progress and make improvements to achieve the aims cited above.

   b. Identifying performance measures to be reviewed.
   c. Explaining the CQM infrastructure, training, and capacity within the agency.

(iv) Consistent utilization of data and measurable outcomes to make improvements and measure progress towards improving outcomes across the HIV Continuum of Care; and review performance data at least quarterly.

(v) Dedicate staff responsible for carrying out CQM responsibilities.

(vi) Involve people with HIV that reflect the population that is being served in quality initiatives.

SUBJECT: Pilot Program for Enhancement of Employee Whistleblower Protection

Congress has enacted many whistleblower protection statutes to encourage employees to report fraud, waste, and abuse. You should be aware that the latest whistleblower protection statutes went into effect on July 1, 2013. The statute, 41 U.S.C. § 4712, applies to all employees working for contractors, grantees, subcontractors, and subgrantees on federal grants and contracts. The National Defense Authorization Act (NDAA) for Fiscal Year (FY) 2013 (Pub. L. 112-239, enacted January 2, 2013) mandates a pilot program entitled "Pilot Program for Enhancement of Contractor Employee Whistleblower Protections." This program requires all grantees, their subgrantees, and subcontractors to:

1. Inform their employees working on any federal award they are subject to the whistleblower rights and remedies of the pilot program;
2. Inform their employees in writing of employee whistleblower protections under 41 U.S.C. § 4712 in the predominant native language of the workforce; and,
3. Contractors and grantees will include such requirements in any agreement made with a subcontractor or subgrantee.

The statute (41 U.S.C. § 4712) states that an "employee of a contractor, subcontractor, grantee [or subgrantee] may not be discharged, demoted, or otherwise discriminated against as a reprisal for "whistleblowing." In addition, whistleblower protections cannot be waived by any agreement, policy, form, or condition of employment.

Whistleblowing is defined as making a disclosure "that the employee reasonably believes is evidence of any of the following:

- Gross mismanagement of a federal contract or grant;
- A gross waste of federal funds;

- An abuse of authority relating to a federal contract or grant;
- A substantial and specific danger to public health or safety; or
- A violation of law, rule, or regulation related to a federal contract or grant (including the competition for, or negotiation of, a contract or grant).

To qualify under the statute, the employee's disclosure must be made to:

- A Member of Congress, or a representative of a Congressional committee;
- An Inspector General;
- The Government Accountability Office;
- A federal employee responsible for contract or grant oversight or management at the relevant agency;
- An official from the Department of Justice, or other law enforcement agency;
- A court or grand jury; or
- A management official or other employee of the contractor, subcontractor, grantee, or subgrantee who has the responsibility to investigate, discover, or address misconduct.

The requirement to comply with, and inform all employees of, the "Pilot Program for Enhancement of Contract Employee Whistleblower Protections" is in effect for all grants, contracts, subgrants, and subcontracts issued beginning July 1, 2013 through January 1, 2017.

Funding beyond this budget period is contingent upon the availability of appropriated funds for this program, recipient satisfactory performance, program authority, compliance with the Terms and Conditions of the award, and a decision that continued funding is in the best interest of the Federal government.
   This award action is based on HRSA's approval of the recipient's application and any modifications at the time of this award. Continued support for this award may be subject to other programmatic considerations to the extent permitted by law, including, but not limited to, Administration priorities and court orders.
   Should additional federal funds not be available and/or shifting priorities affect the programmatic objectives of this award, the recipient will work with HRSA to revise any workplan tasks and budget in accordance with 45 CFR 75.308 (Revision of budget and program plans).
7. Prior to October 1, 2025, this award is subject to the termination provisions at 45 C.F.R. 75.372. • The above requirements are conditions of payment that go the essence of the Agreement and are therefore material terms of the Agreement.

• Payments under the Agreement are predicated on compliance with the above requirements, and therefore Recipient is not eligible for funding under the Agreement or to retain any funding under the Agreement absent compliance with the above requirements.

• Recipient acknowledges that this certification reflects a change in the government's position regarding the materiality of the foregoing requirements and therefore any prior payment of similar claims does not reflect the materiality of the foregoing requirements to this Agreement.

• Recipient acknowledges that a knowing false statement relating to Recipient's compliance with the above requirements and/or eligibility for the Agreement may subject Recipient to liability under the False Claims Act, 31 U.S.C. § 3729, and/or criminal liability, including under 18 U.S.C. §§ 287 and 1001.

9. This Notice of Award provides the offset of an unobligated balance in the amount of $54,063 from the 08/01/2023-07/31/2024 budget period to the current budget period. SUBJECT:

Consideration of Fiscal Year 2026 Contract between Tarrant County and MHMR of Tarrant County for the Provision of the Help Me Thrive Program, Navigation and Continuum of Support Services, to Students Attending the Tarrant County Juvenile Justice Alternative Education Program

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the Fiscal Year 2026 contract between Tarrant County and MHMR of Tarrant County (MHMRTC) for the Help Me Thrive (HMT) Program, which provides navigation and continuum of support services to students enrolled in the Tarrant County Juvenile Justice Alternative Education Program (JJAEP).

BACKGROUND

MHMRTC is the second-largest community center in Texas and provides services related to mental health, intellectual and developmental disabilities, addiction and substance use, child and family services, early childhood intervention, criminal justice support and veterans' homelessness. MHMRTC is comprised of clinical and administrative professionals, including nurses, social workers, therapists, and case managers who provide services at more than fifty (50) locations across North Texas. These services are provided with partners in the public and private sector.

The Help Me Thrive Program builds on the existing Help Me Grow North Texas system framework (prenatal through age 5) by expanding services for youth ages 6 to 17. The program supports students and families by identifying needs, connecting to resources, and coordinating services. It integrates with the existing Mental Health System of Care to close service gaps, enhance collaboration among providers, and improve outcomes.

With approval of this contract, Tarrant County will provide funding in the amount of $45,000.00 to strengthen social and emotional competencies for students enrolled in JJAEP, improve school achievement, reduce alcohol and drug use, and decrease involvement with the juvenile justice system.

The contract term is October 1, 2025, through September 30, 2026.

This contract has been reviewed as to form by the Criminal District Attorney’s Office and approved by the Tarrant County Juvenile Board at its August 20, 2025, meeting.

FISCAL IMPACT

Funding in the amount of $45,000.00 for this program was requested to be included in the FY 2026 budget in account 10000-2026 General Fund / 2610115000 Juvenile Justice Alternative Education Program / 569011 Professional Services.

PASSED AND APPROVED on September 16, 2025.

PROVIDER GROUP SERVICES AGREEMENT

This Provider Group Services Agreement ("Agreement") is between Cigna HealthCare of Texas, Inc. ("Cigna") and County of Tarrant ("Group") and is effective on November 1, 2025 (the "Effective Date"). By entering into this Agreement, Group and its Represented Providers agree to provide Covered Services to Participants under the terms of this Agreement and the Administrative Guidelines. Definitions of terms for this Agreement are in Exhibit A.

SECTION 1. DUTIES OF GROUP AND ITS REPRESENTED PROVIDERS

1.1 Standards

Represented Providers shall provide Covered Services with the same standard of care, skill and diligence customarily used by similar providers in the community, the requirements of applicable law, and the standards of applicable accreditation organizations. All services provided by Represented Providers within the scope of their practice or license must be provided on a participating basis. Regardless of physical location, all aspects of the Represented Provider's practice are participating under the terms of this Agreement unless Covered Services are provided under the terms of another applicable Cigna participation agreement. Represented Providers shall provide Covered Services to all Participants in the same manner, under the same standards, and with the same time availability as offered to other patients. Represented Providers shall not differentiate or discriminate in the treatment of any Participant because of race, color, national origin, ancestry, religion, sex, marital status, sexual orientation, age, health status, veteran's status, handicap or source of payment.

1.2 Accessibility

Represented Providers shall provide or arrange for the provision of necessary Covered Services to Participants 24 hours per day, 7 days per week. A Represented Provider may only close his/her patient panel in accordance with the Administrative Guidelines.

1.3 Hospital Admissions

Group shall designate one or more hospitals that are Participating Providers where its Represented Providers will admit Participants under their care unless otherwise approved by Cigna or its designee. Represented Providers will admit Participants only to hospitals that are Participating Providers except in the case of an emergency or as otherwise required by law.

1.4 Insurance

Group and its Represented Providers shall maintain general and professional liability coverage in a form and amount acceptable to Cigna, give Cigna evidence of such coverage upon request and provide Cigna with immediate written notice of a material modification or termination of such insurance.

1.5 Represented Provider

Group represents and warrants that it employs and is authorized to act on behalf of its Represented Providers. Group's Represented Providers shall comply with the terms and

conditions of this Agreement to the extent applicable and shall look solely to Group for compensation for Covered Services.

1.6 Changes to Represented Providers

Group will provide Cigna with 30 days advance written notice of the addition of new providers to Group and 90 days advance written notice if a Represented Provider will cease to provide Covered Services to Participants under this Agreement. Notwithstanding the foregoing, in the event that the Represented Provider's participation under this Agreement is terminated for cause and Group cannot provide such 90 days advance notice, Group shall notify Cigna in writing of such termination as soon as possible but no later than 5 days after learning of such termination.

1.7 Administrative Guidelines

Group and its Represented Providers shall comply with the Administrative Guidelines. Some or all Administrative Guidelines may be communicated in the form of a provider reference manual, in other written materials distributed by Cigna to Group and/or at a website identified by Cigna. Administrative Guidelines may change from time to time. Cigna will give Group advance notice of material changes to Administrative Guidelines.

1.8 Quality Management

Group and its Represented Providers shall comply with the requirements of and participate in Quality Management as specified in the Administrative Guidelines. Represented Providers shall be credentialed and recredentialed in accordance with the procedures set forth in Exhibit B.

1.9 Utilization Management

Group and its Represented Providers shall comply with the requirements of and participate in Utilization Management as specified in this Agreement and the Administrative Guidelines. Payment may be denied for failure to comply with such Utilization Management requirements, and Group and its Represented Providers shall not bill the Participant for any such denied payment. Cigna's Utilization Management requirements include, but are not limited to, the following: a) precertification must be secured from Cigna or its designee for those services and procedures for which it is required as specified in the Administrative Guidelines; b) Where precertification is not required for a hospital admission, including but not limited to emergency admissions, Cigna or its designee must be notified within 24 hours after the admission; c) Group or its Represented Providers must provide Cigna or Cigna's designee with all of the information requested by Cigna or its designee to make its Utilization Management determinations within the timelines specified by Cigna or its designee in such request; and d) Represented Providers must refer Participants to, or arrange for provision of Covered Services by, Participating Providers except in the case of an emergency or as otherwise required by law. If Group or Represented Providers inappropriately refer a Participant to a non-Participating Provider in a non-emergency situation without the Participant's express written consent, and thereby cause the Participant to become responsible, for the charges of the non-Participating Provider, or to incur more charges than if such care had been received from a Participating Provider, Cigna or a Cigna Affiliate may, in its sole discretion, satisfy the obligation to the non-Participating

Provider for such services. If this occurs, Cigna or a Cigna Affiliate may offset the amount paid to such non-Participating Provider for such services against future compensation payable to Group or Represented Providers.

1.10 Records

Group and its Represented Providers shall maintain medical records and documents relating to Participants as may be required by applicable law and for the period of time required by law. Medical records of Participants and any other records containing individually identifiable information relating to Participants will be regarded as confidential, and Group, Represented Providers and Cigna shall comply with applicable federal and state law regarding such records. Group or its Represented Providers will obtain Participants' consent to or authorization for the disclosure of private and medical record information for any disclosures required under this Agreement if required by law. Upon request, Group or its Represented Providers will provide Cigna with a copy of Participants' medical records and other records maintained by Group or its Represented Providers relating to Participants. These records shall be provided to Cigna at no charge and within the timeframes requested by Cigna and will also be made available during normal business hours for inspection by Cigna, Cigna's designee, accreditation organizations, or to any governmental agency that requires access to these records. This provision survives the termination of this Agreement.

1.11 Cooperation with Cigna and Cigna Affiliates

Group and its Represented Providers shall cooperate with Cigna in the implementation of Cigna's Participant appeal procedure. Group and its Represented Providers shall also cooperate with Cigna and Cigna Affiliates in implementing those policies and programs as may be reasonably requested by Cigna or a Cigna Affiliate for purposes of Cigna's or the Cigna Affiliate's business operations or required by Cigna or a Cigna Affiliate to comply with applicable law or accreditation requirements.

Benefit Plans may include workers' compensation plans. Cigna will provide Group with advance notice if Cigna changes this list of Benefit Plan types for which Payors may access Group's Represented Providers' services under this Agreement.

2.2 Benefit Information

Cigna will provide Group with access to benefit information concerning the type, scope and duration of benefits to which a Participant is entitled as specified in the Administrative Guidelines.

Cigna will establish a system of Participant identification and will identify Participating Providers to those Payors and Participants who are offered a network of Participating Providers. However, Cigna makes no representations or guarantees concerning the number of Participants that will be referred to Group and its Represented Providers as a result of this Agreement and reserves the right to direct Participants to selected Participating Providers and/or influence a Participant's choice of Participating Provider.

SECTION 3. COMPENSATION

3.1 Payments

Payments for Covered Services will be the lesser of the billed charge or the applicable fee under Exhibit C, subject to the Administrative Guidelines and minus any applicable Copayments, Coinsurance and Deductibles. The rates in this Agreement will be payment in full for all services furnished to Participants under this Agreement. Group and its Represented Providers shall look solely to Payor for payment for Covered Services except for Copayments, Coinsurance and Deductibles. Group and its Represented Providers shall submit claims for Covered Services at the location identified by Cigna and in the manner and format specified in this Agreement and the Administrative Guidelines. Claims for Covered Services must be submitted within 90 days of the date of service or, if Payor is the secondary payor, within 90 days of the date of the explanation of payment from the primary payor. Claims received after this 90 day period may be denied except as provided in the Administrative Guidelines, and Group and its Represented Providers shall not bill Cigna, the Payor or the Participant for those denied services. Amounts due and owing under this Agreement with respect to complete claims for Covered Services will be payable within the timeframes required by applicable law. Reimbursement for Covered Services rendered hereunder shall be distributed to the Group, and Group shall be responsible for compensating Represented Providers for services rendered under this Agreement.

3.2 Underpayments

If Group or a Represented Provider believes a Covered Service has been underpaid, Group or Represented Provider must submit a written request for an appeal or adjustment with Cigna or its designee within 180 days from the date of Payor's payment or explanation of payment. The request must be submitted in accordance with the dispute resolution process set out in the Administrative Guidelines. Requests for appeals or adjustments submitted after this date may be denied for payment, and Group and its Represented Providers will not be permitted to bill Cigna, the Payor or the Participant for those services.

3.3 Copayments, Coinsurance and Deductibles

Group and its Represented Providers may charge Participants applicable Copayments, Coinsurance and Deductibles in accordance with the process set out in the Administrative Guidelines.

3.4 Limitations on Billing Participants

Group and its Represented Providers agree that in no event, including but not limited to nonpayment by Payor, Payor's insolvency or breach of this Agreement, shall Group and its Represented Providers bill, charge, collect a deposit from, seek compensation, remuneration or reimbursement from, or have any recourse against Participants or persons other than the applicable Payor for Covered Services or for any amounts denied or not paid under this Agreement due to Group's or a Represented Provider's failure to comply with the requirements of Cigna's or its designee's Utilization Management Program or other Administrative Guidelines, or failure to file a timely claim or appeal. This provision does not prohibit collection of any applicable Copayments, Coinsurance and Deductibles. This provision survives termination of this Agreement, is intended to be for the benefit of Participants, and supersedes any oral or written agreement to the contrary now existing or hereafter entered into between Group or its Represented Providers and a Participant or persons acting on the Participant's behalf. Modifications to this section will become effective no earlier than the date permitted by applicable law.

3.5 Billing Patients Who Cease to Be Participants

Group and its Represented Providers may bill a patient directly for any services provided following the date that patient ceases to be a Participant, and Payor has no obligation to pay for services for such patients.

3.6 Participant Incentives Prohibited

Group or Represented Providers shall not directly or indirectly establish, arrange, encourage, participate in or offer any Participant incentive.

(A) Participant Incentive means any arrangement by Group or Represented Providers:

(1) to reduce or satisfy a Participant's cost-sharing obligations (including, but not limited to Copayments, Deductible and/or Coinsurance);

(2) to pay on behalf of or reimburse a Participant for any portion of the Participant's costs for coverage under a policy or plan insured or administered by Cigna or a Cigna Affiliate;

(3) that provides a Participant with any form of material, financial incentive (other than the reimbursement terms under this Agreement), to receive Covered Services from Group, Represented Providers or its affiliates.

(B) In the event of non-compliance with this provision:

(1) Cigna may terminate this Agreement, such non-compliance being a "material breach" of this Agreement;

(2) Group and Represented Providers shall not be entitled to reimbursement under this Agreement with respect to Covered Services provided to a Participant in connection with a Participant Incentive, and;

(3) Cigna may take such other action appropriate to enforce this provision.

3.7 Non-Medically Necessary Services

Group and its Represented Providers shall not charge a Participant for a service that is not Medically Necessary unless, in advance of providing the service, Group or its Represented Provider has notified the Participant that the particular service will not be covered and the Participant acknowledges in writing that he or she will be responsible for payment for such service.

3.8 Reimbursement of Amounts Collected In Error

If Group or a Represented Provider collects payment from a Participant when not permitted to collect under either this Agreement or the Administrative Guidelines, Group or the Represented Provider must repay the amount within 2 weeks of a request from Cigna or the Participant or of the date Group or the Represented Provider has knowledge of the error. If Group or Represented Provider fails to make the repayments, then Cigna may (but is not obligated to) reimburse the Participant the amount inappropriately paid and then withhold this amount from future payments.

3.9 Overpayments

Group or Represented Provider shall refund to Cigna any excess payment made by a Payor to Group or Represented Provider if Group or Represented Provider is for any reason overpaid for health care services or supplies. Cigna may, at its option, deduct the excess payment from other amounts payable, and Group will be notified of any such deduction as specified in the Administrative Guidelines.

3.10 Audits

Upon reasonable notice and during regular business hours, Cigna or its designee will have the right to review and make copies of all records maintained by Group or its Represented Providers with respect to all payments received by Group or its Represented Providers from all sources for Covered Services provided to Participants. Cigna or its designee will have the right to conduct audits of such records and may audit its own records to determine if amounts have been properly paid under this Agreement. Any amounts determined to be due and owing as a result of such audits must be promptly paid or, at the option of the party to whom such amounts are owed, offset against amounts due and owing by such party hereunder. This provision survives the termination of this Agreement.

3.11 Coordination of Benefits

Certain claims for Covered Services are claims for which another payor may be primarily responsible under Coordination of Benefit (COB) rules. Group and its Represented Providers may pursue those claims in accordance with the process set out in the Administrative Guidelines.

Cigna's Payment as Secondary Payor (Non-Medicare)

Cigna's payment when added to the amount payable from other sources under the applicable COB rules, will be no greater than the payment for Covered Services under the Cigna provider agreement, and is subject to the terms and conditions of the Participant's health benefit plan and applicable state and federal law. Use of applicable COB provisions may result in a payment from Cigna that, when added to the amount payable from other sources, is less than 100 percent of your payment for Covered Services under the Cigna provider agreement. Payment may, however, be in a lesser amount as determined by the terms of the participant's benefit plan.

Medicare is the Primary Payor

When the Cigna plan is the secondary payor to Medicare, Group and its Represented

Providers and Cigna are required to follow Medicare billing rules. Payment will be made in accordance with all applicable Medicare requirements, including but not limited to Medicare COB rules. The Medicare COB rules require Cigna's financial responsibility as the secondary payor to be limited to the Participant's financial liability (i.e., the applicable Medicare copayment, coinsurance, and/or deductible) after application of the Medicare-approved amount. The Medicare payment plus the Participant liability (applicable Medicare copayment, coinsurance, and/or deductible) amounts constitute payment in full, and Group and its Represented Providers are prohibited from collecting any monies in excess of this amount.

3.12 Applicability of the Rates

The rates in this Agreement apply to all services provided to Participants in the Benefit Plan types covered by this Agreement, including services covered under a Participant's in or out-of-network benefits, and whether the Payor or Participant is financially responsible for payment.

3.13 Excluded Services

This Agreement excludes services that Cigna has elected to obtain under an arrangement between Cigna or a Cigna Affiliate and a national or regional vendor or provider or a capitated provider, except as otherwise agreed by Cigna. Group and its Represented Providers will not be reimbursed and will not bill Participants for any such excluded services. If Cigna notifies Group that it no longer chooses to exclude a particular service from this Agreement, that service will no longer be excluded and those services will be reimbursed as specified in Exhibit C.

3.14 Laboratory Test Procedures

Laboratory test procedures must be performed in a laboratory owned and operated by Group or the Represented Provider in order to be eligible for reimbursement. Laboratory test procedures not performed in a laboratory owned and operated by Group or the Represented Provider must be referred to a Participating laboratory Provider(s), and Group and its Represented Providers may not bill Participants for such services.

SECTION 4. TERM AND TERMINATION

4.1 Term of This Agreement

This Agreement begins on the Effective Date and continues from year to year unless terminated as set forth below.

4.2 How This Agreement Or A Represented Provider's Participation Can Be Terminated

Either Group or Cigna can terminate this Agreement at any time by providing at least 90 days advance written notice. Either Group or Cigna can terminate this Agreement immediately if the other becomes insolvent. Cigna can terminate a Represented Provider's participation upon 60 days advance written notice to Group. Cigna can also terminate a Represented Provider's participation immediately (or upon such longer notice required by applicable law, if any) if such Represented Provider no longer maintains the licenses required to perform his/her duties under this Agreement, the

Represented Provider is disciplined by any licensing, regulatory, accreditation organization, or any other professional organization with jurisdiction over the Represented Provider, or if the Represented Provider no longer satisfies Cigna's credentialing requirements. Upon notice of termination of this Agreement or of Group's or a Represented Provider's participation with a particular Benefit Plan type, Cigna will notify affected Participants of the termination to the extent required by law (if any) and applicable accrediting body requirements. The notification will occur prior to the effective date of the termination except if the termination is for cause or if Group does not provide Cigna with sufficient advance notice, in which case, the notice will occur as soon as reasonably possible. Group will cooperate with Cigna and provide Cigna with a listing of Participants affected by the termination within 7 business days of the date of the notice of termination. Upon termination of this Agreement for any reason, the rights of each party terminate, except as provided in this Agreement. Termination will not release Group, Represented Providers or Cigna from obligations under this Agreement prior to the effective date of termination.

4.3 Services Upon Termination

Upon termination of this Agreement Group shall continue to provide Covered Services for specific conditions for which a Participant was under Group's care at the time of such termination so long as the Participant retains eligibility under a Benefit Plan until the later of the completion of such services or the date required by applicable law. Group shall be compensated for Covered Services provided to any such Participant in accordance with the terms of the applicable Benefit Plan and applicable law. Group and its Represented Providers have no obligation under this Agreement to provide services to individuals who cease to be Participants.

SECTION 5. GENERAL PROVISIONS

5.1 Confidentiality

As a result of this Agreement, Group and Represented Providers may have access to certain of Cigna's confidential and proprietary information. Group and Represented Providers shall hold such information, including without limitation Cigna's enrollment data and similar data and reports, and the terms of this Agreement, in confidence and will not use or disclose such information to any person without the prior written consent of Cigna except as may be required by law. This provision shall not be construed to prohibit Cigna from disclosing information to Cigna Affiliates or the agents or subcontractors of Cigna or Cigna Affiliates or from disclosing the terms and conditions of this Agreement, including reimbursement rates, to existing or potential Payors, Participants or other customers of Cigna or Cigna Affiliates or their representatives. This provision does not prohibit communications necessary or appropriate for the delivery of health care services, communications about coverage and coverage appeal rights or any other communications specifically protected under applicable law. This provision survives the termination of this Agreement.

5.2 Independent Parties

Group and its Represented Providers are independent contractors. Cigna and Group and its Represented Providers do not have an employer-employee, principal-agent,

partnership, or similar relationship. Nothing in this Agreement, including Group and its Represented Providers participation in care collaboration, population management, pay for performance, Quality Management, Utilization Management and other similar programs, nor any coverage determination made by Cigna or a Payor, is intended to interfere with or affect a Represented Provider's independent medical judgment in providing health care services to his/her patients. Nothing in the Agreement is intended to create any right for Cigna or any other party to intervene in or influence medical decision-making regarding any Participant.

5.3 Indemnification

Each party agrees to indemnify, defend and hold harmless the other, its agents and employees from and against any and all liability or expense, including defense costs and legal fees, incurred in connection with third party claims for damages of any nature, including but not limited to bodily injury, death, personal injury, property damage, or other damages arising from the performance of or failure to perform, its obligations under this Agreement, unless it is determined that the liability was the direct consequence of negligence or willful misconduct on the part of the other party, its agents or employees. This provision shall survive the termination of this Agreement.

5.4 Internal Dispute Resolution

Disputes that might arise between the parties regarding the performance or interpretation of the Agreement must first be resolved through the applicable internal dispute resolution process outlined in the Administrative Guidelines. In the event the dispute is not resolved through that process, either party can request in writing that the parties attempt in good faith to resolve the dispute promptly by negotiation between designated representatives of the parties who have authority to settle the dispute. If the matter is not resolved within 60 days of such a request, either party may initiate arbitration by providing written notice to the other. With respect to a payment or termination dispute (excluding termination with notice), Group or Represented Providers must submit a request for arbitration within 12 months of the date of the letter communicating the final decision under Cigna's internal dispute resolution process unless applicable law specifically requires a longer time period to request arbitration. If arbitration is not requested within that 12 month period, Cigna's final decision under its internal dispute resolution process will be binding on Group and its Represented Providers, and Group and its Represented Provider shall not bill Cigna, Payor or the Participant for any payment denied because of the failure to timely submit a request for arbitration.

5.5 Arbitration

If the dispute is not resolved through Cigna's internal dispute resolution process, the controversy shall be resolved through binding arbitration. The arbitration shall be conducted in accordance with the Rules of the American Arbitration Association then in effect, and which to the extent of the subject matter of the arbitration, shall be binding not only on all parties to the agreement, but on any other entity controlled by, in control of or under common control with the party to the extent that such affiliate joins in the arbitration, and judgment on the award rendered by the arbitrator may be entered in any court having jurisdiction thereof. Each party shall assume its own costs, but the

compensation and expenses of the arbitrator and any administrative fees or costs shall be borne equally by the parties. The decision of the arbitrator shall be final, conclusive and binding, and no action at law or in equity may be instituted by either party other than to enforce the award of the arbitrator. The parties intend this alternative dispute resolution procedure to be a private undertaking and agree that an arbitration conducted under this provision shall not be consolidated with an arbitration involving other parties, and that the arbitrator shall be without power to conduct an arbitration on a class basis.

5.6 Material Adverse Change Amendments

For amendments that are a material adverse change in the terms of this Agreement, Cigna can amend this Agreement by providing 90 days advance written notice except if a shorter notice period is required to comply with changes in applicable law. The change will become effective at the end of the 90 day notice period or, if applicable, the shorter notice period required to comply with changes in applicable law. If Group objects to the material adverse change and notifies Cigna of its intent to terminate within 30 days of the date of the notice of amendment, the termination will be effective at the end of the 90 day notice of the material adverse change or, if applicable, at the end of the shorter notice period required to comply with changes in applicable law, unless Cigna agrees to retract the amendment, in which case the Agreement will remain in force without the proposed amendment.

5.7 All Other Amendments

For amendments that are not material adverse changes in the terms of this Agreement, Cigna can amend this Agreement by providing 30 days advance written notice to Group. Alternatively, both parties can agree in writing to amend this Agreement.

5.8 Assignment and Delegation

Neither Cigna, Group or Represented Providers may assign any rights or delegate any obligations under this Agreement without the written consent of the other party; provided, however, that any reference to Cigna includes any successor in interest and Cigna may assign its duties, rights and interests under this Agreement in whole or in part to a Cigna Affiliate or may delegate any and all of its duties to a third party in the ordinary course of business.

5.9 Sale of Business/Change in Management

If, during the term of this Agreement, Provider desires (i) to sell, transfer or convey its business or any substantial portion of its business assets to another entity or its business is the subject of a sale, transfer or conveyance by another entity, or (ii) Provider enters into a management contract with another entity, Provider shall so advise Cigna in writing at least 120 days prior to the transaction effective date in order to obtain Cigna's written consent as to which Cigna participating provider agreement applies, if any, to services rendered by Provider or Represented Providers or the surviving entity, on a post-transaction basis. Failure to provide advance notification and obtain Cigna's written consent will result in Cigna determining which, if any, Cigna participating provider agreement applies to services rendered on a post-transaction basis. Dependent upon when Cigna learns of the transaction, this may result in a retroactive adjustment to

reimbursement and an overpayment recovery process. Provider warrants and covenants that this Agreement will be part of the transfer, and will be assumed by the new entity and that the new entity will honor and be fully bound by the terms and conditions of this Agreement unless the new entity already has an agreement with Cigna or a Cigna Affiliate, in which case Cigna, in its sole discretion, will determine which Agreement will prevail. Notwithstanding the above, if Cigna, in its sole discretion, is of the opinion that the Agreement cannot be satisfactorily performed by the assuming entity or does not want to do business with that entity for whatever reason, Cigna may terminate this Agreement by giving Group 60 days written notice, notwithstanding any other provision in the Agreement.

5.10 Acquisitions and Other Arrangements

This Agreement shall not, without Cigna's written consent, be applicable to any hospital, physician or physician group or ancillary provider that is acquired (directly or indirectly) by or enters into a management, co-management, professional services, leasing, joint venture or similar agreement or arrangement with Group or Represented Providers or a Group or Represented Provider affiliate. Group or Represented Providers must notify Cigna 120 days in advance of any such acquisition or arrangement.

5.11 Use of Name

Group and its Represented Providers agree that Cigna and its affiliates may include your likeness and descriptive information about Group and its Represented Providers in literature distributed to existing or potential Participants, Participating Providers and Payors. That information will include, but not be limited to, Group's and its Represented Providers' name, photo, telephone number, address, and specialties. Group and its Represented Providers may identify themselves as a Participating Provider with respect to those Benefit Plan types in which Group and its Represented Providers participate with Cigna. Group's and its Represented Providers' use of Cigna's name or a Cigna Affiliate's name, or any other use of Group's and its Represented Providers' name by Cigna will be upon prior written approval or as the parties may agree.

5.12 Notices

Notices required under this Agreement shall be in writing and shall be deemed to have been duly given (i) on the third day after deposit in the United States mail, postage prepaid, and properly addressed as specified below; or, (ii) on the date of delivery if sent via overnight delivery to the party to whom notice is to be given and properly addressed as specified below; or (iii) on the date of service if served personally on the party to whom notice is to be given. Cigna may also notify Provider by sending an electronic notice with automatic receipt verification to Provider's e-mail address if listed below. Either party can change the address for notices by giving written notice of the change to the other party in the manner just described.

The proper address for notices under this Agreement is as follows:

5.13 Governing Law/Regulatory Addenda
Applicable federal law and the law of the jurisdiction where Group is domiciled governs this Agreement. One or more regulatory addenda may be attached to the Agreement setting out provisions that are required by law with respect to Covered Services rendered to certain Participants (i.e. Participants under an insured plan). These provisions are incorporated into this Agreement to the extent required by law and as specified in such Addenda.

5.14 Force Majeure
In the event that performance by either Cigna or Group or Represented Providers of any covenant, duty or obligation imposed under this Agreement becomes impossible or impracticable because of the occurrence of an event of force majeure, including, without limitation, acts of war, insurrection, civil strife and commotion, labor unrest, sentinel event or acts of God, then performance of such covenant, duty or obligation by such party shall be excused during the continuance of such event of force majeure; provided, however, that such performance by such party shall be accomplished as soon as reasonably practicable after such event of force majeure has ceased.

5.15 Waiver of Breach/Severability/Entire Agreement/Copy of Original Agreement
If any party waives a breach of any provision of this Agreement, it will not operate as a waiver of any subsequent breach. If any portion of this Agreement is unenforceable for any reason, it will not affect the enforceability of any remaining portions. This Agreement, including any exhibits to this Agreement, contains all of the terms and conditions agreed upon and supersedes all other agreements between the parties, either oral or in writing, regarding the subject matter. A copy of this fully executed Agreement is an acceptable substitute for the original fully executed Agreement.

Group and its Represented Providers shall cooperate with Cigna's credentialing and recredentialing process and shall furnish all records necessary for such process. Represented Providers shall warrant in their application for participation that the information contained in their application is true and correct. Group shall notify Cigna in writing within 30 days of any material change in the information contained in a Represented Provider's application for participation with Cigna. All Represented Providers must satisfy Cigna's credentialing requirements, and Cigna shall have the right to exclude from Group's Represented Provider panel any provider who or which, in Cigna's judgment, does not meet Cigna's credentialing criteria.

ADDENDUM TO PROVIDER GROUP SERVICES AGREEMENT
FOR THE STATE OF TEXAS

The provisions set forth in this Addendum are being added to the Agreement to comply with legislative and regulatory requirements of the State of Texas regarding provider contracts with providers rendering health care services in the State of Texas. To the extent that such Texas laws and regulations are applicable and/or not otherwise preempted by federal law, the provisions set forth in this Addendum shall apply and, to the extent of a conflict with a provision in the Agreement, shall control. The provisions set forth in this Addendum do not apply with regard to Covered Services rendered to Participants covered under self-funded plans.

(1) The definition for Emergency Services shall comply with Texas laws and regulations to the extent applicable.

(2) To the extent applicable, Cigna will comply with all applicable Texas statutes and rules pertaining to prompt payment of Clean Claims with respect to payment to Group or Represented Providers for Covered Services under the Agreement.

(3) Cigna's claims submission processes are set forth in Cigna's provider reference manual, as amended from time to time. To the extent required by § 843.337 or § 1301.102 of the Insurance Code, Group or Represented Provider must submit a claim to Cigna not later than the 95th day after the date Group or Represented Provider provides the medical care or health care services for which the claim is made.

(4) To the extent applicable, Cigna will not refuse to process or pay an electronically submitted Clean Claim because the claim is submitted with or in a batch submission with a Clean Claim that is deficient. A "batch submission" is a group of electronic claims submitted for processing at the same time within HIPAA standard ASC X12N 837 Transaction Set and identified by a batch control number.

(5) Upon request and to the extent required by Texas law, Cigna will provide Group or Represented Provider with the information necessary to determine that Group or Represented Provider is being compensated in accordance with the Agreement.

(6) If Group or Represented Provider is compensated on a discounted fee basis, the Participant's financial obligation for Deductibles or Coinsurance shall be determined based upon the discounted fee and not upon the full billed charge.

(7) If a Represented Provider is a Primary Care Physician and is reimbursed on a capitated basis, Payor shall begin payment of capitated amounts calculated from the date of a Participant's enrollment no later than the 60th day following the date the Participant has selected or has been assigned to Represented Provider. If selection or assignment does not occur at the time of enrollment, capitation which would otherwise have been paid to a selected Primary Care Physician had a selection been made shall be reserved as a capitation payable until such time as Participant makes a selection or Cigna assigns a Primary Care Physician.

(8) If a Participant does not select a Primary Care Physician at the time of application or enrollment, Cigna may assign the Participant to a Primary Care Physician. If Cigna elects to assign a Participant to a Primary Care Physician, the assignment shall be made to a Primary Care Physician located within the zip code nearest the Participant's residence or place of employment and, to the extent practicable given the zip code limitation, shall be done in a manner that results in a fair and equal distribution of Participants among Cigna's Primary Care Physicians in the applicable Cigna network. Cigna shall inform a Participant of the name, address and telephone number of the Primary Care Physician to whom the Participant has been assigned and of the Participant's right to select a different Primary Care Physician. A Participant shall have the right at any time to reject the Primary Care Physician assigned and to select another physician from the list of Primary Care Physicians for the applicable Cigna network. An election by a Participant to reject an assigned physician shall not be counted as a change in providers under the Texas Insurance Code. Cigna shall notify a Primary Care Physician of the selection of such Primary Care Physician by a Participant within 30 working days of the selection or assignment of the Participant to a Primary Care Physician by Cigna.

(9) Group acknowledges and agrees that the Agreement does not contain any financial incentive or make any payment that acts directly or indirectly as an inducement to limit Medically Necessary services. This provision shall not prohibit the savings from cost effective utilization of health services by contracting physicians or health care providers from being shared with physicians or health care providers in the aggregate.

(10) Group's Represented Providers shall post a notice to Participants at the Represented Provider's location on the process for resolving complaints with Cigna. The notice must include the Texas Department of Insurance's toll-free telephone number for filing complaints.

(11) Cigna shall not engage in any retaliatory action, including termination of or refusal to renew the Agreement, because Group or Represented Provider, on behalf of a Participant, reasonably filed a complaint against Cigna or has appealed a decision of Cigna.

(12) (A) Cigna will not as a condition of the Agreement or in any other manner prohibit, attempt to prohibit or discourage Group or a Represented Provider from discussing with or communicating in good faith to a Participant who is a current, prospective or former patient or a party designated by such Participant, with respect to: a) information or opinions regarding the Participant's health care including the Participant's medical condition or treatment options; b) information or opinions regarding the provisions, terms, requirements or services of the Participant's health benefit plan as they relate to the medical needs of the Participant; c) the fact that Represented Provider's contract with Cigna has terminated or that Represented Provider will otherwise no longer be providing care for Cigna Participants; or d) the fact that, if Medically Necessary Covered Services are not available through Participating Providers, Cigna must, upon the request of Represented Physician, and within time appropriate to the

circumstances relating to the delivery of the services and the condition of the Participant, but in no event to exceed 5 business days after receipt of reasonably requested documentation, allow referral to a non-participating Provider.

(B) Cigna will not in any way penalize or terminate Group or a Represented Provider or refuse to compensate Group or a Represented Provider for Covered Services for communicating with a Participant who is a current, prospective or former patient, or a party designated by Participant, in any manner protected by this provision.

(13) (A) If Cigna should choose to terminate Group's or a Represented Provider's participation in the Agreement, Cigna shall give Group or Represented Provider not less than 90 days' prior written notice of the termination, except in the case of imminent harm to patient health, action against license to practice, or fraud, in which case termination may be immediate. Notwithstanding the foregoing, to the extent that the Agreement provides for a longer notification period with respect to termination of the Agreement by Cigna, such longer notification period will apply.

(B) Notice and Hearing. If Cigna should choose to terminate Group's or a Represented Provider's participation in the Agreement, Cigna will notify Group or Represented Provider, as applicable, of this decision in writing and the reason(s) for termination. In the case of termination of a Represented Provider or individual, the notice will include the right to request a hearing or review as specified in applicable laws and regulations. On request and before the effective date of the termination, but within a period not to exceed 60 days, the Represented Provider or individual, shall be entitled to a review of the proposed termination by an advisory review panel. The requirements regarding notice and hearing shall not apply in the case of imminent harm to patient health, action against license to practice, or fraud.

(C) The decision of the advisory review panel must be considered but is not binding on Cigna. On request, a copy of the recommendation of the advisory review panel and Cigna's determination shall be given to Represented Provider or individual.

(D) (1) In the event the Agreement is terminated by Group or a Represented Provider's participation is terminated by Group or the Represented Provider, Cigna, in accordance with Insurance Code § 843.309 shall give reasonable advance notice of such termination to those Participants whom Represented Provider is currently treating and who are affected by the termination.

(2) Cigna will provide assistance to Group or Represented Provider in the event the Agreement is voluntarily terminated by Group or Represented Provider, and Group or Represented Provider, in accordance with Insurance Code § 1301.160, must give reasonable advance notice of such

termination to those Participants whom Group or Represented Provider is currently treating and who are affected by the termination.

(3) In the event Group's or a Represented Provider's participation in the Agreement is terminated by Cigna, Cigna will notify those Participants whom Group or Represented Provider is currently treating and are affected by the termination. Cigna may notify such Participants of the Represented Provider's termination immediately if the Agreement or the Represented Provider's participation is terminated for reasons related to imminent harm.

(E) (1) If Group or a Represented Provider's participation in the Agreement is terminated for reasons other than medical competence or professional conduct, Represented Provider shall continue to provide Covered Services for those Participants who retain eligibility under a Benefit Plan and whom 1) Represented Provider has identified to Cigna as having special circumstances (i.e. persons with a disability, acute condition, life-threatening illness, past the 24th week of pregnancy or a condition such that Represented Provider reasonably believes that discontinuing care could cause harm to the Participant); and 2) Represented Provider has requested to continue treatment. Represented Provider shall be compensated for Covered Services provided pursuant to this provision in accordance with the compensation arrangements under the Agreement for a period of 9 months for those Participants diagnosed with a terminal illness at the time of termination of the Agreement, through delivery, immediate post-partum care and the follow-up checkup within the first 6 weeks of delivery for Participants past the 24th week of pregnancy at the time of termination, and for a period of 90 days following termination for all others.

(2) Group and Represented Provider shall not seek payment from the Participant with respect to services rendered pursuant to this provision of amounts for which the Participant would not be responsible if Represented Provider were still a Participating Provider.

(14) Nothing in the Agreement shall be construed to require Group or Represented Provider to indemnify Cigna for any tort liability resulting from acts or omissions of Cigna.

(15) Group and Represented Providers shall hold Participants harmless for payment of the cost of Covered Services in the event Payor fails to pay Group and Represented Providers for such Covered Services.

(16) Nothing in this Agreement shall be construed to require a referring Represented Physician to bear the expenses of a referral for specialty care in or out of Cigna's provider panel. Savings from cost-effective utilization of health services may, however, be shared with physicians and health care providers in the aggregate.

(17) To the extent that Cigna conducts, uses or relies upon economic profiling to terminate the Agreement, Cigna shall make available to Group or Represented Provider, as applicable, on request the economic profile of Group or Represented Provider, including the written criteria by which Group's or Represented Provider's performance was measured. An economic profile will be adjusted to recognize the characteristics of Group's or Represented Provider's practice that may account for variations from expected costs.

(18) Quality assessment (as that term is defined under Texas law) shall be conducted through a panel of not less than 3 physicians selected by Cigna from among a list of participating Physicians which list is to be provided by participating Physicians in the applicable service area.

(19) Group and Represented Providers may be required pursuant to procedures contained in the Administrative Guidelines, when a physician is referring a Participant to another provider, to disclose to Participant that the physician, provider or facility to whom Participant is referred might not be a participating provider; and, if applicable, that the referring physician has an ownership interest in the facility to which Participant is referred. Such disclosure shall not be required when referring for emergency care, and as necessary to avoid interruption or delay of medically necessary care. Nothing in this section or in the Administrative Guidelines shall be construed to limit access to non-participating providers.

(20) Group and Represented Providers shall, except for instances of emergency care as defined under state law, when referring a Participant to a facility for surgery: notify Participant that out-of-network providers may provide treatment and that Participant can contact Cigna for more information; notify Cigna that surgery has been recommended; and, notify Cigna of the facility that has been recommended for the surgery.

(21) Group and Represented Providers shall, except for instances of emergency care as defined under state law, when scheduling a Participant for surgery: notify Participant that out-of-network providers may provide treatment and that Participant can contact Cigna for more information; and, notify Cigna that surgery has been scheduled.

(22) Group and Represented Providers shall comply with all applicable requirements of Insurance Code § 1661.005. Group and Represented Providers must refund the amount of an overpayment to a Participant no later than the 30th day after the date Group or Represented Provider determines that an overpayment has been made.

(23) To the extent applicable, Group or Represented Provider may request, pursuant to procedures contained in the Administrative Guidelines, a waiver of any requirement for the use of information technology established or required by Chapter 1661 of the Texas Insurance Code as may be changed from time to time. A waiver granted under this section will expire September 1, 2013, or as otherwise permitted by applicable laws and regulations.

(24) To the extent applicable, Group or Represented Provider may request, pursuant to procedures contained in the Administrative Guidelines, a waiver of any requirement for electronic submission established or required by Chapter 1213 of the Texas Insurance Code as may be changed from time to time.

(25) To the extent applicable, nothing in this Agreement shall be construed to permit Cigna or Payor to directly or indirectly charge or hold Group or Represented Provider responsible for a fee for the adjudication of a claim.

(26) The Agreement permits Cigna to contract with another party to provide access to Cigna's rights and responsibilities under this Agreement. Upon request, Cigna will provide information necessary to determine whether a particular party has been authorized to access Group or Represented Provider's health care services and contractual discounts under this Agreement. Any party authorized to access the health care services and contractual discounts under this Agreement must comply with all applicable terms, limitations, and conditions of the Agreement.

(27) The fee schedule for each type of Benefit Plan is included in the exhibits to this Agreement. Notwithstanding the foregoing, Cigna may at its option provide the fee schedule for any Benefit Plan to Group or any Represented Provider electronically.

(28) Upon the request of Group, Cigna will provide Group with such information as is necessary to allow Group to determine that a Payor is authorized to access the reimbursement rates under this Agreement.

(29) Cigna shall cause each Payor that accesses Group's and its Represented Providers' discounts under this Agreement to comply with all applicable terms, limitations and conditions of this Agreement.

Consideration to Terminate the Interlocal Agreements Between Tarrant County and the City of Fort Worth for the Inspection and Permitting of On-Site Sewage Facilities

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the termination of the Interlocal agreement between Tarrant County and the City of Fort Worth for the Inspection and Permitting of Onsite Sewage Facilities.

BACKGROUND

For over 50 years, the TCPH Environmental Health Division has provided inspections and permitting of on-site sewage facilities in unincorporated portions and incorporated cities within the county. These inspections may include new facilities, repairs to existing systems, complaints regarding malfunctions and inspection systems needed.

On September 8, 1992 the Commissioners Court, through Court Order #67714, approved a contract between Tarrant County and the City of Fort Worth for conducting onsite sewage facility inspections and permitting due to the City of Fort Worth, at the time, having insufficient personnel to perform this service for the entire jurisdiction. This contract was Evergreen with no expiration.

On April 12, 2024, a Texas Commission on Environmental Quality (TCEQ) audit included a finding that the Interlocal Agreement between Tarrant County and the City of Fort Worth was invalid because the City of Fort Worth holds an Authorized Agent designation with TCEQ. The City of Fort Worth has identified personnel to obtain required licensure to perform onsite sewage facility permitting and inspections within the city limits and Tarrant County Public Health has assisted with training City of Fort Worth personnel on program daily tasks.

With the approval to terminate this agreement, Tarrant County will end on-site sewage facility inspection and permitting services to the City of Fort Worth as of September 1, 2025.

Consideration of an Agreement Renewal Notice to an Interlocal Agreement between Tarrant County and the City of Fort Worth for Rabies Control Services

****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider an Agreement Renewal Notice to an Interlocal Agreement (ILA) between Tarrant County and the City of Fort Worth for Rabies Control Services.

BACKGROUND

Chapter 826 of the Texas Health and Safety Code, also known as the Rabies Control Act of 1981, requires the administration of a rabies control program by local governments. Tarrant County has historically contracted with the City of Fort Worth to conduct rabies control services in the unincorporated areas of Tarrant County.

On September 5, 2023, the Commissioners Court, through Court Order #141636, approved the ILA with the City of Fort Worth for rabies control services, for a one (1) year term, which ends on September 30, 2024. The annual not to exceed amount for this ILA is $148,556.00.

On June 18, 2024, The Commissioners Court, Through Court Order #143332, approved an amendment to the ILA, increasing the number of animals impounded to 400 animals and updated Exhibit A fee schedule.

On September 17, 2024, the Commissioners Court, through Court Order #143905 , approved the first renewal to the ILA to end September 30, 2025. Per contract terms, fees will increase by three percent (3%) with a not-to-exceed amount of $ 204,032.04.

With approval of the renewal to FY2024 ILA Tarrant County Public Health (TCPH) will continue to partner with the City of Fort Worth for these services. The terms of the amendment decrease the number of animals impounded by 100 animals for a total of 300 animals, and the annual not-to-exceed cost increased to $157,614.00.

FISCAL IMPACT

Not to exceed amount is $157,614.00.
All associated costs will be paid from funds in T0400-2026 / 5100011000.

Consideration of Data Use Agreement for Overdose Fatality Review between Tarrant County and Recovery Resource Council

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that Commissioners Court consider a Data Use Agreement for Overdose Fatality Review (OFR) between Tarrant County and Recovery Resource Council (RRC) to allow data sharing.

BACKGROUND

Over 2,000 Tarrant County residents have died in the past five years from drug overdoses. Tarrant County Public Health (TCPH) has partnered with RRC to start an OFR to address this preventable cause of death in our community. Other OFR participants include the Tarrant County Medical Examiner's Office, Connections Wellness Group, and TEXOMA HIDTA (High Intensity Drug Trafficking Areas).

The purpose of the OFR is to identify system gaps and collect information to support data-driven overdose prevention and intervention strategies through a series of confidential individual death reviews by a multidisciplinary team. The review provides a deeper understanding of missed opportunities that may have prevented an overdose death and informs recommendations for action.

RRC is coordinating and managing the review of cases, including collecting and entering data. TCPH is the lead for analyzing data and providing data reports for the OFR to use when making recommendations regarding overdose prevention in our community.

The approval of this Agreement will allow TCPH to receive the OFR data collected by RRC so those data may be analyzed.

The Agreement is in effect upon approval by both parties and shall remain in effect until terminated by either party.

The Criminal District Attorney's Office has reviewed this document as to form.

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider an Education Affiliation Agreement between Tarrant County and Texas Women's University to allow students to experience educational opportunities in a clinical setting at Tarrant County Public Health Department (TCPH).

BACKGROUND

TCPH and TWU share a mutual interest in providing students in the health services field with clinical care experience and conducting educational activities through observation and supervised training, all of which are essential to the student's achievement of academic and professional goals. In addition, students are exposed to the impact that public health has on the community.

The agreement presented for consideration sets forth the terms for this partnership, and if approved, TCPH and TWU will begin an educational collaboration to provide TWU students with the experience outlined above for the term beginning October 1, 2025, and shall remain in effect until terminated by either party with three months' notice.

TARRANT COUNTY
COMMISSIONERS COURT COMMUNICATION

Court Date: September 16, 2025	**Court Order #:**	**Page:** 1 of 60
Department:	**Prepared By:** Gary Collins, Contracts Specialist	**Approved By:** Amanda Campbell

SUBJECT:

Consideration of the Community Service Provider Contract with Boys & Girls Clubs of Greater Tarrant County for the Provision of Teens in Action Program Services through the Texas Health and Human Services Commission Family Support Services Community Youth Development Program

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the Community Service Provider Subrecipient Contract with Boys & Girls Clubs of Greater Tarrant County (BGCGTC) for the provision of the Teens in Action program through the Texas Health and Human Services Commission (HHSC) Family Support Services (FSS) Community Youth Development (CYD) Program, #HHS000841700005.

BACKGROUND

Tarrant County Public Health (TCPH) receives annual grant funding from HHSC for the continuation of the CYD program. CYD provides support services to youth and their families with the goal of curbing juvenile crime in Tarrant County. These supports lead to strengthened connection, engagement, and contribution to the community. Grant funding provides assistance to FSS partners with community-based programs, providing a variety of opportunities to promote positive outcomes for children, youth, and families. Services are provided by sub-awards though reimbursements from the CYD program HHSC grant.

BGCGTC offers developmentally appropriate youth-centered programs in an informal learning context. These programs complement and reinforce what youth learn during the school day, while creating experiences that invite them to fall in love with learning while having fun. Rooted in positive youth development, BGCGTC programs help youth build both subject specific skills, like literacy and numeracy, as well as social-emotional skills to help youth build healthy relationships and solve problems. BGCGTC has received HHSC FSS CYD Grant Program funding through Tarrant County since 1997.

On April 16, 1996, the Commissioners Court, through Court Order #74131, approved the original CYD Grant Contract with the Department of Family and Protective Services (DFPS) to curb juvenile crime in the 76106 and 76164 ZIP codes. Thereafter, renewals have been made to continue the program.

On August 17, 2021, the Commissioners Court, through Court Order #136109, approved the FY 2022-2026 Grant Contract with DFPS for the term of September 1, 2021, through August 31, 2026, for funding in an amount not-to-exceed $3,281,250.00 over the term of the contract. In addition, the service area for Tarrant County was expanded to include the 76112 and 76119 ZIP codes. This agreement serves as the base contract for which annual FY funding may be awarded through NOAs.

On September 5, 2023, the Commissioners Court, through Court Order #141637, approved the FY2024 Community Service Provider Contract with BGCGTC for the provision of Juvenile Crime Prevention Program services in an amount not to exceed $87,317.25, with a term of September 1, 2023, through August 31, 2024.

On August 20, 2024, the Commissioners Court, through Court Order #143686, approved the FY2025 Community Service Provider Contract with BGCGTC for the provision of Juvenile Crime Prevention Program services in an amount not to exceed $87,317.25, with a term of September 1, 2024, through August 31, 2025.

On September 1, 2024, the granting agency for CYD funds changed from DFPS to HHSC, and the program changed from PEI to FSS. This contract reflects the new granting agency of HHSC FSS with the same start date of September 1, 2024.

With approval of this subrecipient contract, Tarrant County will reimburse BGCGTC an amount not to exceed $87,317.25 in FY 2026 FSS CYD Grant funding for the provision of Juvenile Crime Prevention Program services as mentioned above. The funding period for the contract is September 1, 2025, through August 31, 2026.

The Criminal District Attorney's Office has reviewed this document as to form.

FISCAL IMPACT

Funds will be requested for FY2026 in the amount of $87,317.25.

This grant does not require matching funds, allows for indirect costs, and does not include an operating subsidy.

All associated costs to be paid from grant funds in Grant-2004 / F0040-2026 / 5100103000.

PASSED AND APPROVED on September 16, 2025.

THE SERVICE PROVIDER WILL PROVIDE THIS INFORMATION TO THE COUNTY WITHIN TEN DAYS OF THE AWARD OF THE CONTRACT.

11.5 THE SERVICE PROVIDER WILL CONTINUE ATTEMPTS TO OBTAIN THIS INSURANCE ON AN ANNUAL BASIS. IN ORDER TO REMAIN IN COMPLIANCE, IN THE EVENT THE SERVICE PROVIDER IS UNABLE TO OBTAIN INSURANCE, THE SERVICE PROVIDER WILL SUBMIT THE DOCUMENTATION REQUIRED BY SECTION 10 ON AN ANNUAL BASIS.

11.6 ALL REQUIRED INSURANCE POLICIES WILL INCLUDE AN ENDORSEMENT STATING THAT THE COUNTY WILL BE GIVEN THIRTY (30) CALENDAR DAYS WRITTEN NOTICE OF POLICY OR BOND CANCELLATION OR A MATERIAL CHANGE IN THE POLICY OR BOND.

11.7 The County may waive all or part of this insurance requirement at its discretion.

11.8 UNLESS OTHERWISE NOTED IN THIS CONTRACT, AND TO THE EXTENT THAT SERVICE PROVIDER DOES NOT HAVE OR MAINTAIN INSURANCE OR DOES NOT HAVE OR MAINTAIN SUFFICIENT INSURANCE, SERVICE PROVIDER ACKNOWLEDGES AND AGREES THAT SERVICE PROVIDER WILL BE SOLELY RESPONSIBLE FOR ANY LOSSES OR DAMAGES RELATED TO OR CAUSED BY THE SERVICE PROVIDER'S PERFORMING ITS DUTIES AND OBLIGATIONS UNDER THIS CONTRACT. THE COUNTY WILL HAVE NO OBLIGATION TO REIMBURSE OR OTHERWISE PAY SERVICE PROVIDER FOR ANY COSTS INCURRED RELATED TO ANY SUCH LOSSES OR DAMAGES.

11.9 The Service Provider will protect all physical property and equipment purchased under this contract and take appropriate measures to meet this obligation. The Service Provider must furnish the County with a written, factual report of the theft of, or damage to, any equipment purchased under this contract, including circumstances concerning the loss.

In addition, in the event of any theft, vandalism, or other offense against the properties, the Service Provider will notify appropriate local law enforcement authorities.

11.10 Except as otherwise provided in this contract, all products produced by Service Provider as a result of this contract become the sole property of Texas Lead Agency, including, without limitation, all plans, designs, software, and other contract deliverables.

A. If Service Provider develops any copyrightable material in the course of performing this contract, then Service Provider will grant the State of Texas, Texas Lead Agency, any federal awarding agency, and the Health and Human Services Commission a royalty-free, non-exclusive, and irrevocable right to reproduce, publish, or otherwise use, and to authorize others to use, the work for governmental purposes.

B. This section does not apply to any report, document, or other data, or any invention of Service Provider which existed prior to, or was developed or discovered independently from, its activities related to or funded by this contract.

12. STATE AND COUNTY OWNERSHIP OF REPORTS

In developing, copying, and disseminating reports or other information under this contract, the Service Provider will:

12.1 Grant to the Texas Lead Agency or the County the right to copyright, use, reproduce, and distribute any material written or produced by the Service Provider that is the subject of this contract.

12.2 Defend any claim, suit, or proceeding brought against the Texas Lead Agency or the County on the issue of infringement of any copyright by any product, or any product part, supplied by the Service Provider to the County under this agreement subject to the jurisdiction of the Attorney General of Texas. The Service Provider will pay, subject to limitations specified in this Section, any final judgment entered against the Texas Lead Agency or the County on this issue in any suit or proceeding defended by the Service Provider. The Service Provider will be relieved of this obligation if within 30 calendar days after the County receives notice, the County fails to notify the Service Provider in writing of any claim, suit, or proceeding, and at the Service Provider's expense, give the Service Provider all information needed to defend any claim, suit, or proceeding. The Service Provider will report to the County within 30 days and in reasonable written detail, each notice of claim of copyright infringement pertaining to this contract of which the Service Provider has knowledge.

13. TERMINATION AND SUSPENSION

13.1 This contract may be terminated without cause by either County or Service Provider by providing written notice to the other party at least 30 days prior to the intended date of termination. The County will not reimburse the Service Provider for a cost paid after the date of termination. Contract provisions regarding reports and audits will remain in effect for federal and state retention requirements.

13.2 If the Service Provider fails to provide services according to the provisions of this contract, the County may, upon written notice of default to the Service Provider, terminate all or any part of the contract. Termination is not necessarily an exclusive remedy but will be in addition to any other rights and remedies provided by law or under this contract.

13.3 The County will suspend or revoke this contract if the Service Provider is found liable for or has a contract, license, certificate or permit of any kind revoked for Medicaid fraud. The County will also suspend or revoke this contract if the Service Provider's license, certificate or permit has been revoked by any agency listed in Article II of the General Appropriations Act passed by the 75th Texas Legislature.

13.4 In addition to other remedies available to it, County may:

A. Require the Service Provider to take specific corrective actions in order to remain in compliance with any contractual term;

B. Recoup payments made to the Service Provider or impose administrative error sanctions based on audit findings of violations of contract requirements; and

C. Suspend any contractual rights including, but not limited to, withholding of payment or cessation of placement.

13.5 At the end of the contract term or other contract termination or cancellation, the Service Provider will in good faith and in reasonable cooperation with the County, aid in the transition to any new arrangement or provider of services.

13.6 This contract is at all times contingent upon the availability and receipt of county, state or federal funds that the County has allocated to this contract; and if funds for this contract become unavailable during any budget period, this contract may be immediately terminated or reduced at the discretion of the County without damage assessed against the County. Notwithstanding anything to the contrary, the obligations of Tarrant County are contingent upon the availability of appropriated funds. In the event no funds or insufficient funds are appropriated for County to meets its obligations under this agreement, County may terminate this agreement without notice.

13.7 If federal or state laws or other requirements are amended or judicially interpreted so that either party cannot reasonably fulfill this contract, and if the parties cannot agree to an amendment that would enable substantial continuation of the services, the parties will be discharged from any further obligations under this contract.

13.8 All obligations and duties of the Service Provider not fully performed at the expiration or termination of this contract will survive the expiration or termination of the contract. County will not pay Service Provider for services provided following the termination of the contract.

14. PERSONNEL

14.1 All personnel funded by the attachment to this contract are employees or volunteers of the Service Provider which will be responsible for their direction and control. Service Provider has sole authority and responsibility to employ, discharge, and otherwise control its employees and contractors. These two clearances must be obtained prior to contact with CYD clients or information. An FBI clearance is required if the employee or volunteer has lived outside Texas within the last five (5) years, and must also be obtained prior to contact with CYD clients or information. Forms 2970c and 2971c should be updated when checks are updated every two years, and the forms and clearances must be kept on file with CYD and the Service Provider.

If while providing direct services, having direct client contact and/or access to client records, the Service Provider becomes aware of any new arrest or investigation of abuse or neglect conducted by any federal, state or local agency or board of an employee or volunteer, then the Service Provider will notify the County within ten (10) business days of them becoming aware of it. DFPS will determine if and when the employee or volunteer can have direct contact with clients.

14.6 Service Provider will disclose and release, or cause its employees, subcontractors, and volunteers with direct client contact and/or access to client records to disclose and release, any allegation made against that employee, subcontractor, or volunteer alleging the commission of:

D. Any act or offense that can reasonably be associated with potential risk of harm or loss to the Department and/or its clients based on the job duties or contractual role(s) of the person in question at any time during the contract period.

This disclosure and release is required of all individuals who have, or will have, direct contact with clients and/or access to client records, prior to such contact or access and will be accomplished through the use of:

A. Criminal history background check;
B. DFPS abuse and neglect history check; and
C. Signed disclosure and release by each person attesting to this information, which will be maintained by Contractor, available for review by the County, and renewed at intervals not to exceed 24 months while the contract is in effect.

Service Provider will prevent or promptly remove any employee, subcontractor, or volunteer from direct client contact and/or from access to client records who is alleged to have committed any act or offense listed in this contract. If it is determined with certainty that the person in question has not committed the acts or offenses alleged, that person may again be assigned to direct client contact and/or access to client records. However, the Service Provider will notify the County its intent to do so no later than ten (10) business days prior to the intended reassignment and receive County approval prior to the reassignment. Silence by County will not be construed as approval for this purpose. Service Provider must provide the County with further information concerning the reasons for the reassignment upon the request of the County. If the person in question is found to have committed any of the acts or offenses listed in this contract, that person will not be reassigned to duties involving any direct contact with clients and/or access to client records.

14.7 If an employee has been wrongfully removed, the employee may be reassigned to direct client contact; however, the Service Provider will notify the County at least ten (10) working days prior to the intended reassignment. The Service Provider must provide the County with further information concerning the reasons for the reassignment upon the request of the County. If the employee is found to have committed any of the offenses listed in this paragraph, the employee will not be reassigned to duties involving any direct contact with clients.

14.8 The County has the right to remove from the provision of services, any employee or volunteer of the Service Provider. This right will be exercised in a reasonable manner by the County.

14.9 Service Provider shall allow its employees to testify in judicial proceedings and administrative hearings, at the request of the County.

14.10 Service Provider shall promptly report any suspected case of abuse, neglect, or exploitation to the appropriate authority as required by the Texas Family Code, Chapter 261. All reports must be made within 24 hours of the discovery of abuse, neglect, or exploitation.

14.11 Service Provider is an independent Service Provider under the terms of this contract and is not an officer, agent, servant or employee of the County.

14.12 If specific qualifications are set forth in job descriptions required by the County, assign personnel meeting those qualifications to those positions unless a written waiver is granted by the County.

14.13 Service provider must submit all required Personnel File documentation for all CYD employees and volunteers (as appropriate) to the County (including: I-9, job description, resume/application, diploma/transcript, and training documentation).

15. CONTRACT INTERPRETATION

15.1 The contract may be amended in writing duly executed by the contracting parties.

15.2 If any provision(s) of this contract will be construed to be illegal or invalid, it will not affect the legality or validity of any of the other provisions hereof, and the illegal or invalid provision will be deemed stricken and deleted here from to the same extent and effect as if never incorporated herein, but all other provisions will continue.

15.3 Force Majeure. The Service Provider will be financially liable for undue delays or failures to perform in contract performance except for any delay in or failure of performance of any requirement caused by force majeure (i.e. those causes generally recognized under Texas law as constituting impossible conditions). Such delays or failures to perform will extend the period of performance at the discretion of the County in the exercise of reasonable diligence until these exigencies have been removed. The Service Provider will inform the County in writing of proof of such force majeure within three (3) business days or otherwise waive this right as a defense. The Service Provider agrees that breach of this provision entitles the County to reduce or stop payments, immediately terminate this contract, collect partial or whole payment for services not timely delivered, other liquidated damages including amount of any bond for contract amount, and any other remedies available to the County under the terms of the contract, in equity or under Texas law.

15.4 It is expressly understood and agreed that enforcement of the terms and conditions of this contract, and all rights of action relating to such enforcement, will be strictly reserved to the parties, and nothing contained in this contract will give or allow any claim or right of action whatsoever by any other person not a party to this contract.

15.5 The County's liability is limited by the Texas Tort Claims Act and nothing in this contract will constitute a waiver of sovereign immunity or of the rights of the County under that Act.

15.6 All contracts and other information submitted to The County may be subject to the Texas Public Information Act, Chapter 552 of the Texas Government Code ("the Act"). If Service Provider submits proprietary or otherwise confidential information to The County, then Service Provider should clearly identify that particular information and the specific exception to disclosure in the Act. Making a blanket claim that an entire submission is protected from disclosure because it contains some proprietary information is not acceptable and will not render the entire proposal confidential. The County assumes no responsibility for asserting legal arguments for Service Provider. Service Provider should consult with legal counsel concerning disclosure issues and take precautions to safeguard trade secrets and other proprietary information. Any information generated as a result of this contract is also subject to the Act, and, as such, must be made available to the County in the manner and format specified by the County upon request.

16. CERTIFICATIONS

Boys & Girls Clubs of Greater Tarrant County will provide Sports and Movement, Academic Support, and Arts and Cultural Enrichment services to 76106 and 76164 youth at the North Fort Worth Branch in 76164.

Q1-Q4:
Boys & Girls Clubs of Greater Tarrant County (BGCGTC) offers developmentally appropriate youth-centered programs in an informal learning context. These programs complement and reinforce what youth learn during the school day while creating experiences that invite them to fall in love with learning while having fun. Rooted in positive youth development, Club programs help youth build both subject-specific skills, like literacy and numeracy, as well as social-emotional skills to help youth build healthy relationships with themselves and others, recognize and manage emotions, and solve problems. Our programs align with the 40 Developmental Assets identified by the Search Institute that have been shown to produce positive outcomes for youth.

Youth Centered Learning is an approach in which flexible learning activities and supports are designed to respond to youth's unique strengths, needs, identities, and experiences. BGCGTC takes this approach to implement programs that lead to positive outcomes through a combination of academic remediation and enrichment opportunities.

The program services follow the Boys & Girls Club's overall strategy of the "wrap-around" approach to reducing juvenile delinquency and crime. The program will implement educational, employment, recreational, health, and supportive services that promote the social and economic well-being of youth. Addressing the roots of criminal activity, the two-fold goal of the program is (1) to increase resistance skills and protective factors against activities that lead to criminal behaviors, and (2) to reduce youth participation in delinquent behavior by increasing academic performance.

Components and activities implemented include:
● Academic Support Services (Project Learn: high yield learning activities - HYLAs, tutoring, STEM, literacy) – The Club is committed to achieving academic success and this is accomplished by providing a variety of different academic programs to youth. Project Learn education programs such as Power Hour, STEAM activities, and Literacy learning complement and reinforce what youth learn during the school day while creating experiences that help them value learning and the importance of school. The Power Hour program provides daily homework help, tutoring, and high-yield learning activities that encourage youth to become self-directed learners. Literacy programming focuses on targeted interventions that aid in developing reading proficiency. Our academic support services are also furthered by offering access to our middle and high school youth to our college prep programs that teach study skills, discourage drop out and other truancy prevention, as well as provide assistance with the college application process, scholarships,

and financial aid. Youth also have the opportunity to attend college informational trips and preview many colleges both in and out of the state.

• Arts and Cultural Enrichment – There are opportunities year-round for youth to participate in experiential learning activities that expose them to new opportunities and get them outside of their community norms to broaden their horizons. Youth will explore different artistic expressions including the arts (painting and drawing), dance, theatre, poetry, and music. The NFW branch houses the Music Clubhouse where youth can participate in our Music & Youth program. The Music & Youth program is a character development program in which music is used to inspire our youth to be the best versions of themselves.

• Sports and Movement (sports, games, outdoor activities) – There are a variety of activities that happen on a daily basis at the Club. On any given day, there are sports and fitness activities, intramural sports, and recreational play happening both indoors and outdoors. The Triple Play health and wellness initiative encourages youth to get daily physical activity while teaching them good nutrition and helping them develop healthy relationships. Club staff facilitate activities in the gym and the classroom with members every day and host sports and recreational competitions throughout the month. Triple Play leaders assist staff with the implementation of activities, coaching teams, and as peer mentors. This program has seen success in improving members' confidence in their physical fitness and abilities.

Elements of each of the above program components are integrated into all of the social and educational support services that the Club provides allows for an enriching program experience. In fact, all Club programs are based on a youth development strategy that builds self-confidence and self-esteem and fosters a sense of belonging, competence, usefulness, and influence.

Services will be offered Monday through Friday at the North Fort Worth Branch. The program is structured into segments. When youth arrive from school, the Academic Program, Project Learn, provides an academic tutoring and homework assistance program known as Power Hour. Project Learn also offers program rotations that are literacy-focused, and/or promote high-yield learning activities based on STEAM. After participants complete homework, they are then rotated periodically through the physical education, social recreation, and cultural enrichment departments. Additional programming classes are also offered throughout the day that enrich life skills, diversity, and character development.

In addition to the programs listed above, Club members have the opportunity to participate in character-building and social-emotional health and well-being programs. These SMART Programs are prevention-based programs to help youth hone their decision-making and critical thinking skills, as well as learn how to avoid and/or resist alcohol, tobacco, other drugs, and premature sexual activity. On an ongoing basis, the Club develops young people's capacity to engage in positive behaviors that nurture their own well-being, set personal goals, and live successfully as self-sufficient adults.

Youth are taught coping skills, personal attitude and motivation, communication skills, behavioral and social skills, and decision-making. They also receive information on healthy dating relationships, teen pregnancy prevention, and coping with family issues and/or lack of support at home.

Older youth (13-17) are allotted their own space ("Teen Rooms"), where age-appropriate curricula and activities are implemented, such as Keystone Club. Furthermore, at the North Fort Worth Branch Annex building, older youth have access to homework assistance and tutoring provided by college tutors and have the ability to take advantage of a full computer lab.

Q4:
Services will be offered Monday through Friday at the North Fort Worth Branch. When youth arrive for summer programming, they are split into groups according to their age and gender. The groups then rotate periodically through the education room, physical education, social recreation, and cultural enrichment departments participating in HYLA's and other enrichment activities. Additional programming classes are also offered throughout the day that enriches life skills, diversity, and character development. In the summer months, additional field trip opportunities, community service projects as well as Club events, such as field days and Club-wide game tournaments may be scheduled. Class times and rotation schedules may be adjusted depending on the number of participants in any particular age group.

FAMILY AND PRIMARY CAREGIVER ENGAGEMENT

Please outline your plan for how families and primary caregivers will be engaged in the CYD program.

What strategies will be used to demonstrate a commitment to the meaningful involvement of Families and Primary Caregivers in CYD?

Research has also shown that when Club staff work to engage parents, their children report a better Club Experience. Taking this into consideration, Club professionals take proactive measures to regularly communicate, both formally and informally, with the youth's parents. Intentional efforts to engage parents in the Club Experience is a regular practice at all Clubs. Some common parent engagement practices include:

- Use technology to communicate with parents
- Collaborate with other service providers to support members and families
- Host mandatory orientation events for parents
- Create programs and special events designed for parents and families
- Stay in touch with parents through quick phone calls and emails
- Use drop-off and pick-up times to share members' accomplishments with parents

In regards to the Juvenile Crime Prevention Program, all parents are required to attend a parent orientation at least once per year. During this orientation, parents are informed of the services provided and opportunities for parent engagement. Staff provides orientations in English and Spanish to resolve any language barriers. Parents are able to meet with program staff at any time to discuss the progress of their children and are encouraged to take an active role in their child's involvement in the Club. The program staff may call for special parent meetings to discuss specific issues with participants and make referrals for special needs identified. Multiple events geared towards parent engagement and education are scheduled multiple times per year to connect with parents and inform them of important information. If ever there is an incident, accident, injury, or behavior problem, parents are engaged in an accommodation and inclusion discussion to help best support building a positive youth experience.

Please detail the timeline for implementing your plan and strategies as described above.

Parent Orientation: Upon enrollment in the program (on-going)

CYD staff will partner with special programs teams to identify virtual experiences that support college and career preparation.

PROGRAM IMPLEMENTATION

Please describe in detail how program will be implemented under this Grant Agreement

Please indicate what startup activities will be necessary at the start of a Grant Agreement including hiring and training staff, publicizing your program in the community, and recruiting Youth to the program.

Startup activities will consist of developing an operational and communications strategy and an operating model that supports local schools. A staffing assessment will be conducted to ensure adequate staffing levels to allow for a seamless school year reopening. Marketing the school year program and promoting online registration will be necessary. Staff will immediately register all current youth and start recruiting new youth in order to achieve service goals. A targeted recruitment of current/past members to re-register for the new school year, using current member rosters and contact information. Recruitment will be accomplished by distributing flyers in schools, in the community, at local businesses, and through direct mail in the 76106, 76164, 76112 and 76119 ZIP codes. Recruitment will also take place through school visits. However, much of the recruitment will be achieved by word-of-mouth and online/social media messaging. These activities will be ongoing.

Describe outreach and recruitment strategies and plans. Include plans to reach and engage families demonstrating priority characteristics. If any special population of Youth and families were identified to be served by the program, please provide and the ways the organization will tailor program delivery or outreach to meet the unique strengths, circumstances and needs of the population(s).

Recruitment will be accomplished by contacting youth in the target areas who are currently participants in the programs at North Fort Worth. Recruitment will also be accomplished by staff performing school visits and attending community events. Much of the recruitment will be achieved by word-of-mouth. An increased social media and virtual presence, along with increased website interaction capacity, will better support recruitment.

Describe plans to alleviate barriers to engagement and participation. Outreach and retention plans should include consideration of community context such as Youth with the potential to be underrepresented in programming such as young men or Youth of color.

While our branches are located in neighborhoods experiencing economic disadvantages, lack of transportation can still be a barrier to access for many families. Our Mobile Clubhouse program allows us to take the Club Experience to youth in their communities. Our youth development professionals are utilizing our custom design RV and our fleet of Club buses to set up Club programming in select under-resourced neighborhoods to ensure that kids who cannot attend the Club in person have access to Club programs and services.

Describe accessibility of programming to Youth. Applicant must offer programming at times and places that meet the needs of local Youth.

BGCGTC Clubs and programs are offered Monday through Friday from 3:00 p.m. to 6:30 p.m. during the school year and 7:30 a.m. to 6:00 p.m. during the summer. Our Branches are located within the neighborhood and are easily accessible by walkers and car riders. Bus transportation is provided from select community schools during the school year.

Describe how transportation needs will be met. Address any Youth transportation barriers or needs, and how you will coordinate or provide transportation of Youth to participate in CYD program activities.

Shifts in program participation pose the most significant barrier. Outside extracurricular activities, especially for older youth, sometimes hamper their ability to consistently participate in the program. Bus transportation will be provided for youth from select community schools to the program site.

Describe how the program will assist in reducing juvenile delinquency or crime, how it will positively develop and enhance the lives of youth and their families, and what impact the program will have on the community.

The Club's comprehensive youth development strategy ensures that participants have a strong foundation for future success. Part of the Club's mission of providing enriching programs for youth from disadvantaged circumstances is to help youth develop the qualities needed to become responsible citizens. If young people perceive school and educational attainment as important, they are more likely to achieve academic success. As youth continue to succeed in the classroom, they will have increased opportunities for post-secondary education and/or workforce opportunities. Supporting youth and teens with establishing goals and developing plans for success positions staff as mentors who can help support and encourage Club members toward achievement. Academic proficiency and educational achievement have direct implications to affect juvenile delinquency. Observing and practicing the social-emotional "soft skills" complements academic achievement and can lead to employability, exploring career options, and engaging in programmatic experiences that prepare youth to learn and work beyond high school. Incorporating the 40 Developmental Assets into every program and or activity will also ensure youth are developing internal and external strengths and supports that will lead to future success. Young adolescents need positive group experiences to help them cultivate good character and effective leadership skills so they can become civically engaged and caring citizens. Adolescents and teens who have an increased awareness of community issues, exposure to community service, and opportunities to make leadership decisions, are more likely to foster lifelong civic engagement, graduate high school, and have broader employment opportunities. Participation and engagement within communities that one identifies as their own directly impact juvenile delinquency.

The program serves youth who may: (1) be influenced by gangs and criminal activity; (2) have low school attendance, poor academic performance, or have dropped out of school; (3) lack the skills and/or means to secure employment; (4) be involved with illegal drug/alcohol use and premature sex; and (5) have low self-esteem and associated lack of community connection. The key to changing the future for these youth is to provide educational and social programs that address their needs. In keeping with the CYD vision, the Club offers a holistic approach to reducing juvenile criminal behavior and assisting youth in improved academic performance.

Describe any established community partners (including program sites, Youth referrals, special events, etc.).

Boys & Girls Clubs of Greater Tarrant County maintains relationships with other youth-serving organizations to help ensure that youth receive the maximum benefit from all services available. The Fort Worth and Arlington Independent School Districts and local juvenile justice authorities are two important relationships. The Club has cooperative agreements with the Fort Worth Public Library, Read Fort Worth, the City of Fort Worth and Arlington Police Departments, Tarrant County Public Health, and multiple colleges and universities. Other supporters include: BNSF, Kiwanis Club, TTI, Fidelity Investments, Ernst & Young, Charles Schwab, All Saints Catholic Church, Olympus, and Buffalo Wild Wings, all of whom collaborate with BGCGTC for special events. These relationships bring in resources such as experiences, special event support, supplies, volunteers, and other services.

Describe the procedures or processes for enrollment, including how a Youth's eligibility will be assessed. Include information on any screening and assessment instruments your program will use to determine eligibility, needs, and strengths. Include details on the completion of CYD forms and action plans. Include your process for obtaining a new

CYD Data Authorization Form annually for each Participant. Include your process for completion of Developmental Assets Profile (DAP) pre-surveys for Youth ages 10-17 years old.
BGCGTC will utilize client meetings, family meetings, and pre-screenings for intake and assessment. BGCGTC follows HHSC regulations for CYD reporting. CYD Registration forms will be obtained from all youth entering the program and annually. Staff will complete CYD Eligibility for Program Participation forms by gathering information from all available sources. Outcome surveys will be obtained from youth according to HHSC requirements. Moving to an online registration process allows for increased efficiency and communication with parents.
List any additional assessment tools or surveys that will be utilized during programming (e.g. curriculum surveys, organizational surveys, etc.).
BGCGTC will follow all HHSC policies and procedures and utilize all assessment tools or surveys provided. Developmental Assets Profile will be used for all CYD pre/post surveys. Pre-surveys will be completed by all youth when entering the program or at the beginning of each fiscal year. Post-surveys will be completed when youth exit the program or at the end of the school year or summer. Program Experience Surveys will be completed for youth closed or exiting the program. BGCGTC program staff will utilize the following pre- or post-assessments and surveys during the program: NYOI (BGCA- National Youth Outcomes Initiatives Survey) Project Learn Pre-Post Test 40 Developmental Assets Profile Survey
Outline retention plans. If incentives will be used to support retention, describe plans for incentives, including the types of incentives to be provided, the intervals in the program at which the incentives will they be given, and what added benefit the incentives provide to the client.
Participants will be retained in the program by helping them form bonds with caring staff members, develop a sense of pride in themselves, identify optimal activities, and increase their academic success and future prospects. All of these aspects will help renew participants' pride and confidence in their community. Developing branch-level CQI plans supports staff in forming strategies that promote and track club experience outcomes. High achievement in outcomes supports increased member retention.
Describe how Youth are referred to other needed supports when a Participant would benefit from additional programming or supports or when program is at capacity. Include how referrals to other programs or providers are documented, tracked, and supported.
The referral process starts once a staff member identifies a concern regarding the member's progress or situation. A parent meeting will be scheduled to discuss strategies or options for additional support or services to address the youth's needs. When necessary, the discussion is elevated to the administrative level with the Tarrant County Regional Vice President of Tarrant County and Chief Operations Officer. Once referrals are made, program staff follows up periodically to check the status and offer support as needed. In the event that the program is at capacity and a referral is made to another program, the program staff may ask that the parent follow up with them to ensure they gain access to the services they need.
Describe Participant activity documentation system(s), processes, and procedures. Include a description of how documentation is maintained and utilized to support program activities, as well as information that will be required in Participant file or activity notes.
The Branch Director CYD is responsible for all documentation and will identify Youth Program Specialist and designated Youth Development Specialist(s) to help manage all CYD-related tasks to ensure program documentation is completed. Program attendance and participation are recorded using our electronic database daily. Staff follows a data collection and reporting process designed to protect the confidentiality of members and identify program effectiveness. All participating youth will have an individual case file that is kept secure. Files may include intake forms, report cards, pre-and post-tests, etc. Staff will also track, monitor, and report performance measures as

outlined by the grant contract. Utilizing effective procedures and systems and the various programs available for members in conjunction with the Mentoring Youth At-Risk Program will position the Club to implement the program successfully. The Mentoring Youth At-Risk Program is designed for at-risk youth in Fort Worth, ages 6-18, to participate in site-based and virtual/distance group and individual mentoring activities on a weekly basis for one year. The goal of the Mentoring Youth At-Risk Program is to provide youth with positive adult interaction that exposes them to new experiences and people from various walks of life, fosters increased confidence and self-esteem and encourages career, education, personal, and social growth. The ultimate goal of participation is to help at-risk youth grow into productive citizens who possess critical skills to make healthy choices and reach their full potential. Staff will document CYD-related activities in a very similar manner that is currently done with the Mentoring Youth At-Risk Program.

Describe how program completion for Participants will be determined, as well as processes and procedures for Participant closure and any follow-up. Include details of Participant closure documentation, Developmental Assets Profile (DAP) post-surveys, and administration of the Program Experience Survey.

BGCGTC follows HHSC regulations for CYD reporting and case closure. The Branch Director CYD, Youth Program Specialist, and designated Youth Development Specialist(s) are required to complete all of these tasks as appropriate. Closeout activities include post-surveys, assessments, and file reviews. If a participant is transitioned out of the program, staff will review the participant's file and service history to determine if any referrals should be made. The staff will meet with parents if able to inquire about any additional service needs and make appropriate referrals to outside agencies. The staff will review with parents any ongoing services that need follow-up.

Outline plans to sustain programming beyond the five-year Period of Performance.

Prior to the end of the grant period, the Board and staff will pursue funding to ensure the program's continuation. Other funding sources, such as federal, state, and private foundation grants, are periodically available within our local area and target population. The Club has a successful track record in applying for and being awarded government funds. Current contracts are held with the U.S. Department of Education, Texas Department of Health and Human Services (multiple contracts), Office of the Governor-Criminal Justice Division, City of Fort Worth (multiple contracts), City of Arlington (multiple contracts), and Tarrant County (multiple contracts). The Club has demonstrated the ability to manage a wide variety of government-funded projects.

ORGANIZATIONAL COMPETENCE

Describe strategies program will use in acknowledging and respecting the diversity of Youth and Families, including their cultural traditions, languages, values, socio-economic status, family structures, sexuality, gender identification, religion, individual abilities and other aspects.

Because Cultural Arts and Youth in Unity, a diversity awareness program, are a component of the program, staff are aware of the importance of integrating themes of cultural understanding, diversity, and sensitivity into various activities. Staff working in the branches receive cultural competency training yearly and have the opportunity to receive additional diversity training as it becomes available throughout the year. Staff further integrates principles of empathy, understanding, and diversity in all activities. A multicultural staff also serves as role models of positive interpersonal interactions. The Club fosters cross-cultural communication and acceptance among participants and staff. While the majority of the program staff at the NFW branch are Hispanic and bilingual, the Club believes it is vital to have an ethnically diverse staff so that youth may be exposed to and interact with different cultures and ethnicities. The

organization has adopted policies on accommodation and inclusion to ensure every youth has an opportunity to access the Club experience. The Club ensures that the program components and materials are culturally diverse and relevant. Additionally, the Club provides many opportunities for youth to participate in cross-cultural activities (including Dieciséis de Septiembre, Juneteenth, Black History Month, Cinco de Mayo, Multicultural Fairs, etc.).

Describe diversity within organizational leadership and plans to increase diverse backgrounds and demographics of board members or other leadership during the grant period.

BGCGTC recognizes the importance of equity in our efforts to achieve equality for our staff, members, and in our communities. The Executive Leadership Team consists of four women and two men, while our Senior Leadership team consists of three women and two men. We employ an ethnically diverse program staff to ensure the staff is representative of the youth being served.

Our intentional efforts to build a diversified board of directors, senior leadership team, and program staff reflective of the community we serve directly align with our desire to ensure a broad range of voices and perspectives that serve as representatives for the organization.

In the fall of each year, our Board Governance Committee evaluates the composition of the Board of Directors, its performance, and areas of growth to diversify the board in skills, ethnicity, genders, and cultures. We completed this activity most recently in April 2024 and set our recruitment priorities for the year. We also aim to build an inclusive board and completed an in-depth board experience survey, which 82% of board members completed in February 2023. This survey, completed by a third party, helps to inform the strengths and opportunities for supporting our board members' experiences, especially as they relate to their demographic profiles.

The same commitment to racial and ethnic inclusion is given to hiring and training staff. Boys & Girls Clubs of Greater Tarrant County is committed to promoting a safe, positive, inclusive environment for all, regardless of ability, identity, belief, age, and cultural background. We respect and value diverse life experiences and believe everyone should have equal opportunities to reach their full potential. We do this by assessing employee experience through Gallup's Q12 survey. This survey provides information on the quality of staff's experience and is being analyzed for meaning and action relative to various demographic factors.

As we continue our efforts to become a more inclusive organization that serves families through a lens of advocacy, social justice, and community change, we must learn and address factors that could disrupt our ability to authentically connect with those we serve and those that we serve alongside. All BGCGTC staff complete training and hold intentional dialogue around Unconscious Biases that help us to make sure we are developing our teams to unlearn bias and racism and ensures our work matches our words. Our training program is designed for the year and includes many opportunities for individuals to learn and connect with others. These intentionally designed learning events provide staff with tools, information, and hands-on activities that help them support each other, themselves, and our youth more effectively on our way to being an inclusive organization.

Board Recruitment is a year-round process in which names and qualifications of prospective board members are forwarded to the Board Governance Committee for review and follow-up actions. To determine the board's membership needs, a needs assessment is conducted with existing board members to assess the expertise needed to fill a vacancy and what present members can provide the organization. Current make-up of the board is as follows: 67% Male, 33% Female; 69% White, 13% Black, 11% Hispanic, 5% Multiracial, and 2% chose not to answer. Diversifying the Board to be more reflective of the community we serve is critical to the organization. The Board Governance Committee sets strategic goals for recruitment each year, specifically recruiting new board members to reach those goals with intentionality to diversify the membership.

PROJECT STRUCTURE & STAFFING
Family Support Services (FSS) programs for which the organization is currently receiving funding:
CYD
Describe the staffing structure for the project. Describe qualifications for administrator(s), supervisor(s), staff working directly with program Participants. Describe intentional recruitment of staff with diverse backgrounds and experience supporting Positive Youth Development.
Under the direction of the Branch Director CYD, Program staff (Youth Program Specialist, Music & Youth Coordinator, and Youth Development Specialists) will implement the Juvenile Crime Prevention program activities and experiences for Club members. The Senior Director of Operations and Regional VP of Tarrant County will provide supervision and support as needed. The Senior Director of Grant Management ensures program quality, contract compliance, and billing. All staff must be at least 18 years of age, have a High School Diploma or GED, and one year of experience working with youth. Most full-time positions require a Bachelor's degree in recreation, behavioral sciences, education, administration, or related fields. A minimum number of years working with children and adolescents, with at least one year of program management experience, preferably designing and implementing programs for youth or teens. Additional experience supervising staff may be required for specific leadership positions. Part-time positions require experience working directly with youth, successfully meeting training and other requirements during the 90-day performance orientation period. BGCGTC works to intentionally recruit staff with diverse backgrounds and experiences to support positive youth development by employing several strategies in our hiring and recruitment practices. Our hiring practices consist of staff hiring incentives, which encourage our team of professionals to recruit others who would fit in well with our culture and values; interview questions pertaining to specific issues related to the needs and experiences of youth and teens; recruitment efforts for targeted populations with similar or shared experiences; and connections to the communities served by the Club.
Describe supervision structure. Detail plans for administrative, clinical, and reflective supervision for staff.
BGCGTC employs several supervision models for staff: • Administrative supervision occurs regularly between the Branch Director CYD and program staff to promote professional development including skills, knowledge, processes, and responsibilities. • Clinical supervision occurs as needed, or at least annually, with the Senior Director of Operations and/or Regional VP of Tarrant County and Branch Director CYD. • Reflective supervision occurs regularly and involves program staff, the Branch Director CYD, and Regional VP of Tarrant County. It may involve members and parents sharing their thoughts and experiences as well. This is often done as a "pulse check" activity at least once during the program cycle.
Indicate whether volunteers or interns will be used. If so, please specify tasks or duties, minimum qualifications, trainings, and supervision structure.
Volunteers and interns will not be used to implement the program.
Describe plan for maintaining required activities during vacancies and staff transitions. Include tangible plans for program oversight; program delivery; recruitment and outreach; sustainment of relationships; and community and systems-level strategy.
The Branch Director CYD and administrative support team will work together to ensure consistency and continuity in the face of staff transition.

Human Resources staff ensures that recruitment for vacancies occurs quickly after staff turnover. Open positions are advertised locally and nationally through various job posting services. New hires must go through new hire orientation and job shadowing to learn about the organization and program implementation. Staff must attend periodic training throughout the year to ensure they are up to date on all innovations and best practices in program delivery.

Describe your organization's policies and procedures for reviewing case files for quality and completeness.

It is standard procedure for staff to complete an audit of member's case files at the end of each month. Staff reviews forms and documents for accuracy and completeness before transferring any written information into the electronic database. The Branch Director CYD and Senior Director of Grant Management oversee the monthly audit.

Describe your process for tracking all training for staff, and the position(s) responsible for tracking.

The Branch Director CYD is responsible for tracking staff training and recording it appropriately. Once training is assigned, it is communicated to staff via email and/or calendar invite with an expected completion deadline. Once the training is completed, staff must forward copies of certifications or other proof of participation to the Branch Director CYD, as well as the training@bgcgtc.org website. Human Resource professionals monitor the website and maintain the certificates in staff files.

List the training your staff will receive as part of your training plan. In addition to evidence-based training requirements (if applicable), list any specialized trainings you anticipate providing to staff (e.g. cultural humility, cultural competency, mental health first aid, etc.). Please add additional rows as needed. See Training Requirements in Section 3.4 of the RFA.

DATA & DATA USE

Please briefly describe the quality assurance processes that will be utilized for this Grant Agreement

Describe how your agency will use data to identify ongoing client and community needs and inform ongoing program improvement.

BGCA has partnered with the David P. Weikart Center for Program Quality to develop a CQI system specifically for Clubs, based on the Weikart Center's evidence-based Youth Program Quality Intervention.

Continuous Improvement Cycle:
The process of implementing a quality Club Experience is a year-round, ongoing effort. We must collect and analyze data to inform needed changes so that quality is consistent across our operations and programming, as well as from Club site to Club site.

A Continuous Improvement Cycle is an ongoing feedback loop that includes gathering information, making decisions, implementing strategies, assessing how well they work, and then adjusting or trying new strategies based on the results. The cycle is a team-based process with significant opportunities for all Club staff to actively participate and contribute input. The cycle contains three steps: (1) Assessment, (2) Action planning, and (3) Execution.

<u>Assessment</u>
Boys & Girls Club of Greater Tarrant County will conduct a thorough assessment of operations and programs to determine the effectiveness of the Club Experience it offers youth. This assessment will include both staff input and member feedback to produce a comprehensive record of how well our organization implements the Five Key Elements of Youth Development. The assessment will also help us determine gaps in program and activity offerings to help us

serve more youth more often. The assessment phase will include: (1) Establish Baseline Data, (2) Data Review and Comparisons, (3) Identification of Key Improvement Areas, and (4) Selection of Staff Practices to Influence the Club Experience. BGCGTC will utilize the Youth Program Quality Assessment tool, National Youth Outcomes Initiative Survey, and other internal assessment tools to complete regular assessments of all programs and special projects.

Action Planning
The staff team will create an Action Plan to improve the operations and programming at our organization with the goal of increasing quality across sites.

Execution
Our success in building a better Club Experience will depend on our ability to monitor the effectiveness of selected strategies. We will routinely re-assess how well our improvement strategies and tactics are working and adjust accordingly. The execution phase will include the following key components: (1) Program Quality Assessment, (2) Process and Monitoring Plan, (3) Technology Purchases/Upgrades, (4) New Staff Positions, (5) Facility Changes/Upgrades, (6) New Program Resources, and (7) Creation of Success Metrics.

GRANT ADMINISTRATION

Describe how you will effectively administer the grant to ensure that contractual deadlines are met and that the budget is appropriately managed.

Boys & Girls Clubs of Greater Tarrant County has an established process for grant implementation and compliance. Once funding is awarded, the contract is reviewed, and an individual implementation plan is created with a team of staff, which includes our Programs Director, Finance Director, Grants Director, and Advancement Team. This cross-functional
team meets on an ongoing basis to track and monitor outcomes, spending, and other obligations to ensure the grant is on track for successful completion by ensuring that all requirements and obligations are met and standards and guidelines are adhered to.

Spending is tracked via a three-person checks and balance process as follows:
Person A- prepares billing for the finance department
Person B- audits the billing and signs off
Person C- submits the request for reimbursement

The Club is required to undergo a single audit each year. The Club has received an unmodified opinion (cleanest opinion given) from our independent auditors every year. The auditors have qualified us as a low-risk auditee. No deficiencies or weaknesses were found.

Describe the quality assurance procedures you have in place.

BGCGTC has created an Internal Control & Procurement Policies and Procedures Manual which covers our quality assurance procedures.

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the Community Service Provider Subrecipient Contract with Camp Fire First Texas (CFF) for the provision of Teens in Action program services through the Texas Health and Human Services Commission (HHSC) Family Support Services (FSS) Community Youth Development (CYD) Program, #HHS000841700005.

BACKGROUND

Tarrant County Public Health (TCPH) receives annual grant funding from HHSC for the continuation of the CYD program. CYD provides support services to youth and their families with the goal of curbing juvenile crime in Tarrant County. These supports lead to strengthened connection, engagement, and contribution to the community. Grant funding provides assistance to FSS partners with community-based programs, providing a variety of opportunities to promote positive outcomes for children, youth, and families. Services are provided by sub-awards though reimbursements from the CYD program HHSC grant.

CFF Teens in Action program provides year-round support to middle and high school students to remain actively engaged in school, graduate and prepare for a promising future. Teens in Action combines small group meetings, field trips, community volunteering, and mentoring to promote commitment and follow through and inspire vision for the future. CFF has received HHSC FSS CYD Grant Program funding through Tarrant County since 1996.

On April 16, 1996, the Commissioners Court, through Court Order #74131, approved the original CYD Grant Contract with the Department of Family and Protective Services (DFPS) to curb juvenile crime in the 76106 and 76164 ZIP codes. Thereafter, renewals have been made to continue the program.

On August 17, 2021, the Commissioners Court, through Court Order #136109, approved the FY 2022-2026 Grant Contract with DFPS for the term of September 1, 2021, through August 31, 2026, for funding in an amount not-to-exceed $3,281,250.00 over the term of the contract. In addition, the service area for Tarrant County was expanded to include the 76112 and 76119 ZIP codes. This agreement serves as the base contract for which annual FY funding may be awarded through NOAs.

On September 5, 2023, the Commissioners Court, through Court Order #141638, approved FY 2024 Community Service Provider Subrecipient Contract with CFF for the provision of Teens in Action program services in an amount not to exceed of $76,506.03, with a term of September 1, 2023, through August 31, 2024.

On August 20, 2024, the Commissioners Court, through Court Order #141687, approved FY 2025 Community Service Provider Subrecipient Contract with CFF for the provision of Teens in Action program services in an amount not to exceed of $76,506.03, with a term of September 1, 2024, through August 31, 2025.

On September 1, 2024, the granting agency for CYD funds changed from DFPS to HHSC, and the program changed from PEI to FSS. This contract reflects the new granting agency of HHSC FSS with the same start date of September 1, 2024.

On October 15, 2024, the Commissioners Court through Court Order #144094, approved Amendment No. 1 to the FY 2025 Community Service Provider Subrecipient Contract with CFF for the provision of Teens in Action program services, the amount will be increased by $39,628.86, for a new not to exceed amount of $116,134.89, with a term of October 15, 2024, through August 31, 2025.

15.3 Force Majeure. The Service Provider will be financially liable for undue delays or failures to perform in contract performance except for any delay in or failure of performance of any requirement caused by force majeure (i.e. those causes generally recognized under Texas law as constituting impossible conditions). If Service Provider submits proprietary or otherwise confidential information to The County, then Service Provider should clearly identify that particular information and the specific exception to disclosure in the Act. Making a blanket claim that an entire submission is protected from disclosure because it contains some proprietary information is not acceptable and will not render the entire proposal confidential. The County assumes no responsibility for asserting legal arguments for Service Provider. Service Provider should consult with legal counsel concerning disclosure issues and take precautions to safeguard trade secrets and other proprietary information. Any information generated as a result of this contract is also subject to the Act, and, as such, must be made available to the County in the manner and format specified by the County upon request.

Describe the PSHR programming to be provided in detail as outlined in Section 4.1.D of the RFA:

Teens in Action will provide PHSR to youth attending schools in 76106, 76164, 76112, and 76119.

Q1-Q4:
Post High School Readiness: *College & Scholarship Readiness*. How does a youth know which college experience will help them achieve their goal of obtaining their dream job? Understanding all of the college pathways can be hard. To prepare teens for post-secondary education, monthly guest speakers, from an array of higher education institutions (e.g., universities, community colleges, and technical schools) will engage students through an explanation of the true college experience from financial aid to student athletics and music programs, to degree offerings, to fraternity and sorority life.

Post High School Readiness: *Career Speaker Series*. Deciding on a prospective career field can be tough for a teen, especially if they don't have a clue to what their interests are. The career speaker series introduces students to a variety of career paths in a small group setting and, allows them to hear the trials and triumphs of individuals as they have blazed trails through career fields, such as manufacturing, health care, technology, art, hotel/motel management, military, law enforcement, etc.

Describe how PSHR programming will equip Youth with the experiences and skills necessary to successfully manage the responsibilities required upon entering college, career, and workplace environments:

☒ Youth-Based Curriculum ☐ Family-Based Curriculum Class ☐ Sports and Movement ☐ Academic Support
☐ Family Focused Activity ☐ Arts and Cultural Enrichment ☐ Service Planning and Coordination

Describe the programming to be provided in detail. For each program component chosen above, list and detail information each program component separately.

Teens in Action will provide Youth-Based Curriculum Class to youth attending schools 76106, 76164, 76112, and 76119.

Q1-Q3:

Youth-Based Curriculum Class: Weekly small group meetings implement a combination of research-based, highly regarded curricula, as listed in the chart below. Camp Fire uses emerging research in youth development, combined with powerful curricula pioneered by the Thrive Foundation for Youth and the Search Institute to focus on developmental assets, help empower youth to overcome life and academic obstacles and achieve self-defined success. With the help of their Camp Fire mentor, youth identify their values and "sparks" (or passions), construct and pursue individual goal plans, develop and take defined steps toward high school graduation, and to realize their full potential.

Although an emphasis on the positive has been a part of Camp Fire since its beginning 1910, Positive Youth Development (PYD) research helped us start formalizing our approach. Camp Fire worked with the **Thrive Foundation for Youth** (https://kingphilanthropies.org/initiatives/thrive-foundation-for-youth/) to put the newest PYD methods to work in our programs. The result is our successful, research based Thrive{ology} (https://campfire.org/experience/) framework, which is based on the **Search Institute's** concepts described below.

The Search Institute has developed a concept called "sparks": the interests and passions young people have within them that light a fire in their lives and express the essence of who they are and what they offer to the world. The Search Institute has repeatedly found that students with sparks and the support for developing them have better results on both developmental and academic outcomes.

The following themes emerged from several studies conducted by Search Institute and its partners of over 13,000 students in grades 5 through 12:

- Helping young people identify their sparks, and providing them opportunities to pursue and develop those sparks, are important additions to the more overtly "academic" steps schools take to promote students' success.
- Sparks promote healthy, positive development and contribute to psychological well-being and resilience. Students with sparks engage in fewer risk-taking behaviors, such as substance use or violence or unsafe sexual behaviors, than other students. They are less depressed, less worried, and more satisfied with their lives overall.
- Young people who have deep interests and are supported by family, friends, school, and community in the development of those passions have more interpersonal communication and friend-making skills, more empathy and understanding of others' feelings, and a better ability to work in teams.

A key focus of the Teens in Action program is to turn the world into a classroom by building connections between teens, their peers, other adults, and their community. Like all Camp Fire programs, Teens in Action promises a safe learning environment in which youth of all identities can confront their challenges and strive for individually-defined success within a supportive network of their Camp Fire mentor and peers.

Teens in Action combines small group discussions, career-focused community-led presentations, home visits to engage the family, community leader networking, and mentoring to provide confidence and leadership skills that empower students and motivate them to accomplish their goals.

Additionally, Camp Fire staff:

- Monitor students' school attendance and grades in six-week intervals, help students develop an improvement plan and provide referrals to additional support, if needed.
- Meet with school staff (e.g., teachers, counselors, Stay-in-School coordinators, College and Career Readiness Coaches) to identify any additional encouragement or assistance students may need.
- Provide information on truancy issues.
- Facilitate career exploration and preparation, including guest speakers.
- Provide referrals to social service agencies (as needed per student).

The Step-it-up-2-Thrive Theory of Change: In collaboration with The Thrive Foundation for Youth, Camp Fire has infused a research-based methodology throughout all our programs to help youth and teens:

- Identify Sparks: Identify and grow Sparks and Spark Champions.
- Growth Mindset: Understand brain development and move to a growth mindset; the belief that you can learn new skills all the time.
- Goal Management (GPS): Build goal management skills that last a lifetime.
- Reflection: Reflecting on activities, experiences and outcomes.

Armed with these skills, and with the guidance of trained, caring adults, we know that Camp Fire participants are more likely to:

- Achieve higher grades
- Stay in school
- Demonstrate social competence
- Lead a healthy lifestyle
- Volunteer to help other people
- Be environmentally conscious
- Have a sense of purpose
- Achieve their full potential

Reconnecting Youth is a program that targets underachieving students at risk of dropping out. The three primary program goals are to:

- Increase school performance (reflected by decreases in truancy and increases in grade point averages [GPA])
- Decrease drug involvement
- Improve mood management (reflected by decreases in depression, anger, and anxiety)

The curriculum concentrates on skills training within the context of adult and peer support, and aims to help vulnerable youth strengthen protective factors, while reducing risk factors in four primary areas: school, peers, family, and self.

The program targets students in grades nine through twelve who show signs of poor school achievement, potential for dropping out of high school (low grades and absenteeism), and who exhibit other problem behaviors, such as substance abuse, depression, and suicidal ideation.

Reconnecting Youth curriculum concentrates on two essential components: social support and life-skills training. The social support elements framing the program are (1) a network component built on prosocial relationship bonds emerging between the adult mentor and students and within the peer group, and (2) a social support process derived from the group interaction processes and life-skills training. The life-skills training consists of four elements: (1) self-esteem enhancement, (2) decision-making, (3) personal control, and (4) interpersonal communication. Each unit's presentation is sequenced, beginning with skill introduction, skill development, application, and finally skill transfer and relapse prevention.

Unlike other organizations, Camp Fire programs are measurable. We have employed the Thrive Theory of Change methodology to achieve the outcome of enabling youth to achieve their full potential and be able to prove it.

Every day, we see youth building positive, sustained relationships, learning life skills that include self-reflection and goal management, and practicing these skills in our school year and summer programs. We also see youth develop indicators of thriving that include positive youth outcomes such as increased social skills (inclusiveness and empathy), life skills, conflict resolution, purpose, and confidence.

Teens in Action® curriculum is for youth who have completed the Step-It-Up-2-Thrive curriculum lesson plans and are ready to move on to more focused leadership and service projects, which may include leading curriculum lesson plans for their peers in small group meetings and younger children at Camp Fire's Diamond Hill Station. Teens in Action® is youth-led and youth-driven. While guided by trained adults who act as mentors, the teens identify community needs, decide what issues they want to advocate for, and then take action on those issues to make an impact in their community.

InterACTION curriculum. Camp Fire's InterACTION program walks middle school students through the process of becoming an effective communicator by learning how to get their point across to others and understanding what others are trying to say to them.

STEAM (Science, Technology, Engineering, Arts/Agriculture, Math): Coding, robotics, art, and emerging career fields of tomorrow. Focusing on science, technology, engineer, arts, agriculture, and math, teens will explore these ever-evolving fields through engaging in hands-on experiments, project-based learning, and guest speakers who are experts in the field.

STEAM curriculum includes the following teaching tools:
Ozobots. An award-winning robotic platform that makes it easy to:
* Teach coding and STEAM with all subjects (Math, ELA, & more)
* Increase engagement with screen free and on screen with blocks
* Easily teach CS with video lessons, then advance with 100s of STEAM lessons
Wonderkits. STEM-based activities that contain all the materials needed to run a hands-on, engaging activity. Each kit features an easy to follow nationally aligned lesson plan, a how-to video, and helpful tips to fully engage students.

Healthy Relationships: Navigating close relationships can be tough as youth transition from childhood to teen to young adult. During this series, teens will take a deep dive into understanding the importance of having healthy relationships with their family, peers, money, and themselves. This series will be supported by Camp Fire's Interaction curriculum, financial literacy, the spoken word, yoga and movement, and a host of other supporting community partners, including One Love Foundation, which educates youth people about healthy and unhealthy relationships, empowering them to identify and avoid abuse and learn how to love better.

Social Impact: Camp Fire will partner with the FWPD several times throughout the year to volunteer in various areas of Fort Worth through clean-up, gardening, and other community projects. After each volunteer opportunity, the students and FWPD volunteers will have lunch together to allow students to further get to know the officers and the roles that they fill within the police department. Building these healthy relationships can mitigate the reality of racial disparities in imprisonment rates. Black individuals are 5.1 times more likely and white Hispanic individuals are 1.5 times more likely to be imprisoned than White individuals (Carson, 2020). Black students were 2.6 times more likely than White students to be arrested in a school setting, with increased police presence resulting in a disproportionate increase in the arrest of Black students as compared with other racial and ethnic groups (Homer & Fisher, 2019).

FWPD Community Engagement: Camp Fire will invite FWPD officers to attend and volunteer at Camp Fire Teens in Action events. This provides an opportunity for interaction between the officers and youth, and for the youth to speak up and speak out about the injustices that they have witnessed, how to heal from them, and how they can be proactive within their communities to decrease the effects of racial trauma and injustices. To have FWPD officers volunteer at these opportunities could truly be the starting foundation for building trust between youth of color and the police.

Social Responsibility and Service Learning: Giving back to the community through volunteerism is not only rewarding, but also needed. "Social Responsibility Ya'll" provides teens the monthly opportunity to serve within their communities and explore other communities in need. Through group volunteer experiences, teens will understand how the impact of their service can be crucial to supporting the needs of their city and the global community.

Q4:
Summer programming will be delivered at Camp Fire Resource Center, 2700 Meacham Blvd, Fort Worth 76137. Transportation will be provided by Camp Fire.

One-week camps (Monday-Thursday), with a maximum of 28 students attending each camp. Food, snacks, and drinks will be provided, which includes fresh fruits, vegetables, chips, fruit snacks, drinks, water, Kona Ice mid-week treat, and two barbeque sessions over the summer.

Youth-Based Curriculum: Continue curriculum lessons as described in the School Year section above with Index Youth. Some lessons may be repeated if needed for youth joining the program for the first time in the summer. Teens in Action® service and leadership projects for youth who have completed the Step-it-Up-to-Thrive curriculum.

Activities and field trips will be included during weekly summer camps, which will enhance lessons learned during curriculum classes. Field trips are to be determined for Summer 2025. Once summer programming outline is developed, Camp Fire will seek HHSC approval to ensure all field trips are in alignment with CYD RFA guidelines.

Service-learning projects are youth-driven, with the support of trained Camp Fire staff. Students determine the needs in their community and plan and develop service-learning projects to address those needs. Index Youth engage and interact with community members to seek input and to implement the project.

FAMILY AND PRIMARY CAREGIVER ENGAGEMENT *Please outline your plan for how families and primary caregivers will be engaged in the CYD program.*
What strategies will be used to demonstrate a commitment to the meaningful involvement of Families and Primary Caregivers in CYD?

At Teens in Action, we consistently recognize the importance of exposing our youth to new ideas and experiences. Many young people struggle to envision possibilities beyond their everyday lives. We also understand the strong influence that families have on our students. By positively impacting parents, we can extend that same positive effect to siblings, ultimately striving to change not just the lives of individual students, but their families as well.

Our approach focuses on creating opportunities for connection, blending fun with learning. This year, our emphasis is on mental health and building resilience, both in life and through open conversations. Teens and their families are given the chance to experience new things in supportive environments, with staff they and their families trust, fostering honest dialogue while having fun.

Please detail the timeline for implementing your plan and strategies as described above.

Quarter 1 (September-November): A program introductory meeting for primary caregivers will be hosted to describe the program content and goals, and to meet the program staff. There will also be a family STEAM night. Youth will be engaged in social responsibility events during the week of Thanksgiving and learning about the realities of trafficking in our community, in partnership with Unbound Now.

Quarter 2 (December-February): There will be Family STEAM night and a holiday celebration with youth and families. Youth will have an opportunity to experience camping at Camp El Tesoro.

Quarter 3 (March-May): Financial literacy sessions will be conducted for primary caregivers and Teens in Action youth by a local bank, explaining budgeting, checking, credit scores, loans, and mortgages. A graduation celebration will be held for graduating seniors and their families in a community-accessible space in each ZIP code. There will also be a family STEAM night. Youth will have an opportunity to attend an overnight Spring Break trip hosted at a museum, visit a university, and visit a site of historical significance.

Quarter 4 (June-August): A Family Engagement Night will be hosted in August to introduce the TIA program and present a discussion on healthy relationships, focusing on having fun as a family and engaging in STEAM-based activities.

VIRTUAL PROGRAMMING

Please briefly describe how you may shift components of your program to virtual if needed.

What is your plan if for any reason **training** must shift to a **virtual format** due to social distancing, local restrictions, etc.?

Camp Fire has been conducting its Teens in Action virtually since the Fort Worth ISD school closures after Spring Break in 2020. Program staff has communicated with the Teens in Action youth through texts, phone calls, porch visits, outdoor programming in local parks, Zoom meetings, and other technology apps and social media such as Facebook, SnapChat, WhatsApp, Houseparty, and Facetime.

If applicable, please indicate whether any events may need to be modified or cancelled should social distancing or local restrictions be in effect. Add additional rows if necessary.

Event or Initiative	Begin Date	End Date	Audience/ Stakeholders
Youth-Based Curriculum Class	September 2025	August 2026	Index Youth
Family & Primary Caregiver Engagement	September 2025	August 2026	Index Youth Family & Primary Caregivers

For each Program Component able to be provided virtually, describe any variations or modifications.

- Youth-Based Curriculum Classes and PHSR can be provided through Zoom meetings and/or socially distanced outdoor gatherings.
- Camp El Tesoro has adopted the American Camp Association and CDC guidelines for safe indoor and outdoor interactions.
- Family & Primary Caregiver Engagement would not include home visits, but would be modified to phone calls. Program information would be provided by printed materials. In-person financial literacy sessions would not be provided, nor would an in-person graduation celebration.

PROGRAM IMPLEMENTATION

Please describe in detail how program will be implemented under this Grant Agreement

Please indicate what startup activities will be necessary at the start of a Grant Agreement including hiring and training staff, publicizing your program in the community, and recruiting Youth to the program.

The Program Director is responsible for ensuring staff is fully trained in the curriculum, assisting Program Specialists with adding a new high school, participant recruiting, parent engagement events, program management, setting up career speakers (in coordination with Camp Fire's Volunteer Services Manager), oversight of data collection, and reporting.

Program Specialist #1 will primarily focus on the following schools: North Side HS, Meacham MS, Kirkpatrick MS, and J.P. Elder MS.

Program Specialist #2 will primarily focus on the following schools and community center: Dunbar HS, Texas Biomedical Academy of Science HS, Jean McClung MS, Diamond-Hill Jarvis HS, and Diamond Hill Community Center.

Program Specialist #3 will primarily focus on the following schools: Jacquet MS, Trimble Tech HS, with plans to serve Meadowbrook MS and Forest Oak MS in the FY26 grant period. Program Specialist #1, #2, and #3 will meet with school leadership to introduce the program, negotiate space for the program during lunch periods and after school, and determine the best days to host the program at each school. Staff will begin in August recruiting new youth for the school year in order to achieve our service goals. The program is currently operating and start up activities will be focused on recruiting additional students. Staff will begin in August recruiting new youth for the school year in order to achieve our service goals. Start-up activities for Teens in Action during the school year include a "Meet and Greet" during the lunch period at each campus at the beginning of the fall and spring semesters. Camp Fire staff set up an area where they share information with students about the program, including service-learning projects and field trips. Staff make phone calls to enroll students who have not turned in the necessary enrollment forms. We will also hold a back-to-school event as well as a fun recruitment event in August.
Describe outreach and recruitment strategies and plans. Include plans to reach and engage families demonstrating priority characteristics. If any special population of Youth and families were identified to be served by the program, please provide and the ways the organization will tailor program delivery or outreach to meet the unique strengths, circumstances and needs of the population(s).
Students are referred to the program by Stay-in-School Coordinators, principals, school counselors, attendance coordinators, and teachers, as well as friends who are current or former Teens in Action program participants and family members. Camp Fire staff attend Open Houses at the beginning of the school year to meet parents and students and share information about the program. Each spring, program staff attend the program high school and middle school College and Career Expos. The Teens in Action program also benefits from Camp Fire's annual marketing strategy, which creates awareness of our programs through press releases, a tri-annual newsletter, targeted email messages, and social media campaigns.
Describe plans to alleviate barriers to engagement and participation. Outreach and retention plans should include consideration of community context such as Youth with the potential to be underrepresented in programming such as young men or Youth of color.
The addition of the Teens in Action Program Director, Alric Arnett, has increased participation in the program by male Index Youth. Mr. Arnett is a former NFL football player and has a background in and passion keeping youth engaged and succeed in school, develop leadership skills, make good decisions, and prepare for college and career.
Describe accessibility of programming to Youth. Applicant must offer programming at times and places that meet the needs of local Youth.
Programming will be offered during lunch hours and after school hours during the school year. Camp Fire staff will consult with leadership at each school to determine the days and times that will work at each location.
Describe how transportation needs will be met. Address any Youth transportation barriers or needs, and how you will coordinate or provide transportation of Youth to participate in CYD program activities.
Camp Fire purchased a new bus so that transportation can be provided for Index Youth during the summer sessions.
Describe how the program will assist in reducing juvenile delinquency or crime, how it will positively develop and enhance the lives of youth and their families, and what impact the program will have on the community.
Camp Fire First Texas' Teens in Action service and leadership program provides year-round support (during the school year and summer break) to help middle and high school students who are in at-risk environments remain actively engaged in school, graduate, and prepare for a promising future. Teens in Action combines small groups, field trips, service learning, home visits, and mentoring to promote success, as well as inspire each youth's vision for the future. The program boosts confidence, builds self-esteem, and develops leadership skills. Youth are encouraged to reach for their dreams despite life circumstances and grow to become community leaders and innovators.

Describe the procedures or processes for enrollment, including how a Youth's eligibility will be assessed. Include information on any screening and assessment instruments your program will use to determine eligibility, needs, and strengths. Include details on the completion of CYD forms and action plans. Include your process for obtaining a new CYD Data Authorization Form annually for each Participant. Include your process for completion of Developmental Assets Profile (DAP) pre-surveys for Youth ages 10-17 years old.

Camp Fire follows HHSC regulations for CYD reporting. CYD Registration forms will be obtained from all youth entering the program each year. CYD Eligibility for Program Participation forms will be completed by staff through gathering information from all available sources. Outcome surveys will be obtained from youth according to HHSC requirements.

- Each participant is provided with a packet including: CYD registration packet, Certification of Income Statement, and a Camp Fire Enrollment form on or before the initial session for the parent to complete. The participant is asked to return the paperwork at the following meeting.
- Teens in Action staff will call the parent/guardian to provide additional information about the Teens in Action program and to make arrangements for turning in the student paperwork by mail, fax, email, hand delivery to school, or home visit from Teens in Action staff.
- Teens in Action staff will conduct a home visit if needed to provide information about the Teens in Action program and collect the student information.

List any additional assessment tools or surveys that will be utilized during programming (e.g. curriculum surveys, organizational surveys, etc.).

Camp Fire will follow all HHSC policies and procedures and utilize all assessment tools or surveys provided. The Developmental Assets Profile will be used for all CYD pre/post surveys. Pre-surveys will be completed by all youth when entering the program or at the beginning of each fiscal year. Post-surveys will be completed when youth exit the program or at the end of the school year or summer. Program Experience Surveys will be completed for youth closed or exiting the program.

Camp Fire measures performance of direct services to children and youth through Program Quality Assessment tools (PQA). This tool is used by other youth-serving organizations and created by the David P. Weikart Center for Youth Program Quality. The PQA evaluates youth experience and staff practices, helping to identify staff training needs and program improvement goals. The tools assess quality at point-of-service in four domains: (1) Engagement, (2) Interactions, (3) Supportive Environment, and (4) Safety.

Additionally, Camp Fire utilizes a valid and reliable retrospective pre-post youth survey to measure youth development outcomes in five domains. These domains include: (1) Social Skills (specifically Inclusiveness and Empathy), (2) Life Skills, (3) Conflict Resolution, (4) Purpose, and (5) Confidence. These domains are referred to as "Thriving Indicators" as they have been deemed the necessary skills and attributes needed to move youth along the path to thriving or reaching their full potential. Camp Fire annually collects and analyzes youth outcome data to evaluate the impact of our after school programming on youth strengths. Our goal is that youth participants will report a significant positive change in all five of these domains as a result of Camp Fire's after school programming. Thus far, we have seen that Camp Fire First Texas programming positively impacts youth outcomes in all five of the domains listed, with the most increase seen in Conflict Resolution.

Outline retention plans. If incentives will be used to support retention, describe plans for incentives, including the types of incentives to be provided, the intervals in the program at which the incentives will they be given, and what added benefit the incentives provide to the client.

All Camp Fire programs encourage youth voice, choice, planning, and opportunity for reflection to support engagement of the teens in the program, in their schools, the community, and with their parents, peers, and adult mentors. The same strategies are also successful strategies for retaining youth in the program. The protective factors youth develop in the program, including forming a friendship network, social competencies, interpersonal skills, involvement with positive peer group activities, emotional support, and a sense of purpose, provide motivation for remaining active participants. Through Camp Fire's Teen in Action program, youth are given an opportunity to join a community that fosters belonging and welcome's every student exactly as they are.

Retention plans for FY26 include offering access to scholarships for graduating seniors. We will also actively engage with alumni to follow them through post-high school to provide support and mentoring.

Describe how Youth are referred to other needed supports when a Participant would benefit from additional programming or supports or when program is at capacity. Include how referrals to other programs or providers are documented, tracked, and supported.
Camp Fire follows HHSC regulations for CYD reporting and case closure. Teens in Action staff constantly monitor program youth for signs that they may need additional services and make referrals to the appropriate agency. Some of the resources that are offered include: Catholic Charities, Tarrant County MHMR, Lena Pope Home Counseling Services, Tarrant Area Food Bank, Texas Department of Health and Human Services Benefits Office, Workforce Solutions for Tarrant County, CCMS, and ACH Child and Family Services.
Describe Participant activity documentation system(s), processes, and procedures. Include a description of how documentation is maintained and utilized to support program activities, as well as information that will be required in Participant file or activity notes.
Camp Fire program staff provide students with an enrollment packet and online link (in English and/or Spanish), including CYD required forms, on the first day they attend. If students do not return the enrollment forms, the Program Specialist will conduct a home visit to obtain the needed documents from the student's parents. All records are maintained in a binder in a locked cabinet. During the school year, Program Specialists track student progress through conversations with students, teachers, parents, and counselors. These discussions are recorded in anecdotal notes. Program Specialists also track student progress through report cards acquired through school personnel. Student progress is monitored during the summer through staff observation of their participation and relationships with other youth.
Describe how program completion for Participants will be determined, as well as processes and procedures for Participant closure and any follow-up. Include details of Participant closure documentation, Developmental Assets Profile (DAP) post-surveys, and administration of the Program Experience Survey.
While some high school students will leave the program at the end of the school semester, Camp Fire staff encourage students to stay in the program and be a leader for the next semester, facilitating some of the lessons. Middle school students often remain a part of Teens in Action as they move into high school. This provides them with a support group through this challenging transition in their lives. When staff believe students have received the full benefit of the Step-It-Up-2-Thrive curriculum, they offer the opportunity to participate in Camp Fire National's Teens in Action curriculum, where they can expand their leadership skills. Our ultimate goal is to retain Teens in Action youth in the program until they graduate from high school.
Outline plans to sustain programming beyond the five-year Period of Performance.
Camp Fire has an annual strategic plan to raise the funds necessary to provide critical programs and services to the community. Camp Fire's CEO, leadership team, development staff, program managers, and finance staff communicate clearly and often to ensure that budgets cover the full cost of the work, that our work is aligned with our mission, and the organization follows current accounting standards and maintains the capacity to complete the work.

ORGANIZATIONAL COMPETENCE
Describe strategies program will use in acknowledging and respecting the diversity of Youth and Families, including their cultural traditions, languages, values, socio-economic status, family structures, sexuality, gender identification, religion, individual abilities and other aspects.

Camp Fire welcomes all regardless of race, religion, socio-economic status, disability, or other aspects of diversity. Each Camp Fire staff member attends three hours of cultural competency training each year. Camp Fire uses the following model of building cultural competence for working effectively and respectfully with youth from a variety of backgrounds:

- Context of barriers: cultural origins, identity, and biases
- Awareness of barriers
- Awareness of self
- Awareness of others
- Implications

Describe diversity within organizational leadership and plans to increase diverse backgrounds and demographics of board members or other leadership during the grant period.

Camp Fire is committed to the affiliate's 22-person Board of Directors and 94 staff through the on-going work of:

1. Acknowledging, embracing, supporting, and accepting those from differing backgrounds especially those who have been underrepresented or marginalized.
2. Ensuring fairness in the procedures, processes, and distribution of resources within the council while understanding the root causes of the disparities in our society.
3. Fostering an inclusive culture in which everyone, especially those who are diverse, feels welcomed and can participate fully in decision-making processes.

Advancing DEI values makes our work stronger and more responsive to the challenges faced by those we work with and for. We further recognize that it is incumbent upon us to question and act upon, instead of reproducing, the structural inequities present in society. Our goal is to make an impact that is equitable for, empowering to, and driven by people living in the neighborhoods where we work. Our intention is to break down established processes, functional silos, and leadership habits to open up and more proactively share stories of what life is really like for historically marginalized people. We realize that while DEI programs may check a box, they don't always result in behavior change, cultural transformation, or system rethinking.

Mitigation strategies include:

- Increasing inclusive and equitably accessible professional development and promotion opportunities.
- Assessing and updating policies and procedures to ensure all recruiting, hiring and training processes are accessible and equitable to qualified candidates regardless of their values, beliefs, experiences, and preferences.

DATA & DATA USE *Please briefly describe the quality assurance processes that will be utilized for this Grant Agreement*
Describe how your agency will use data to identify ongoing client and community needs and inform ongoing program improvement.

Camp Fire is certified by CNM (formerly Center for Non-Profit Management) for data-driven methodology. This certification confirms that Camp Fire First Texas is using valid methodology for collecting, analyzing and reporting program outcomes; making data-driven decisions; improving program performance; and engaging stakeholders in a meaningful way.

Camp Fire measures performance of direct services to children and youth through Program Quality Assessment tools (PQA), used by other youth-serving organizations and created by the David P. Weikart Center for Youth Program Quality. The PQA evaluates youth experience and staff practices, helping to identify staff training needs and program improvement goals. The tools assess quality at point-of-service in the following four domains:

- Engagement – How much the programming allows for youth choice, planning, and opportunity for reflection.
- Interactions – The quality of interactions among staff and youth and youth to peers, and the extent to which these interactions promote a sense of belonging, collaboration, and leadership development.
- Supportive Environment – How actively engaged the youth are, how much the programming allows for skill-building, and how youth workers re-frame conflict and encourage youth.
- Safety – The level of emotional safety, the overall health of program environment, and safety measures put in place.

An internal assessment team rates items related to each of these four domains based on observational evidence and discussion. Item scores are combined to produce an overall rating for each domain. Overall ratings from each program site are then combined at the end of the year to create a program quality profile for the council that can be used for comparison and assessment of progress over time. With this collection of assessment data, Camp Fire is able to confidently proceed through the Assess-Plan-Improve sequence of program quality improvement.

GRANT ADMINISTRATION
Describe how you will effectively administer the grant to ensure that contractual deadlines are met and that the budget is appropriately managed.
Camp Fire's Grant Manager maintains a schedule of grant and reporting deadlines. The Vice President of Youth Development, Program Director, Program Specialists, and Accounting Manager work together to ensure the program and financial reports are submitted on time.
Describe the quality assurance procedures you have in place.
As part of our continuous improvement process, Camp Fire creates and implements an Improvement Plan based off the assessment data. Our Improvement Plans outline clear goals, action steps, and benchmarks for increased quality. Our current Improvement Plan emphasizes the need to maintain the safety and supportive environments we have created in our program while setting our sights on steadily improving how we engage and interact with youth.

COMMISSIONERS COURT COMMUNICATION

Court Date: September 16, 2025	**Court Order #:**	**Page:** 1 of 59
Department:	**Prepared By:** Gary Collins, Contracts Specialist	**Approved By:** Gary Collins, Contracts Specialist

SUBJECT:

Consideration of the Community Service Provider Subrecipient Contract with Diamond Hill North Side Youth Association for the Provision of Success and Opportunities in Athletics and Recreation Sports for Success Program Services through the Texas Health and Human Services Commission Family Support Services Community Youth Development Program

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the Community Service Provider Subrecipient Contract with Diamond Hill North Side (DHNS) Youth Association for the provision of Success and Opportunities in Athletics and Recreation (SOAR) Sports for Success program services through the Texas Health and Human Services Commission (HHSC) Family Support Services (FSS) Community Youth Development (CYD) Program, #HHS000841700005.

BACKGROUND

Tarrant County Public Health (TCPH) receives annual grant funding from HHSC for the continuation of the CYD program. CYD provides support services to youth and their families with the goal of curbing juvenile crime in Tarrant County. These supports lead to strengthened connection, engagement, and contribution to the community. Grant funding provides assistance to FSS partners with community-based programs, providing a variety of opportunities to promote positive outcomes for children, youth, and families. Services are provided by sub-awards though reimbursements from the CYD program HHSC grant.

DHNS Youth Association program provides year-round support to middle and high school students by providing SOAR Mentoring, SOAR Youth Leadership Development classes, SOAR Post-High School Readiness classes and activities, and Sports for Success. These services will provide valuable programming that will benefit youth in their classrooms, their communities, and their future careers.

On April 16, 1996, the Commissioners Court, through Court Order #74131, approved the original CYD Grant Contract with the Department of Family and Protective Services (DFPS) to curb juvenile crime in the 76106 and 76164 ZIP codes. Thereafter, renewals have been made to continue the program.

15.2 If any provision(s) of this contract will be construed to be illegal or invalid, it will not affect the legality or validity of any of the other provisions hereof, and the illegal or invalid provision will be deemed stricken and deleted here from to the same extent and effect as if never incorporated herein, but all other provisions will continue.

15.3 Force Majeure. The Service Provider will be financially liable for undue delays or failures to perform in contract performance except for any delay in or failure of performance of any requirement caused by force majeure (i.e. those causes generally recognized under Texas law as constituting impossible conditions). The Service Provider will inform the County in writing of proof of such force majeure within three (3) business days or otherwise waive this right as a defense. The Service Provider agrees that breach of this provision entitles the County to reduce or stop payments, immediately terminate this contract, collect partial or whole payment for services not timely delivered, other liquidated damages including amount of any bond for contract amount, and any other remedies available to the County under the terms of the contract, in equity or under Texas law.

15.4 It is expressly understood and agreed that enforcement of the terms and conditions of this contract, and all rights of action relating to such enforcement, will be strictly reserved to the parties, and nothing contained in this contract will give or allow any claim or right of action whatsoever by any other person not a party to this contract.

15.6 All contracts and other information submitted to The County may be subject to the Texas Public Information Act, Chapter 552 of the Texas Government Code ("the Act"). If Service Provider submits proprietary or otherwise confidential information to The County, then Service Provider should clearly identify that particular information and the specific exception to disclosure in the Act. Making a blanket claim that an entire submission is protected from disclosure because it contains some proprietary information is not acceptable and will not render the entire proposal confidential. The County assumes no responsibility for asserting legal arguments for Service Provider. Service Provider should consult with legal counsel concerning disclosure issues and take precautions to safeguard trade secrets and other proprietary information. Any information generated as a result of this contract is also subject to the Act, and, as such, must be made available to the County in the manner and format specified by the County upon request.

Describe the Mentoring services to be provided in detail, and Mentoring guidelines as outlined in Section 4.1.A of the RFA:

Q1-Q4:

DHNS Youth Association will provide mentoring services to youth in 76106 and 76164 through the SOAR Mentoring program. The SOAR Mentoring program will utilize a community-based group mentoring program model focused on career awareness and exploration.

SOAR Mentoring activities and mentor training will reflect the developmental needs of participating youth and consider their pre-existing personal and socio-environmental characteristics (e.g., academic preparation, previous trauma, family support, and violence). Research has shown better outcomes for youth who have expressed interest in related fields, pointing to the importance of screening and matching youth with appropriate experiences and mentors. Given the target youth population, mentor matches will include a focus on matching youth participants with culturally diverse mentors in indicated fields of interest. Mentor training will include US Soccer Foundation's Coach-Mentor online training, as well as in-person training provided by program staff. Mentors will be provided with Discovering the Possibilities: "C" ing Your Future resource guide that connects mentees to online resources and activities to help them explore their interests, navigate career options, and plan for college. Mentors will be required to commit to a one year term of service during which they will meet with their mentee twice per month during the school year and once per month during the summer months. Attached is the mentor and mentee agreement. This agreement will be

signed during the first mentoring meeting and includes:

(1) Confidentiality: All information and content shared between Mentor and Mentee shall be confidential.
(2) Expectations: It is expected that the Mentor will provide educational and developmental advice and guidance, and both parties will work together to identify the Mentee's personal and professional goals, as well as developing a plan for achieving those goals. It is also expected that Mentors and Mentees will follow all expectations that are established between the Mentor and Mentee.
(3) Meetings: The Mentee and Mentor will meet and talk at least twice per month during the school year and once per month during the summer at a time and at a place that is mutually agreed upon. Meeting times, once agreed, should not be cancelled unless this is unavoidable. Meetings that are cancelled should be rescheduled. At the end of each meeting, we will agree on a date for the next meeting.
(4) Length of Relationship: Mentoring relationships vary in length depending on circumstances. Our goal is to maintain our relationship for one year. However, either party has the option of discontinuing the relationship for any reason provided the terminating party notifies the other.
(5) Additional Agreements: Mentor and Mentee roles. The Mentor agrees to be honest and provide constructive feedback while sharing insight on their own experiences as well. The Mentee agrees to be open to feedback that the Mentor shares and will respect the insight and experiences shared by the Mentor.

The SOAR Mentoring program will provide youth with positive adult interaction that exposes them to new experiences, fosters increased confidence, and encourages career exploration and personal growth opportunities. Mentor training will focus on improving attitudes towards college and careers, including increased interest and engagement in athletics and recreation careers; positive self-perception and sense of belonging in a field of interest; and positive academic and future orientation. In addition, exposure to new career ideas will help youth find their "sparks," which are activities, passions, and interests that are important to them. Program practice decisions will be informed by available guidelines and research from Elements of Effective Practice for Mentoring, which provides recommended standards and benchmarks.

Mentoring will be provided by volunteers. DHNS Youth Association has six volunteers who will provide mentoring to small groups of youth (maximum four youth per mentor). The six volunteers provide coaching for the organization and work in the athletic field. They own athletic facilities, and they volunteer as coaches and provide athletic services to the organization. The mentors commit to the program for one year. Volunteers will receive recognition for their time and efforts. Volunteer mentors will be recruited based on their career track. Volunteer mentors will be invited to submit an online volunteer application to begin the background screening process.

DHNS Youth Association will identify youth for mentoring by surveying the youth already receiving additional CYD services (YLD, PHSR, and Sports and Movement) to gauge their interest in the mentoring program and the athletic and recreation field. A total of twenty-four youth will participate in the mentoring program.

The Program Director will manage the mentoring program. The average time to vet a volunteer mentor is approximately three weeks, which includes the application process, background checks, and training. The Program Director will provide ongoing support and resources, if necessary, to volunteer mentors. Volunteer mentors will have a private text communication channel that will allow them to exchange ideas and tips with other volunteer mentors.

At the conclusion of the service term, volunteer mentors and mentees will be invited to a social event to mark the end of the mentorship experience. This mentor/mentee relationship closes at this point. The mentor and mentee will be invited to register for mentoring services for an additional one-year term if they desire.

Parents and caregivers play an integral role in the success of DHNS Youth programs. All participating youth are required to have a least one parent or guardian attend an orientation meeting. During this orientation meeting,

parents are informed of the program expectations. Parents will also be required to maintain a current phone number and email address with program staff to ensure that they receive monthly text and email communications.

Parent engagement strategies include:

- Mandatory program orientation meetings
- Monthly text and email communication with parents

Summarize the YLD program design and services to be provided in detail as outlined in Section 4.1.C of the RFA. Include Exhibit E: YLD Scope and Sequence and label as Attachment D-1 Scope and Sequence.

DHNS Youth Association will provide Youth Leadership Development (YLD) programming to youth in 76106 and 76164.

Utilizing Positive Coaching Alliance and Positive Action YLD curriculum and resources, DHNS Youth Association will provide valuable YLD programming that will benefit youth in their classrooms, their communities and their future careers. The Success & Opportunities in Athletics & Recreation (SOAR) in Action program will feature Youth Leadership Development programming, in conjunction with PHSR programming, in interactive, small group learning sessions. There are a total of twelve sessions in the curriculum.

The SOAR in Action YLD programming focuses on preparing youth to face life challenges and barriers through a series of small group, interactive activities that help them to develop leadership skills, such as conflict resolution, positive and productive communication skills, goal setting, teambuilding, and empowerment. Youth will actively participate in small group discussions and will practice applying the tools to real situations. Youth will take away tangible tools and tips to contribute to an empathetic environment. As part of the SOAR in Action YLD programming, youth participants will engage in annual service-learning projects in the community, ranging from hosting a sports camp for younger kids to planning a canned food drive for the local food bank.

Positive Action Curriculum will be used for Leadership skills classes:
Positive Action Curriculum is based on the intuitive philosophy that we feel good about ourselves when we do positive actions. The Thoughts-Actions-Feelings Circle (TAF) illustrates how this works in life: our thoughts lead to actions and those actions lead to feelings about ourselves which in turn lead to more thoughts. When this circle is negative, students do not want to learn. When this cycle is positive, students want to learn. The essence of the program is to emphasize those actions that promote a healthy and positive cycle. The Positive Action program works through these concepts in a systematic way.

Each lesson will directly relate to the YLD Elements of Leadership Knowledge, Leadership Skills Building, and Leadership in Action.

- Leadership Knowledge: youth will be enabled to recognize their values and strengths and prepare for leadership with confidence; improve leadership effectiveness and awareness of outside influences; align the leader-follower relationship; and increase their effectiveness and productivity as a leader.
- Leadership Skill Building: youth will be encouraged to prioritize goals and promote self-accountability in leadership; build emotional intelligence and empathy skills as a leader; foster growth mindset and improve focus and direction as a leader; employ active listening skills, empathy and negotiation techniques as a leader; increase efficiency and influence as a leader; grow problem-solving skills and overcome adversity as a leader; and increase visibility and enhance influence in leadership.
- Leadership in Action: youth will put communication, problem-solving and leadership skills to use in real life scenarios through community action projects/service learning.

Describe how the three YLD elements will be incorporated into your program design.

1. **Leadership knowledge**
   Youth will learn and gain knowledge from experienced coach-mentors with a focus on the development of leadership skills.

2. **Leadership skill building**
   Youth will recognize and discover their own strengths and growth opportunities through interactive role playing, as well as community and career exploration.

3. **Leadership in action**
   Youth will put their leadership skills into practice, make decisions and lead projects in collaboration with other youth mentees and coach-mentors.

Please list any differences in how the incorporation of YLD elements will differ in Q1-Q3 and Q4, if any:

Describe the PSHR programming to be provided in detail as outlined in Section 4.1.D of the RFA:

DHNS Youth Association will provide Post High School Readiness (PHSR) programming to youth in 76106 and 76164.

Q1-Q4:
Utilizing Positive Coaching Alliance resources and Soccer for Success life skills curriculum, DHNS Youth Association will provide valuable PHSR programming that will benefit youth in their classrooms, their communities, and their future careers. The Success & Opportunities in Athletics & Recreation (SOAR) in Action program will feature PHSR programming, in conjunction with YLD programming, in interactive, small group learning sessions. The PHSR curriculum focuses heavily on helping students identify goals related to their future and realize the steps they need to take in order to achieve them. The modules encourage students to learn about themselves and to apply that knowledge to an exploration of possible careers.

The SOAR in Action program provides a safe space for youth to engage in career exploration and workforce readiness. The program will focus on opportunities within the athletics and recreation industry, featuring guest speakers from the field, sports certification options, interview preparation, resume writing, and other career-related programming. Participants will also be given an opportunity to virtually shadow career professionals for a day, earn a referee certification (14 years and older) for a particular sport, and explore college environments. Students will experience speakers to talk about their careers and demonstrate their job duties. Virtual options may be utilized if necessary. College tours will also be planned throughout the year. Youth will benefit from these opportunities by learning about different careers and many options for higher learning.

Describe how PSHR programming will equip Youth with the experiences and skills necessary to successfully manage the responsibilities required upon entering college, career, and workplace environments:

Q1-Q4:

FAMILY AND PRIMARY CAREGIVER ENGAGEMENT *Please outline your plan for how families and primary caregivers will be engaged in the CYD program.*
What strategies will be used to demonstrate a commitment to the meaningful involvement of Families and Primary Caregivers in CYD?
Parents and caregivers play an integral role in the success of DHNS youth programs. DHNS Youth Association will host two annual social events for parents, youth, and families to engage with each other and program staff and celebrate program milestones.
Please detail the timeline for implementing your plan and strategies as described above.

PROGRAM IMPLEMENTATION *Please describe in detail how program will be implemented under this Grant Agreement*

Please indicate what startup activities will be necessary at the start of a Grant Agreement including hiring and training staff, publicizing your program in the community, and recruiting Youth to the program.
Upon signing a contractual agreement, DHNS Youth Association would utilize our existing Program Director and Program Coordinator to help hire, onboard, and train two Youth Development Specialists. Our Board Finance Committee will engage in hiring of a Grant Administrator. Each of these roles are integral in successfully implementing the program. DHNS Youth Association would be able to publicize and market the program quickly as we have an existing database of youth participants, parents, and community partners. We anticipate being able to recruit and enroll youth participants within the first thirty to sixty days of the agreement.
Describe outreach and recruitment strategies and plans. Include plans to reach and engage families demonstrating priority characteristics. If any special population of Youth and families were identified to be served by the program, please provide and the ways the organization will tailor program delivery or outreach to meet the unique strengths, circumstances and needs of the population(s).
Recruitment will be accomplished by reaching out to youth in the target areas who are current or past participants of our youth sports programs. Recruitment will also be accomplished through campus visits, after school club visits, and attending community events. Word-of-mouth, promotional flyers, and social media advertising will also significantly support recruitment efforts.
Describe plans to alleviate barriers to engagement and participation. Outreach and retention plans should include consideration of community context such as Youth with the potential to be underrepresented in programming such as young men or Youth of color.
We anticipate the following barriers to engagement and participation: language and cultural barriers, and limited time availability for working youth. Having worked with the target population for over a decade, DHNS Youth Association is ready to address and alleviate these barriers by having bilingual (Spanish-speaking) staff and offering programming at times and locations that are most convenient to targeted youth.
Describe accessibility of programming to Youth. Applicant must offer programming at times and places that meet the needs of local Youth.
DHNS Youth Association will provide programming on school campuses and at the local community centers within the target community, which greatly increases accessibility to our programming. Most programming is conducted immediately after school to meet the needs of local youth.
Describe how transportation needs will be met. Address any Youth transportation barriers or needs, and how you will coordinate or provide transportation of Youth to participate in CYD program activities.
Programming will be offered at target campuses to make it more accessible for youth. Transportation may be provided by parents, public transportation, and/or walking to program sites. Staff will ensure that participants have a safe plan to access the program and return home.
Describe how the program will assist in reducing juvenile delinquency or crime, how it will positively develop and enhance the lives of youth and their families, and what impact the program will have on the community.
DHNS Youth Association programs are focused on prevention and will provide youth with the tools and resources to avoid involvement in juvenile delinquency, crime, substance abuse, violence, and other detrimental behaviors. Furthermore, our programs will provide youth with positive activities, role models, and skills to develop into productive, independent adults.
Describe any established community partners (including program sites, Youth referrals, special events, etc.).
DHNS Youth Association has long-standing community partnerships with program sites and often collaborates with Diamond Hill Community Center and Fort Worth ISD schools. We have co-hosted the Diamond Hill Back to School Resource Fair in collaboration with Diamond Hill Community Center and Diamond Hill-Jarvis High School (Fort Worth ISD) for the past six years. In addition, DHNS Youth Association has a strong partnership with Fort Worth Police Department (Northwest Division) and Fort Worth Police Athletic League, having collaborated to offer youth sports programming and police engagement

activities, such as Paletas with Police, in the past. DHNS Youth Association has recently established a partnership with The Parenting Center to collaborate on parent education workshops hosted in the community for parents and caregivers during youth sports practices. Other community partners include Blue Zones Fort Worth (now Texas Health) and Aetna Better Health.
Describe the procedures or processes for enrollment, including how a Youth's eligibility will be assessed. Include information on any screening and assessment instruments your program will use to determine eligibility, needs, and strengths. Include details on the completion of CYD forms and action plans. Include your process for obtaining a new CYD Data Authorization Form annually for each Participant. Include your process for completion of Developmental Assets Profile (DAP) pre-surveys for Youth ages 10-17 years old.
DHNS Youth Association staff will utilize parent meetings and pre-screening events for intake and assessment. CYD registration forms will be completed by all youth enrolled in the program annually. CYD eligibility forms will be completed by staff with information from all available sources. Our current online registration process allows for increased efficiency and communication with parents.
List any additional assessment tools or surveys that will be utilized during programming (e.g. curriculum surveys, organizational surveys, etc.).
DHNS Youth Association will follow all HHSC policies and procedures and utilize assessment tools or surveys provided. Developmental Assets Profile will be used for all CYD pre/post surveys. Pre-surveys will be completed by all youth upon enrolling in the program. Post-surveys will be completed when youth exit the program or at the end of the year.
Outline retention plans. If incentives will be used to support retention, describe plans for incentives, including the types of incentives to be provided, the intervals in the program at which the incentives will they be given, and what added benefit the incentives provide to the client.
Complimentary participation in youth sports programming (Sports for Success) is an incentive in itself. Offering free participation for youth sports programming will support retention efforts and also improve the access gap in youth sports. Participants will be retained in the program through fostering strong bonds with staff and coach-mentors, as well as teammates. Our current youth sports program has high retention rates, with many youth participants enrolled in our programs over a six-to-eight-year time span. As part of our participant retention plan, staff will contact youth directly and reach out to parents when youth begin to miss programming.
Describe how Youth are referred to other needed supports when a Participant would benefit from additional programming or supports or when program is at capacity. Include how referrals to other programs or providers are documented, tracked, and supported.
DHNS Youth Association will properly document the referral process once a staff member identifies a concern regarding a youth participant. Potentially, a meeting with the youth participant and parent will be scheduled to discuss strategies for support. When referrals are made, staff will follow up to ensure that the youth was able to access the service. Referrals to other programs and providers will be tracked in the youth participant's file.
Describe Participant activity documentation system(s), processes, and procedures. Include a description of how documentation is maintained and utilized to support program activities, as well as information that will be required in Participant file or activity notes.
The Program Director is responsible for managing program documentation. Program attendance and participation will be recorded using our electronic check-in system. Staff will follow a designated data collection and reporting process designed to protect the confidentiality of youth and identify program effectiveness. Participant files, including intake forms, report cards, pre-surveys and post-surveys, will be stored electronically. Staff will also track, monitor, and report performance measures as outlined by the grant contract.
Describe how program completion for Participants will be determined, as well as processes and procedures for Participant closure and any follow-up. Include details of Participant closure documentation, Developmental Assets Profile (DAP) post-surveys, and administration of the Program Experience Survey.
DHNS Youth Association will follow HHSC regulations for CYD reporting and case closure. When appropriate, staff will meet with parents to inquire about any additional service needs and make referrals as needed. Youth will be

encouraged to participate in the program as long as possible. When the school year ends, campus-based program sites will be transitioned to the nearby community center for easy access by youth.
Outline plans to sustain programming beyond the five-year Period of Performance.
DHNS Youth Association Board and staff continuously pursue funding opportunities to ensure our program's continuation. Other funding sources, such as private foundation and CCPD program grants, are periodically available within our local area and target population. Our organization has already seen success in securing grant funding from local sources.

ORGANIZATIONAL COMPETENCE
Describe strategies program will use in acknowledging and respecting the diversity of Youth and Families, including their cultural traditions, languages, values, socio-economic status, family structures, sexuality, gender identification, religion, individual abilities and other aspects.

DATA & DATA USE

Please briefly describe the quality assurance processes that will be utilized for this Grant Agreement

Describe how your agency will use data to identify ongoing client and community needs and inform ongoing program improvement.

DHNS Youth Association collects and reviews internal data annually to ensure that programs are meeting youth needs within our community. Our organization utilizes Hello Insight, an automated evaluation program, to measure program outcomes, including youth leadership and action, career readiness, and sports-related SEL (i.e. goal orientation, self-confidence, positive identity, self-management). Hello Insight allows our organization to access pre-built surveys, predictive analytics, and automated reports that can be used to inform and improve programming.

Describe how you will effectively administer the grant to ensure that contractual deadlines are met and that the budget is appropriately managed.
DHNS Youth Association has established a grant administration and compliance process under the oversight of our Board Treasurer, Rachel Martinez, and Board Finance Committee. Upon being awarded a grant, our Board Finance Committee establishes a monthly meeting cadence with our Program Director to review spending, compile data and reports, monitor outcomes, and ensure that all contractual requirements are met. Our Board Treasurer has previous experience in managing and administering grant funds for other nonprofit organizations within Tarrant County. In addition, DHNS Youth Association has experience in managing and administering grant funds from Fort Worth Police Department Crime Control and Prevention District (CCPD), North Texas Community Foundation, Community Foundation of Texas, Heisman Trophy Youth Development Fund, VELA Education Fund and Sodexo Stop Hunger Foundation, as well as experience in management and administration of multiple AmeriCorps VISTA members.

COMMISSIONERS COURT COMMUNICATION

Court Date: September 16, 2025	**Court Order #:**	**Page:** 1 of 62
Department:	**Prepared By:** Gary Collins, Contracts Specialist	**Approved By:** Gary Collins, Contracts Specialist

SUBJECT:

Consideration of the Community Service Provider Contract with My Health My Resources of Tarrant County for the Provision of Youth Advisory Committee Services and Youth Leadership Development Services through the Texas Health and Human Services Commission Family Support Services Community Youth Development Program

*****CONSENT AGENDA *****

COMMISSIONERS COURT ACTION REQUESTED

It is requested that the Commissioners Court consider the Community Service Provider Subrecipient Contract with My Health My Resources of Tarrant County (MHMRTC) for the provision of Youth Advisory Committee (YAC) services and Youth Leadership Development (YLD) services through the Texas Health and Human Services Commission (HHSC) Family Support Services (FSS) Community Youth Development (CYD) Program, #HHS000841700005.

BACKGROUND

Tarrant County Public Health (TCPH) receives annual grant funding from HHSC for the continuation of the CYD program. CYD provides support services to youth and their families with the goal of curbing juvenile crime in Tarrant County. These supports lead to strengthened connection, engagement, and contribution to the community. Grant funding provides assistance to FSS partners with community-based programs, providing a variety of opportunities to promote positive outcomes for children, youth, and families. Services are provided by sub-awards though reimbursements from the CYD program HHSC grant.

The MHMRTC YAC offers monthly community service-learning projects aimed at developing youth leadership skills. Youth are invited to join YAC after participation in other MHMRTC programs. The Youth Engagement Director (YAC Coordinator) works to build participant's leadership skills through reinforcement of the activities from YLD. MHMRTC has received HHSC FSS CYD Grant Program funding through Tarrant County since 2022.

On April 16, 1996, the Commissioners Court, through Court Order #74131, approved the original CYD Grant Contract with the Department of Family and Protective Services (DFPS) to curb juvenile crime in the 76106 and 76164 ZIP codes. Thereafter, renewals have been made to continue the program.

On August 17, 2021, the Commissioners Court, through Court Order #136109, approved the FY 2022- 2026 Grant Contract with DFPS for the term of September 1, 2021, through August 31, 2026, for funding in an amount not-to-exceed $3,281,250.00 over the term of the contract. In addition, the service area for Tarrant County was expanded to include the 76112 and 76119 ZIP codes. This agreement serves as the base contract for which annual FY funding may be awarded through NOAs

On August 29, 2023, the Commissioners Court, through Court Order #141552, approved FY 2024 Community Service Provider Subrecipient Contract with MHMRTC for the provision of YAC and YLD services in an amount not to exceed $40,072.80, with a term of September 1, 2023, through August 31, 2024.

On August 20, 2024, the Commissioners Court, through Court Order #143688, approved FY 2024 Community Service Provider Subrecipient Contract with MHMRTC for the provision of YAC and YLD services in an amount not to exceed $40,072.80, with a term of September 1, 2024, through August 31, 2025.

On September 1, 2024, the granting agency for CYD funds changed from DFPS to HHSC, and the program changed from PEI to FSS. This contract reflects the new granting agency of HHSC FSS with the same start date of September 1, 2024

With approval of this subrecipient contract, Tarrant County will reimburse MHMRTC an amount not to exceed $40,072.80 in FY 2026 FSS CYD Grant funding for the provision of YAC and YLD services as mentioned above. The funding period for the contract is September 1, 2025, through August 31, 2026.

The Criminal District Attorney's Office has reviewed this document as to form.

FISCAL IMPACT

Funds will be requested for FY2026 in the amount of $87,072.80.

This grant does not require matching funds, allows for indirect costs, and does not include an operating subsidy.

All associated costs to be paid from grant funds in Grant-2004 / F0040-2026 / 5100103000.

PASSED AND APPROVED on September 16, 2025.

    3. public order or decency;
    4. public health, safety, or morals; or
    5. property;
C. An offense under Chapter 481 of the Texas Health and Safety Code (Texas Controlled Substances Act); or
D. Any act or offense that can reasonably be associated with potential risk of harm or loss to the Department and/or its clients based on the job duties or contractual role(s) of the person in question at any time during the contract period.

This disclosure and release is required of all individuals who have, or will have, direct contact with clients and/or access to client records, prior to such contact or access and will be accomplished through the use of:

A. Criminal history background check;
B. DFPS abuse and neglect history check; and
C. Signed disclosure and release by each person attesting to this information, which will be maintained by Contractor, available for review by the County, and renewed at intervals not to exceed 24 months while the contract is in effect.

Service Provider will prevent or promptly remove any employee, subcontractor, or volunteer from direct client contact and/or from access to client records who is alleged to have committed any act or offense listed in this contract. If it is determined with certainty that the person in question has not committed the acts or offenses alleged, that person may again be assigned to direct client contact and/or access to client records. However, the Service Provider will notify the County its intent to do so no later than ten (10) business days prior to the intended reassignment and receive County approval prior to the reassignment. Silence by County will not be construed as approval for this purpose. Service Provider must provide the County with further information concerning the reasons for the reassignment upon the request of the County. If the person in question is found to have committed any of the acts or offenses listed in this contract, that person will not be reassigned to duties involving any direct contact with clients and/or access to client records.

14.7 If an employee has been wrongfully removed, the employee may be reassigned to direct client contact; however, the Service Provider will notify the County at least ten (10) working days prior to the intended reassignment. The Service Provider must provide the County with further information concerning the reasons for the reassignment upon the request of the County. If the employee is found to have committed any of the offenses listed in this paragraph, the employee will not be reassigned to duties involving any direct contact with clients.

14.8 The County has the right to remove from the provision of services, any employee or volunteer of the Service Provider. This right will be exercised in a reasonable manner by the County.

14.11 Service Provider is an independent Service Provider under the terms of this contract and is not an officer, agent, servant or employee of the County.

14.12 If specific qualifications are set forth in job descriptions required by the County, assign personnel meeting those qualifications to those positions unless a written waiver is granted by the County.

14.13 Service provider must submit all required Personnel File documentation for all CYD employees and volunteers (as appropriate) to the County (including: I-9, job description, resume/application, diploma/transcript, and training documentation).

15. CONTRACT INTERPRETATION

15.1 The contract may be amended in writing duly executed by the contracting parties.

15.2 If any provision(s) of this contract will be construed to be illegal or invalid, it will not affect the legality or validity of any of the other provisions hereof, and the illegal or invalid provision will be deemed stricken and deleted here from to the same extent and effect as if never incorporated herein, but all other provisions will continue.

15.3 Force Majeure. The Service Provider will be financially liable for undue delays or failures to perform in contract performance except for any delay in or failure of performance of any requirement caused by force majeure (i.e. those causes generally recognized under Texas law as constituting impossible conditions). Such delays or failures to perform will extend the period of performance at the discretion of the County in the exercise of reasonable diligence until these exigencies have been removed. The Service Provider will inform the County in writing of proof of such force majeure within three (3) business days or otherwise waive this right as a defense. The Service Provider agrees that breach of this provision entitles the County to reduce or stop payments, immediately terminate this contract, collect partial or whole payment for services not timely delivered, other liquidated damages including amount of any bond for contract amount, and any other remedies available to the County under the terms of the contract, in equity or under Texas law.

15.4 It is expressly understood and agreed that enforcement of the terms and conditions of this contract, and all rights of action relating to such enforcement, will be strictly reserved to the parties, and nothing contained in this contract will give or allow any claim or right of action whatsoever by any other person not a party to this contract.

15.5 The County's liability is limited by the Texas Tort Claims Act and nothing in this contract will constitute a waiver of sovereign immunity or of the rights of the County under that Act.

15.6 All contracts and other information submitted to The County may be subject to the Texas Public Information Act, Chapter 552 of the Texas Government Code ("the Act"). If Service Provider submits proprietary or otherwise confidential information to The County, then Service Provider should clearly identify that particular information and the specific exception to disclosure in the Act. Making a blanket claim that an entire submission is protected from disclosure because it contains some proprietary information is not acceptable and will not render the entire proposal confidential. The County assumes no responsibility for asserting legal arguments for Service Provider. Service Provider should consult with legal counsel concerning disclosure issues and take precautions to safeguard trade secrets and other proprietary information. Any information generated as a result of this contract is also subject to the Act, and, as such, must be made available to the County in the manner and format specified by the County upon request.

The Youth Advisory Committee (YAC) will be overseen by the System Director Family Engagement & Groups (YAC Coordinator) and will meet monthly throughout the year, with monthly community service-learning projects aimed at developing the youth's leadership skills. Youth will be invited to join the YAC after their participation in Youth Cafés/WOW Talks (Innovation Grant). Youth will provide input surrounding services, programs, and systems that affect them and assist with meeting the needs of their families. The System Director Family Engagement & Groups (YAC Coordinator) will build their capacity to increase and practice their leadership skills through reinforcement of the activities from YLD.

YAC members will elect officers. These officers will facilitate all YAC meetings, complete YAC duties (listed below), and plan monthly community service-learning projects.

Describe the process for ensuring YAC members will be provided opportunities to serve in leadership roles in the community:

Q1-Q4:
Youth will have the ability to engage in outreach efforts and monthly community service-learning projects to be determined by the YAC members with guidance from the System Director Family Engagement & Groups (YAC Coordinator) and ~~the Director for Family Engagement~~ and Groups.

YAC students will complete the following responsibilities:

- YAC members attend youth leader Community Collaborative Committee (CCC) meetings quarterly.
- Perform at least one community project to gather information for our CYD Community Strengths and Needs Assessment (examples: community surveys, youth forums, parent forums, community leader interviews, mapping projects, etc.)
- Provide outreach and awareness for CYD to the community.
- Two YAC members participate in the CYD Review Committee during Tarrant County competitive procurement for CYD subawardees.
- Plan and lead annual CYD Vision Awards Ceremony in April and CYD Youth Leadership Workshops in Q4.

Q4:
Six YAC students (three male and three female), along with one male chaperone and one female chaperone, will attend the annual state-wide CYD Youth Summit.

Describe your process for planning participation in the annual Youth Summit, including recruitment, and ensuring expectations for involvement and engagement are met:

CYD Project Manager will attend all Youth Summit planning sessions as appropriate (calls/webinars/meetings) to ensure all information is received and tasks are completed throughout the year. CYD Project Manager will communicate with YAC Coordinator on a monthly basis through monthly desk reviews, and more frequently as needed to ensure communication is timely and effective. Youth Summit is planned and discussed throughout the year. Youth are introduced to the Youth Summit at the beginning of each fiscal year, and look forward to participating during each summer. Outstanding YAC officers and youth leaders are selected for the Youth Summit based on participation, leadership skills, and schedule availability. YAC Coordinator is required to attend all planning sessions and ensure full youth participation in the Youth Summit, as well as all planning sessions/events.

The YAC Coordinator attends planning calls and the planning weekend with the YAC representative. The YAC Coordinator chooses the best method to communicate with youth and updates them on deadlines and requirements at each YAC meeting leading up to the Youth Summit. The YAC Coordinator and Director of Family Engagement and Groups manage registration deadlines, booking transportation, and choosing youth who are actively engaged in YAC and YLD sessions to attend the summit. They also actively participate with youth at the summit.

Six youth (three males and three females) who are heavily involved in YAC will attend the CYD Youth Summit, accompanied by at least two chaperones. Youth who attend will be expected to participate in the Summit's activities and network with other YAC members across the state. Participation will be monitored by the attending chaperones.

   The Habitudes for Social and Emotional Learning curriculum uses memorable imagery, real-life stories and practical experiences to teach timeless emotional skills in a way that is relevant to students today. Students are constantly using images to communicate via emojis, Instagram, and Snapchat. This curriculum utilizes their favorite language to bridge the gap between learning and real-life applications.
   - Develop habits of self-discipline and initiative
   - Implement time management skills to do what really counts
   - Plan for personal growth outside the classroom
   - Identify their unique strengths and passions for a healthy self-image

Making Sense of Your Worth (MSOYW) will be used for Leadership skills classes:
This comprehensive eight-week program integrates personal growth with leadership development, guiding participants to discover their intrinsic value while examining leadership principles and practices. The course combines:

1. Self-worth exploration: Participants work to replace false beliefs with truths about their inherent value, healing from past experiences that contributed to low self-esteem.
2. Leadership fundamentals: An examination of leadership history, philosophies, characteristics, and styles through self-assessments, case studies, and personalized philosophy development.
3. Skill-building: Practical activities in a supportive environment to develop crucial leadership skills such as communication, team building, conflict resolution, goal-setting, and problem-solving.

FAMILY AND PRIMARY CAREGIVER ENGAGEMENT

Please outline your plan for how families and primary caregivers will be engaged in the CYD program.

What strategies will be used to demonstrate a commitment to the meaningful involvement of Families and Primary Caregivers in CYD?

Parents of youth leaders will attend monthly family engagement activities, such as Parent Cafés and Cooking up Connections. Parent Cafés will be provided once a quarter for all parents of youth leaders. We will advertise to youth and their parents who attend schools that are in ZIP codes 76106, 76164, 76112 and 76119. Each Parent Café session includes a self-commitment note card that focuses on the theme for that session. The parent completes a pre-determined sentence on the note card with an individualized commitment and self-addresses the envelope. The sealed envelopes are collected, and MHMR staff stamp and mail them about four weeks from the Parent Café session date. This helps the parent remember the commitment and hold themselves accountable to the action plan they create based on the theme for that Parent Café session.

This program will engage parents of youth leaders. Parent engagement is built in by providing an activity prior to the Parent and Youth Cafés that include interaction between the youth and parent/caregiver, such as cooking (Grow Live

Describe plans to alleviate barriers to engagement and participation. Outreach and retention plans should include consideration of community context such as Youth with the potential to be underrepresented in programming such as young men or Youth of color.

MHMR remains strongly connected with membership and staff participation in coalitions and community systems across our service delivery area, including: ACEs (Adverse Childhood Experiences) Task Force - Tarrant County, Arlington Resource Sharing Group - affiliated with United Way of Tarrant County, Community Resource Coordination Group - Tarrant County, Family Connection of Tarrant County, Intellectual and Developmental Disabilities Council of Tarrant County, Mental Health Connection of Tarrant County, MHC Cultural Connection Committee, MHC Workforce Committee, and Tarrant Cares. These strong connections will help to build trust among the families and youth in the target ZIP codes.

Describe accessibility of programming to Youth. Applicant must offer programming at times and places that meet the needs of local Youth.

All services will be held at locations, days, and times most convenient for families and youth. This includes evenings and weekends.

Describe how transportation needs will be met. Address any Youth transportation barriers or needs, and how you will coordinate or provide transportation of Youth to participate in CYD program activities.

Transportation is a budget item and will be provided if program locations are not accessible to parents or youth. Locations will be selected based on easy access for parents and youth.

Describe how the program will assist in reducing juvenile delinquency or crime, how it will positively develop and enhance the lives of youth and their families, and what impact the program will have on the community.

YAC and YLD create opportunities and environments for strengthening the five Protective Factors. These factors increase the ability of parents and youth to feel safe, to be heard, to build social connections, to start healing from

difficult experiences, and to learn to handle stress in healthy ways. When protective factors are strengthened, then negative influences and behaviors, like delinquency and crime, decrease. The community benefits as it gains members that are more compassionate and respectful and able to contribute to the community effectively.
Describe any established community partners (including program sites, Youth referrals, special events, etc.).
MHMR has many established community partners that serve families and youth in the targeted ZIP codes, including but not limited to Fort Worth ISD, Family Resource Centers, Boys & Girls Clubs, and community recreation centers. MHMR and these sites collaborate and share events, referrals, and other common purposes. HelpMeThrive Navigation support CYD functions as well.
Describe the procedures or processes for enrollment, including how a Youth's eligibility will be assessed. Include information on any screening and assessment instruments your program will use to determine eligibility, needs, and strengths. Include details on the completion of CYD forms and action plans. Include your process for obtaining a new CYD Data Authorization Form annually for each Participant. Include your process for completion of Developmental Assets Profile (DAP) pre-surveys for Youth ages 10-17 years old.
Flyers will be distributed to schools, Family Resource Centers, community and recreation centers, and Boys & Girls Clubs in the CYD ZIP codes. MHMR social media and website will also post the flyers. The flyer will give the location, dates and times of services provided, as well as registration instructions and contact information for staff. Youth ages 10-17 years and their parents who live in and/or attend school in the targeted ZIP codes are eligible to participate in Youth and Parent Cafés, as well as YAC and YLD services as youth leaders. Staff will be responsible for assisting the parents and youth in the completion of all required CYD forms. Each café will incorporate time to ensure all forms and café evaluations are completed. Electronic forms will be offered if virtual cafes are needed.
List any additional assessment tools or surveys that will be utilized during programming (e.g. curriculum surveys, organizational surveys, etc.).
MHMR will follow all HHSC policies and procedures, and utilize all assessment tools or surveys provided. Developmental Assets Profile will be used for all CYD pre/post surveys. Pre-surveys will be completed by all youth when entering the program or at the beginning of each fiscal year. Post-surveys will be completed when youth exit the program or at the end of the school year or summer. Program Experience Surveys will be completed for youth closed or exiting the program. Each participant in a parent café completes a post-café survey/evaluation. Responses and feedback will be collected, reviewed, and aggregated.
Outline retention plans. If incentives will be used to support retention, describe plans for incentives, including the types of incentives to be provided, the intervals in the program at which the incentives will they be given, and what added benefit the incentives provide to the client.
Retention will be established through developing ongoing relationships with youth, youth leaders, parents/caregivers, and referral sources and supports. While the program does not currently offer formal incentives tied to specific benchmarks or timepoints, engagement and retention will be supported through thoughtful scheduling, consistent communication, and the creation of welcoming, family-centered environments. Staff will continue to assess the potential for future use of incentives based on participant feedback and program capacity. The emphasis remains on reducing barriers and fostering strong, trusting relationships that encourage sustained involvement from both youth and families.
Describe how Youth are referred to other needed supports when a Participant would benefit from additional programming or supports or when program is at capacity. Include how referrals to other programs or providers are documented, tracked, and supported.
Staff will assist with referring parents and youth to needed resources using the Help Me Thrive phone line, 211, Tarrant Cares, and other resource contacts. If families or youth are eligible for services provided by MHMR, staff will assist with making those referrals internally.

Staff will keep a spreadsheet with the names of participants, resources provided to participants, and if needed, date referrals are made and to which program. Staff will follow up with the family or youth after the resource has been given or referral made to ensure access has occurred.
Describe Participant activity documentation system(s), processes, and procedures. Include a description of how documentation is maintained and utilized to support program activities, as well as information that will be required in Participant file or activity notes.
Each YAC meeting, YLD class or activity, as well as Youth and Parent Cafés require sign-in sheets, which are scanned into an internal electronic folder.
Describe how program completion for Participants will be determined, as well as processes and procedures for Participant closure and any follow-up. Include details of Participant closure documentation, Developmental Assets Profile (DAP) post-surveys, and administration of the Program Experience Survey.
Families and youth are welcome to attend as many cafés as they desire. Once youth leaders are selected for YAC and YLD, they are also welcome to attend as many meetings, classes, and activites as they desire. There is no limit or "completion." Evaluation surveys are required to be completed by each participant at the conclusion of each café in order to meet fidelity. In addition, the Program Experience Survey will be completed at the conclusion of each café series.
Outline plans to sustain programming beyond the five-year Period of Performance.
MHMR continually seeks funds from national, state, local, public, and private sources to support its programs and services. Continuation of the Youth Leadership Development program is a priority for MHMR, as well as seeking funds for expansion into other ZIP codes.

ORGANIZATIONAL COMPETENCE
Describe strategies program will use in acknowledging and respecting the diversity of Youth and Families, including their cultural traditions, languages, values, socio-economic status, family structures, sexuality, gender identification, religion, individual abilities and other aspects.
MHMR prioritizes cultural competency in all of its programs to ensure that science-based information and high-quality services are delivered to all clients. Through the establishment of Community Advisory Committees (CACs), MHMR has created and implemented a communications strategy and a racial equity workgroup to assist with learning, evaluating existing data, and addressing equitable cultural practices. Client demographic data has been disaggregated by race to complement and develop strategies to address disparities. MHMR ensures that all systems of care services and treatments are family driven; individualized, strengths-based, and evidence-informed; trauma-informed; youth guided; culturally and linguistically competent; provided in the least restrictive environment; community-based; accessible; and collaborative across an interagency network. MHMR is an Equal Opportunity Employer and all its services are provided to individuals regardless of race, religion, gender or ability.
Describe diversity within organizational leadership and plans to increase diverse backgrounds and demographics of board members or other leadership during the grant period.
MHMR leadership is committed to fostering a collaborative and inclusive organizational culture. An agency-wide steering committee, aligned with MHMR's We CARE values, supports initiatives that enhance recruitment, performance management, leadership development, employee engagement, and retention. In 2019, MHMR appointed a Senior

Director within Human Resources to lead these efforts. Since 2020, a rotating workgroup of representatives has contributed to the steering committee's ongoing work.

The committee and a dedicated manager regularly engage with staff and leadership to promote open dialogue and provide recommendations to the Executive Leadership Team. These efforts aim to strengthen organizational culture and ensure that leadership reflects a broad range of experiences and perspectives. In 2021, MHMR conducted a voluntary internal survey to better understand the composition and viewpoints of its workforce. The insights gained continue to inform strategies for recruitment, hiring, and retention, with a focus on building a leadership team that mirrors the communities served.

STATE OF TEXAS	§	**323RD DISTRICT COURT CONTRACT**
	§	**FOR JUVENILE FORENSIC**
	§	**ASSESSMENT SERVICES WITH**
COUNTY OF TARRANT	§	**MONICA JETER, PSY.D.**

BACKGROUND

This Contract for services is between **Tarrant County, Texas**, hereinafter referred to as ("COUNTY"), and **Monica Jeter, Psy.D.**, hereinafter referred to as ("PROVIDER"), for the provision of **Juvenile Forensic Assessment Services**. The Commissioners Court finds that this Contract serves a public purpose for the provision of providing forensic assessment services for clients supervised by Tarrant Juvenile Services and/or under jurisdiction of the 323rd District Court.

CONTRACT FOR SERVICES

1 SCOPE OF SERVICES

PROVIDER agrees to the following:

1.1 Provide all services as described in the accepted proposal (incorporated by reference) under RFQ 2023-141.

1.2 PROVIDER agrees to conduct the following assessments for COUNTY:

1.2.1 Standard Evaluation

1.2.2 Fitness to Proceed Evaluation

1.2.3 Psychosexual Evaluation

1.2.4 Discretionary Transfer (Adult Certification)

1.3 The Standard Psychological Evaluation should provide information about a youth's diagnosis, treatment needs and/or level of intellectual functioning. Given the prevalence of adverse childhood experiences, substance abuse, and learning difficulties contributing to emotional and behavioral issues among the juvenile justice population, these domains should be thoroughly assessed. The results of the evaluation are needed to assist in disposition decisions by the court or in case planning in order to provide the most appropriate interventions available while the youth is being served by the probation department. This type of evaluation should not include inquiry or discussion of any pending offenses with the youth. In order to answer the referral question, the psychological evaluation will typically need to include the following:

1.3.1 Clinical interview with youth;

1.3.2 Clinical interview with parent/guardian

1.3.3 Collateral contacts where possible (e.g., contact with therapists or probation officers, etc.);

1.3.4 Comprehensive assessment of intellectual abilities (e.g., WISC-V or RIAS-2));

1.3.5 Estimate of academic achievement (e.g., WRAT-4 including all subtests);

1.3.6 Personality assessment and problem-specific measures, as appropriate;

1.3.7 DSM-5 diagnostic formulation, including any substance abuse diagnoses;

1.3.8 Treatment recommendations including the recommended type of treatment and most appropriate level of care (e.g., outpatient, residential, etc..) as well as prognosis (including identification of any individual or systemic issues that may impact treatment planning, as well as recommendations to address potential barriers to treatment); and

1.3.9 If the youth has a history of arson, the evaluation should also include an opinion on the youth's propensity for future fire-setting as well as an explanation of the basis for the opinion.

1.4 Specialized evaluations require specialized skills or credentials of the evaluator as well as often requiring variations in the assessment procedures or use of specialized assessment tools. It is expected that clinicians will address the specific referral questions according to current professional standards of practice.

1.4.1 Fitness to Proceed Evaluations – The purpose of evaluation is to determine if the child has a mental illness or intellectual disability that interferes with his/her "capacity to understand the proceeding in juvenile court or to assist in the child's own defense" (Texas Family Code §55.31). Evaluations must consider relevant factors required in Texas Family Code 55.31 (d) and report must comply with requirements in 55.31 (e). Traditional assessment measures may be needed to establish diagnoses but will not be sufficient to answer the specific forensic question;

1.4.2 Lack of Responsibility for Conduct – Evaluation is to determine if, at the time of alleged offenses was committed, the youth lacked the substantial capacity to appreciate the wrongfulness of the conduct or to conform his/her conduct to the requirements of the law (Texas Family Code §55.51) as a result of mental illness or intellectual disability. Traditional assessment measures may be needed to establish diagnoses but will not be sufficient to answer the specific forensic question. Specific interview questions or specialized assessment measures focused on issues related to responsibility for conduct are necessary; and

1.4.3 Psychosexual Evaluations – Evaluation is to determine the youth's risk for sexual recidivism and to provide a recommendation to the court and the most appropriate type and intensity of intervention. Evaluation typically requires all components of the standard psychological evaluation described above as well as specific assessment of risk factors associated with sexual recidivism. Protective factors in the youth and/or family should also be identified and included in the evaluation results.

1.5 Discretionary Transfer (Certification) Evaluations - Evaluations are requested in order to assist the court in cases where a petition for Discretionary Transfer to Criminal Court (Texas Family Code §54.02) has been filed. The primary questions to be answered in these evaluations are related to the level of sophistication and maturity of the child, the level of risk the child poses to the community and the child's amenability to treatment within the juvenile system. This typically requires all components of the standard psychological evaluation above, as well as more extensive collateral contacts and specific forensic measures related to risk of re-offending and treatment amenability.

1.6 Bilingual Evaluations- Assessments of a youth whose primary language is not English. The specific referral question could fall into any of the other categories. It is preferable that these evaluations be conducted fully in the youth's primary language, including the use of assessment measures validated for use with non-English speaking populations.

1.7 PROVIDER will conduct assessments at the Juvenile Center at 2701 Kimbo Road, unless otherwise specified. COUNTY will provide all available client background information as well as the specific reason for referral prior to the scheduled evaluation.

1.8 PROVIDER agrees to general reports sections and appropriate sub-headings within these sections as follows:

1.8.5.2 Academic Achievement Testing

1.8.5.3 Emotional / Personality Testing

1.8.5.4 Any other specific categories included

1.8.6 DSM-5 Diagnosis; and

1.8.7 Summary and Recommendations should include the following:

1.8.7.1 Recommendations should be numbered or bulleted.

1.8.7.2 Appropriate interventions and described type(s) of intervention and appropriate level of intensity, rather than naming specific programs. If PROVIDER determines that it is unlikely that the type of intervention is available, notation of such should be included in the report.

1.9 The PROVIDER may utilize supervised clinicians to conduct a portion of the testing, provided that the PROVIDER meets directly with the juvenile and PROVIDER is responsible for the evaluation and final report, including any required courtroom testimony. Final reports should specify any portion of the evaluation conducted by supervised clinician as well as providing the name, title and credentials of that person.

1.10 Once PROVIDER submits to COUNTY the report, any further consultation services must be facilitated through COUNTY.

STATE OF TEXAS	§	**323RD DISTRICT COURT CONTRACT**
	§	**FOR JUVENILE FORENSIC**
	§	**ASSESSMENT SERVICES WITH**
COUNTY OF TARRANT	§	**Lara Hastings PsyD PA**

BACKGROUND

This Contract for services is between Tarrant County, Texas, hereinafter referred to as ("COUNTY"), and Lara Hastings PsyD PA, hereinafter referred to as ("PROVIDER"), for the provision of Juvenile Forensic Assessment Services. The Commissioners Court finds that this Contract serves a public purpose for the provision of providing forensic assessment services for clients supervised by Tarrant Juvenile Services and/or under jurisdiction of the 323rd District Court.

CONTRACT FOR SERVICES

1 SCOPE OF SERVICES

PROVIDER agrees to the following:

1.1 Provide all services as described in the accepted proposal (incorporated by reference) under RFQ 2023-141.

1.2 PROVIDER agrees to conduct the following assessments for COUNTY:

1.2.1 Standard Evaluation

1.2.2 Fitness to Proceed Evaluation

1.2.3 Psychosexual Evaluation

1.3 The Standard Psychological Evaluation should provide information about a youth's diagnosis, treatment needs and/or level of intellectual functioning. Given the prevalence of adverse childhood experiences, substance abuse, and learning difficulties contributing to emotional and behavioral issues among the juvenile justice population, these domains should be thoroughly assessed. The results of the evaluation are needed to assist in disposition decisions by the court or in case planning in order to provide the most appropriate interventions available while the youth is being served by the probation department. This type of evaluation should not include inquiry or discussion of any pending offenses with the youth. In order to answer the referral question, the psychological evaluation will typically need to include the following:

1.3.1 Clinical interview with youth;

1.3.2 Clinical interview with parent/guardian

1.3.3 Collateral contacts where possible (e.g., contact with therapists or probation officers, etc.);

1.3.4 Comprehensive assessment of intellectual abilities (e.g., WISC-V or RIAS-2));

1.3.5 Estimate of academic achievement (e.g., WRAT-4 including all subtests);

1.3.6 Personality assessment and problem-specific measures, as appropriate;

1.3.7 DSM-5 diagnostic formulation, including any substance abuse diagnoses;

1.3.8 Treatment recommendations including the recommended type of treatment and most appropriate level of care (e.g., outpatient, residential, etc..) as well as prognosis (including identification of any individual or systemic issues that may impact treatment planning, as well as recommendations to address potential barriers to treatment); and

1.3.9 If the youth has a history of arson, the evaluation should also include an opinion on the youth's propensity for future fire-setting as well as an explanation of the basis for the opinion.

1.4 Specialized evaluations require specialized skills or credentials of the evaluator as well as often requiring variations in the assessment procedures or use of specialized assessment tools. It is expected that clinicians will address the specific referral questions according to current professional standards of practice.

1.4.1 Fitness to Proceed Evaluations – The purpose of evaluation is to determine if the child has a mental illness or intellectual disability that interferes with his/her "capacity to understand the proceeding in juvenile court or to assist in the child's own defense" (Texas Family Code §55.31). Evaluations must consider relevant factors required in Texas Family Code 55.31 (d) and report must comply with requirements in 55.31 (e). Traditional assessment measures may be needed to establish diagnoses but will not be sufficient to answer the specific forensic question;

1.4.2 Lack of Responsibility for Conduct – Evaluation is to determine if, at the time of alleged offenses was committed, the youth lacked the substantial capacity to appreciate the wrongfulness of the conduct or to conform his/her conduct to the requirements of the law (Texas Family Code §55.51) as a result of mental illness or intellectual disability. Traditional assessment measures may be needed to establish diagnoses but will not be sufficient to answer the specific forensic question. Specific interview questions or specialized assessment measures focused on issues related to responsibility for conduct are necessary; and

1.4.3 Psychosexual Evaluations – Evaluation is to determine the youth's risk for sexual recidivism and to provide a recommendation to the court and the most appropriate type and intensity of intervention. Evaluation typically requires all components of the standard psychological evaluation described above as well as specific assessment of risk factors associated with sexual recidivism. Protective factors in the youth and/or family should also be identified and included in the evaluation results.

1.5 Discretionary Transfer (Certification) Evaluations - Evaluations are requested in order to assist the court in cases where a petition for Discretionary Transfer to Criminal Court (Texas Family Code §54.02) has been filed. The primary questions to be answered in these evaluations are related to the level of sophistication and maturity of the child, the level of risk the child poses to the community and the child's amenability to treatment within the juvenile system. This typically requires all components of the standard psychological evaluation above, as well as more extensive collateral contacts and specific forensic measures related to risk of re-offending and treatment amenability.

1.6 Bilingual Evaluations- Assessments of a youth whose primary language is not English. The specific referral question could fall into any of the other categories. It is preferable that these evaluations be conducted fully in the youth's primary language, including the use of assessment measures validated for use with non-English speaking populations.
